

PRELIMINARY OFFICIAL STATEMENT DATED AUGUST 24, 2017

NEW ISSUE

TAX ANTICIPATION NOTES

In the opinion of Hawkins Delafield & Wood LLP, Bond Counsel to the District, under existing statutes and court decisions and assuming continuing compliance with certain tax certifications described herein, (i) interest on the Notes is excluded from gross income for Federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and (ii) interest on the Notes is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code; such interest, however, is included in the adjusted current earnings of certain corporations for purposes of calculating the alternative minimum tax imposed upon such corporations. In addition, in the opinion of Bond Counsel to the District, under existing statutes, interest on the Notes is exempt from personal income taxes of New York State and its political subdivisions, including The City of New York. See "Tax Matters" herein.

The District will designate the Notes as "qualified tax-exempt obligations" pursuant to the provisions of Section 265(b)(3) of the Code.

**BRIDGEHAMPTON UNION FREE SCHOOL DISTRICT
SUFFOLK COUNTY, NEW YORK**

**\$4,500,000* TAX ANTICIPATION NOTES FOR 2017 – 2018 TAXES
(the "Notes")**

Date of Issue: September 19, 2017

Maturity Date: June 27, 2018

The Notes are general obligations of the Bridgehampton Union Free School District, in Suffolk County, New York (the "District"), and will contain a pledge of the faith and credit of the District for the payment of the principal of and interest on the Notes and, unless paid from other sources, the Notes are payable from ad valorem taxes which may be levied upon all the taxable real property within the District, subject to certain statutory limitations. (See "*The Tax Levy Limit Law*" herein).

The Notes will not be subject to redemption prior to maturity.

At the option of the purchaser, the Notes will be issued in (i) registered form registered in the name of the successful bidder(s) or (ii) registered book-entry form registered to Cede & Co., as the partnership nominee for The Depository Trust Company, New York, New York ("DTC").

If the Notes are issued in registered form registered in the name of the successful bidder, a single note certificate will be issued for those Notes bearing the same rate of interest in the aggregate principal amount awarded to such purchaser at such interest rate. Principal of and interest on such Notes will be payable in Federal Funds by the District, at such bank or trust company located and authorized to do business in the State of New York as selected by the successful bidders.

If the Notes are issued in book-entry form, such notes will be delivered to DTC, which will act as securities depository for the Notes. Beneficial owners will not receive certificates representing their interest in the Notes. Individual purchases may be made in denominations of \$5,000 or integral multiples thereof. A single note certificate will be issued for those Notes bearing the same rate of interest and CUSIP number in the aggregate principal amount awarded to such purchaser(s) at such interest rate. Principal of and interest on said Notes will be paid in Federal Funds by the District to Cede & Co., as nominee for DTC, which will in turn remit such principal and interest to its participants for subsequent distribution to the beneficial owners of the Notes as described herein. Transfer of principal and interest payments to beneficial owners by participants of DTC will be the responsibility of such participants and other nominees of beneficial owners. The District will not be responsible or liable for payments by DTC to its participants or by DTC participants to beneficial owners or for maintaining, supervising or reviewing the records maintained by DTC, its participants or persons acting through such participants. (See "*Book-Entry-Only System*" herein).

Proposals for the Notes will be received at 11:00 A.M. (Prevailing Time) on September 7, 2017 at the offices of Munistat Services, Inc., 12 Roosevelt Avenue, Port Jefferson Station, New York 11776.

The Notes are offered subject to the final approving opinion of Hawkins Delafield & Wood LLP, New York, New York, Bond Counsel, and certain other conditions. Munistat Services, Inc. has served as Financial Advisor to the District in connection with the issuance of the Notes. It is expected that delivery of the Notes will be made in New York, New York or as otherwise agreed on or about September 19, 2017.

THIS PRELIMINARY OFFICIAL STATEMENT IS IN A FORM "DEEMED FINAL" BY THE DISTRICT FOR THE PURPOSES OF SECURITIES AND EXCHANGE COMMISSION RULE 15c2-12 (THE "RULE"). FOR A DESCRIPTION OF THE DISTRICT'S AGREEMENT TO PROVIDE CONTINUING DISCLOSURE FOR THE BONDS AND THE NOTES, AS DESCRIBED IN THE RULE, SEE "DISCLOSURE UNDERTAKING" HEREIN.

Relating To

\$4,500,000* TAX ANTICIPATION NOTES FOR 2017 – 2018 TAXES

(the "Notes")

This Official Statement, including the cover page and appendix hereto, presents certain information relating to the Bridgehampton Union Free School District in the County of Suffolk, State of New York (the "District," "County" and "State," respectively) in connection with the sale of \$4,500,000* Tax Anticipation Notes for 2017-2018 Taxes (the "Notes").

All quotations from and summaries and explanations of provisions of the Constitution and laws of the State and acts and proceedings of the District contained herein do not purport to be complete and are qualified in their entirety by reference to the official compilations thereof and all references to the Notes and the proceedings of the District relating thereto are qualified in their entirety by reference to the definitive form of the Notes and such proceedings.

THE NOTES

Description

The Notes will be dated and will mature, without option of prior redemption, as reflected on the cover page hereof.

The District will act as Paying Agent for any Notes. Paying agent fees, if any, will be paid by the purchaser(s). The District's contact information is as follows: Robert Hauser, CPA, Assistant Superintendent for Finance and Facilities, Bridgehampton Union Free School District, PO Box 3021, 2685 Montauk Highway, Bridgehampton, NY 11932, Phone (631) 537-0271, Fax (631) 537-9038 and email: rhauser@bridgehampton.k12.ny.us.

Optional Redemption

The Notes will not be subject to redemption prior to their maturity.

Book-entry-only System

In the event that the Notes are issued in registered book-entry form, DTC will act as securities depository for the Notes and the Notes will be issued as fully-registered Notes registered in the name of Cede & Co., (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered note certificate will be issued for each Note bearing the same rate of interest and CUSIP number and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's

*Preliminary, subject to change.

participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of the Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Notes on DTC’s records. The ownership interest of each actual purchaser of each bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Notes, except in the event that use of the book-entry system for the Notes is discontinued.

To facilitate subsequent transfers, all Notes deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Notes; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Notes unless authorized by a Direct Participant in accordance with DTC’s MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts the Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC’s practice is to credit Direct Participants’ accounts upon DTC’s receipt of funds and corresponding detail information from the District, on payable date in accordance with their respective holdings shown on DTC’s records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name,” and will be the responsibility of such Participant and not of DTC or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Notes at any time by giving reasonable notice to the District. Under such circumstances, in the event that a successor depository is not obtained, bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the accuracy thereof.

Authorization for and Purpose of Notes

The Notes are issued pursuant to the Constitution and laws of the State, including Sections 24.00 and 39.00 of the Local Finance Law, constituting Chapter 33-a of the Consolidated Laws of New York, and a tax anticipation note resolution adopted by the Board of Education of the District to finance cash flow requirements in anticipation of the collection of 2017-2018 real property taxes levied for school purposes on all taxable real property in the District. The proceeds of the Notes may be used only for the purposes for which such taxes have been or are to be levied, as specified in the 2017-2018 annual budget of the District, unless all of said purposes have been paid and satisfied, in which case the proceeds of the notes may be used for any lawful school purpose. The proceeds of the Notes will not be used for the redemption or renewal of any outstanding tax anticipation or revenue anticipation notes.

Pursuant to Section 24.00(e) of the Local Finance Law, generally, whenever the amount of the Notes and any additional tax anticipation notes issued by the District in anticipation of the receipt of 2017-2018 real property taxes equals the amount of such taxes remaining uncollected, the District is required to set aside in a special bank account all of such uncollected taxes as thereafter collected, and to use the amounts so set aside only for the purpose of paying such Notes. Interest on the Notes will be provided from budget appropriations.

Security and Source of Payment

Each Note when duly issued and paid for will constitute a contract between the District and the holder thereof.

The Notes will be general obligations of the District and will contain a pledge of the faith and credit of the District for the payment of the principal thereof and the interest thereon. For the payment of such principal of and interest on the Notes, the District has the power and statutory authorization to levy ad valorem taxes on all taxable real property in the District, subject to certain statutory limitations imposed by the Chapter 97 of the New York Laws of 2011, as amended, ("The Tax Levy Limit Law"). (See "*Tax Levy Limit Law*" herein).

Under the Constitution of the State, the District is required to pledge its faith and credit for the payment of the principal of and interest on the Notes, and the State is specifically precluded from restricting the power of the District to levy taxes on real estate for the payment of interest on or principal of indebtedness therefore contracted. However, the Tax Levy Limit Law, imposes a limitation on the power of local governments and school districts, including the District, to increase their annual tax levy, with the amount of such year to year increase limited by the formulas set forth in the Tax Levy Limit Law. The Tax Levy Limit Law also provides the procedural method to overcome that limitation. In addition, the Tax Levy Limit Law expressly provides an exclusion from the annual tax levy limitation for any taxes levied to pay the local share of debt service on bonds or notes issued to finance voter approved capital expenditures, or the refinancing or refunding of such bonds or notes. The exclusion does NOT apply to taxes to pay debt service on tax anticipation notes, including the Notes, revenue anticipation notes, budget notes and deficiency notes; and any obligations issued to finance deficits and certain judgments, including tax certiorari refund payments. (See "*The Tax Levy Limit Law*" herein.)

REMEDIES UPON DEFAULT

Neither the Notes, nor the proceedings with respect thereto, specifically provide any remedies which would be available to owners of the Notes should the District default in the payment of principal of or interest on the Notes, nor do they contain any provisions for the appointment of a trustee to enforce the interests of the owners of the Notes upon the occurrence of any such default. The Notes are general obligation contracts between the District and the owners for which the faith and credit of the District are pledged and while remedies for enforcement of payment are not expressly included in the District's contract with such owners, any permanent repeal by statute or constitutional amendment of a bondholder's and/or noteholder's remedial right to judicial enforcement of the contract should, in the opinion of Bond Counsel, be held unconstitutional.

Upon default in the payment of principal of or interest on the Notes at the suit of the owner, a Court has the power, in proper and appropriate proceedings, to render judgment against the District. The present statute limits interest on the amount adjudged due to contract creditors to nine per centum per annum from the date due to the date of payment. As a general rule, property and funds of a municipal corporation serving the public welfare and interest have not been judicially subjected to execution or attachment to satisfy a judgment. A Court also has the power, in proper and appropriate proceedings, to order payment of a judgment on such bonds or notes from funds lawfully available therefor or, in the absence thereof, to order the District to take all lawful action to obtain the same, including the raising of the required amount in the next annual tax levy. In exercising its discretion as to whether to issue such an order, the Court may take into account all relevant factors, including the current operating needs of the District and the availability and adequacy of other remedies. Upon any default in the payment of the principal of or interest on the Notes, the owner of such Notes could, among other remedies, seek to obtain a writ of mandamus from a Court ordering the governing body of the District to assess, levy and collect an ad valorem tax, upon all taxable property of the District subject to taxation by the District sufficient to pay the principal of and interest on the Notes as the same shall come due and payable (and interest from the due date to date of payment) and otherwise to observe the covenants contained in the Notes and the proceedings with respect thereto all of which are included in the contract with the owners of the Notes. The mandamus remedy, however, may be impracticable and difficult to enforce. Further, the right to enforce payment of the principal of or interest on the Notes may be limited by bankruptcy, insolvency, reorganization, moratorium and similar laws and equitable principles, which may limit the specific enforcement of certain remedies.

In 1976, the New York Court of Appeals, the State's highest court, held in *Flushing National Bank v. Municipal Assistance Corporation for the City of New York*, 40 N.Y.2d 731 (1976), that the New York State legislation purporting to postpone the payment of debt service on New York City obligations was an unconstitutional moratorium in violation of the New York State constitutional faith and credit mandate included in all municipal debt obligations. While that case can be viewed as a precedent for protecting the remedies of Noteholders, there can be no assurance as to what a Court may determine with respect to future events, including financial crises as they may occur in the State and in municipalities of the State, that require the exercise by the State of its emergency and police powers to assure the continuation of essential public services. (See also, *Flushing National Bank v. Municipal Assistance Corporation for the City of New York*, 41 N.Y.2d 644 (1977), where the Court of Appeals described the pledge as a direct Constitutional mandate.)

As a result of the Court of Appeals decision, the constitutionality of that portion of Title 6-A of Article 2 of the Local Finance Law enacted at the 1975 Extraordinary Session of the State legislature authorizing any county, city, town or village with respect to which the State has declared a financial emergency to petition the State Supreme Court to stay the enforcement against such municipality of any claim for payment relating to any contract, debt or obligation of the municipality during the emergency period, is subject to doubt. In any event, no such emergency has been declared with respect to the District.

Pursuant to Article VIII, Section 2 of the State Constitution, the District is required to provide an annual appropriation of monies for the payment of due and payable principal of and interest on indebtedness. Specifically, this constitutional provision states: "If at any time the respective appropriating authorities shall fail to make such appropriations, a sufficient sum shall be set apart from the first revenues thereafter received and shall be applied to such purposes. The fiscal officer of any county, city, town, village or school district may be required to set aside and apply such revenues as aforesaid at the suit of any holder of obligations issued for any such indebtedness." This constitutes a specific non-exclusive constitutional remedy against a defaulting municipality or school district; however, it does not apply in a context in which monies have been appropriated for debt service but the appropriating authorities decline to use such monies to pay debt service. However, Article VIII, Section 2 of the Constitution of the State also provides that the fiscal officer of any county, city, town, village or school district may be required to set apart and apply such revenues at the suit of any holder of any obligations of indebtedness issued with the pledge of the faith of the credit of such political subdivision. In *Quirk v. Municipal Assistance Corp.*, 41 N.Y.2d 644 (1977), the Court of Appeals described this as a "first lien" on revenues, but one that does not give holders a right to any particular revenues. It should thus be noted that the pledge of the faith and credit of a political subdivision in the State is a pledge of an issuer of a general obligation bond or note to use its general revenue powers, including, but not limited to, its property tax levy, to pay debt service on such obligations, but that such pledge may or may not be interpreted by a court of competent jurisdiction to include a constitutional or statutory lien upon any particular revenues. The Constitutional provision providing for first revenue set asides does not apply to tax anticipation notes (including the Notes), revenue anticipation notes or bond anticipation notes.

While the courts in the State have historically been protective of the rights of holders of general obligation debt of political subdivisions, it is not possible to predict what a future court might hold.

In prior years, certain events and legislation affecting a holder's remedies upon default have resulted in litigation. While courts of final jurisdiction have generally upheld and sustained the rights of bondholders and/or noteholders, such courts might hold that future events, including a financial crisis as such may occur in the State or in political subdivisions of the State, may require the exercise by the State or its political subdivisions of emergency and police powers to assure the continuation of essential public services prior to the payment of debt service.

SECTION 99-B OF THE STATE FINANCE LAW APPLICABLE TO SCHOOL DISTRICTS

Section 99-b of the State Finance Law (the "SFL") provides for a covenant between the State and the purchasers and the holders and owners from time to time of the bonds and notes issued by school districts in the State for school purposes that it will not repeal, revoke or rescind the provisions of Section 99-b of the SFL, or amend or modify the same so as to limit, impair or impede the rights and remedies granted thereby.

Said section provides that in the event a holder or owner of any bond or note issued by a school district for school purposes shall file with the State Comptroller, a verified statement describing such bond or note and alleging default in the payment thereof or the interest thereon or both, it shall be the duty of the State Comptroller to immediately investigate the circumstances of the alleged default and prepare and file in his office a certificate setting forth his determinations with respect thereto and to serve a copy thereof by registered mail upon the chief fiscal officer of the school district which issued the bond or note. Such investigation by the State Comptroller shall set forth a description of all such bonds and notes of the school district found to be in default and the amount of principal and interest thereon past due.

Upon the filing of such a certificate in the office of the State Comptroller, he shall thereafter deduct and withhold from the next succeeding allotment, apportionment or payment of such State aid or assistance due to such school district such amount thereof as may be required to pay (a) the school district's contribution to the State Teachers' Retirement System, and (b) the principal of and interest on such bonds and notes of such school district then in default. In the event such State aid or assistance initially so withheld shall be insufficient to pay said amounts in full, the State Comptroller shall similarly deduct and withhold from each succeeding allotment, apportionment or payment of such State aid or assistance due such school district such amount or amounts thereof as may be required to cure such default. Allotments, apportionments and payments of such State aid so deducted or withheld by the State Comptroller for the payment of principal and interest on the bonds and notes shall be forwarded promptly to the paying agent or agents for the bonds and notes in default of such school district for the sole purpose of the payment of defaulted principal of and interest on such bonds or notes. If any such successive allotments, apportionments or payment of such State aid so deducted or withheld shall be less than the amount of all principal and interest on the bonds and notes in default with respect to which the same was so deducted or withheld, then the State Comptroller shall promptly forward to each paying agent an amount in the proportion that the amount of such bonds and notes in default payable to such paying agent bears to the total amount of the principal and interest then in default on such bonds and notes of such school district. The State Comptroller shall promptly notify the chief fiscal officer of such school district of any payment or payments made to any paying agent or agents of defaulted bonds or notes pursuant to said section of the SFL.

NO PAST DUE DEBT

No principal or interest payment on District indebtedness is past due. The District has never defaulted in the payment of the principal of and/or interest on any indebtedness.

BANKRUPTCY

The Federal Bankruptcy Code (Chapter IX) allows public bodies, such as municipalities, recourse to the protection of a Federal Court for the purpose of adjusting outstanding indebtedness. Title 6-A of the Local Finance Law specifically authorizes any municipality in the State or its emergency control board to file a petition under any provision of Federal bankruptcy law for the composition or adjustment of municipal indebtedness. While this Local Finance Law provision does not apply to school districts, there can be no assurance that it will not become applicable in the future. As such, the undertakings of the District should be considered with reference, specifically, to Chapter IX, and, in general, to other bankruptcy laws affecting creditors' rights and municipalities. Bankruptcy proceedings by the District if authorized by the State in the future could have adverse effects on bondholders and/or noteholders including (a) delay in the enforcement of their remedies, (b) subordination of their claims to those supplying goods and services to the District after the initiation of bankruptcy proceedings and to the administrative expenses of bankruptcy proceedings and (c) imposition without their consent of a reorganization plan reducing or delaying payment of the Notes.

The above references to said Chapter IX are not to be construed as an indication that the State will consent in the future to the right of the District to file a petition with any United States district court or court of bankruptcy under any provision of the laws of the United States, now or hereafter in effect for the composition or adjustment of municipal indebtedness or that the District is currently considering or expects to resort to the provisions of Chapter IX if authorized to do so in the future.

THE DISTRICT

Description

The District is located in the southeastern section of Suffolk County, approximately 100 miles from New York City. The District lies wholly in the Town of Southampton. The District has a land area of approximately 9.3 square miles and a current estimated year-round population of 1,500.

The District provides educational services for grades PreK – 12 to District residents. In addition, the District educates students for grades 9 – 12 on a tuition basis from the Springs Union Free School District.

The District is an affluent residential community made up of mostly single-family dwellings. According to the 2015 U.S. Census, median housing values for the Town and Village of Southampton are well above County, State and U.S. averages.

The District is a popular summer resort area. With the Atlantic Ocean being the most southerly boundary of the District, and Sag Harbor being the northern boundary, residents and vacationers are afforded numerous recreational facilities including fishing, swimming and boating. County parks provide picnicking and camping activities and golf clubs are located within the District boundaries. The Main Street section of the District is an active shopping area with many exclusive boutiques and restaurants which attract patrons from neighboring communities.

Rail transportation is provided by the Long Island Railroad, with a station located in Bridgehampton. Highways include New York State Route 27 and various County and Town roads. The Hampton Jitney provides bus transportation to surrounding communities and New York City.

District residents are provided gas and electric through PSEG Long Island and National Grid delivery. Water is furnished by Suffolk County Water Authority or by individual wells. Fire protection is furnished by local volunteer fire departments and police protection is provided by the Town of Southampton and the Suffolk County Police Department.

District Organization

The District is an independent entity governed by an elected board of education comprised of five members. District operations are subject to the provisions of the State Education Law affecting school districts; other statutes applicable to the District include the General Municipal Law, the Local Finance Law and the Real Property Tax Law.

Members of the Board of Education are elected on a staggered term basis by qualified voters at the annual election of the District held in May. The term of office for each board member is 3 years and the number of terms that may be served is unrestricted. A President is selected by the Board of Education from its members and also serves as the chief fiscal officer of the District. The Board of Education is vested with various powers and duties as set forth in the Education Law. Among these are the adoption of annual budgets (subject to voter approval), the levy of real property taxes for the support of education, the appointment of such employees as may be necessary, and other such duties reasonably required to fulfill the responsibilities provided by law.

The Board of Education appoints the Superintendent of Schools who serves at the pleasure of the Board. Such Superintendent is the chief executive officer of the District and the education system. It is the responsibility of the Superintendent to enforce all provisions of law and all rules and regulations relating to the management of the schools and other educational, social and recreational activities under the direction of the Board of Education. Also, certain of the financial functions of the District are the responsibility of the Superintendent of Schools, the District Treasurer and the Assistant Superintendent for Finance & Facilities.

INDEBTEDNESS OF THE DISTRICT

Constitutional and Statutory Requirements

The New York State Constitution and Local Finance Law limit the power of the District (and other municipalities and school districts of the State) to issue obligations and to contract indebtedness. Such constitutional and statutory limitations include the following, in summary form, and are generally applicable to the District and the Notes:

Purpose and Pledge. The District shall not give or loan any money or property to or in aid of any individual, or private corporation or private undertaking or give or loan its credit to or in aid of any of the foregoing or any public corporation.

The District may contract indebtedness only for a District purpose and shall pledge its faith and credit for the payment of principal of and interest thereon.

Payment and Maturity. Except for certain short-term indebtedness contracted in anticipation of taxes (such as the Notes) or to be paid within three fiscal year periods, indebtedness shall be paid in annual installments commencing no later than two years after the date such indebtedness shall have been contracted and ending no later than the period of probable usefulness of the object or purpose determined by statute or, in the alternative, the weighted average period of probable usefulness of the several objects or purpose for which it is contracted; no installment may be more than fifty per centum in excess of the smallest prior installment, unless the District has authorized the issuance of indebtedness having substantially level or declining annual debt service. The District is required to provide an annual appropriation for the payment of interest due during the year on its indebtedness and for the amounts required in such year for amortization and redemption of its serial bonds, bond anticipation notes and capital notes.

General. The District is further subject to constitutional limitation by the general constitutionally imposed duty on the State Legislature to restrict the power of taxation and contracting indebtedness to prevent abuses in the exercise of such power; however, the State Legislature is prohibited by a specific constitutional provision from restricting the power of the District to levy taxes on real estate for the payment of interest on or principal of indebtedness theretofore contracted. There is no constitutional limitation on the amount that may be raised by the District by tax on real estate in any fiscal year to pay principal of and interest on all indebtedness. However, the Tax Levy Limit Law imposes a statutory limitation on the power of the District to increase its annual tax levy. (See "*The Tax Levy Limit Law*" herein).

Statutory Procedure

In general, the State Legislature has, by the enactment of the Local Finance Law, authorized the powers and procedure for the District to borrow and incur indebtedness subject, of course, to the constitutional provisions set forth above. The power to spend money, however, generally derives from other law, including the Education Law.

The Board of Education, as the finance board of the District, has the power to enact tax anticipation note resolutions. Such resolutions may authorize the issuance of tax anticipation notes in an aggregate principle amount necessary to fund anticipated cash flow deficits but in no event exceeding the amount of real property taxes levied or to be levied by the District, less any tax anticipation notes previously issued and less the amount of such taxes previously received by the District.

The Board of Education, as the finance board of the District, also has the power to authorize the sale and issuance of bonds and notes, including the Notes. However, such finance board may delegate the power to sell the Notes to the President of the Board of Education, the chief fiscal officer of the District, pursuant to the Local Finance Law.

Debt Limit. Pursuant to the Local Finance Law, the District has the power to contract indebtedness for any school district purpose authorized by the Legislature of the State of New York provided the aggregate principal amount thereof shall not exceed ten per centum of the full valuation of the taxable real estate of the District and subject to certain enumerated deductions such as State aid for building purposes. The constitutional and statutory method for determining full valuation is by taking the assessed valuation of taxable real estate for the last completed assessment roll and applying thereto the ratio (equalization rate) which such assessed valuation bears to the full valuation; such ratio is determined by the State Board of Real Property Services. The Legislature also is required to prescribe the manner by which such ratio shall be determined by such authority.

The following table sets forth the computation of the debt limit of the District and its debt contracting margin:

The amount shown is not necessarily the amount the District will ultimately receive. The District has not applied for a building aid exclusion certificate from the Commissioner of Education and therefore may not exclude such amount from its total indebtedness on the Debt Statement form required to be filed with the Office of the State Comptroller when bonds are to be issued.

Details of Short-Term Indebtedness Outstanding

As of the date of this Official Statement, the District has bond anticipation notes outstanding in the amount of \$1,500,000, which mature on April 18, 2018.

Tax Anticipation Notes

The District has generally found it necessary to borrow from time to time in anticipation of taxes, which borrowing is necessitated by the schedule of real property tax payments.

The following is a history of such tax anticipation note borrowings for the five most recent fiscal years:

Authorized and Unissued Debt

As of the date of this Official Statement, the District has \$23,234,568 in authorized but unissued debt to pay the cost of the construction of an addition, alterations and improvements at the Bridgehampton School, pursuant to a Bond Resolution duly adopted by the Board of Education of the District on January 18, 2017, following the approval of a proposition by a majority of the qualified voters of the District voting thereon at the Special District Meeting held on December 13, 2016. The total estimated cost of the project is \$24,734,568.

FINANCES OF THE DISTRICT

Independent Audit

The financial affairs of the District are subject to periodic compliance review by the Office of the State Comptroller to ascertain whether the District has complied with the requirements of various state and federal statutes. The financial statements of the District are audited each year by an independent public accountant. The last such audit covers the fiscal year ended June 30, 2016. A copy of such report is included herein as Appendix C.

Investment Policy

Pursuant to State law, including Sections 10 and 11 of the GML, the District is generally permitted to deposit moneys in banks or trust companies located and authorized to do business in the State. All such deposits, including special time deposit accounts and certificates of deposit, in excess of the amount insured under the Federal Deposit Insurance Act, are required to be secured in accordance with the provisions of and subject to the limitations of Section 10 of the GML.

The District may also temporarily invest moneys in: (1) obligations of the United States of America; (2) obligations guaranteed by agencies of the United States of America where the payment of principal and interest are guaranteed by the United States of America; (3) obligations of the State of New York; (4) with the approval of the New York State Comptroller, in tax anticipation notes or revenue anticipation notes issued by any municipality, school district, or district corporation, other than those notes issued by the District, itself; (5) certificates of participation issued in connection with installment purchase agreements entered into by political subdivisions of the State pursuant to Section 109-b(10) of the GML; (6) obligations of a New York public benefit corporation which are made lawful investments for municipalities pursuant to the enabling statute of such public benefit corporation; or (7) in the case of moneys held in certain reserve funds established by the District pursuant to law, in obligations of the District.

All of the foregoing investments are required to be payable or redeemable at the option of the owner within such times as the proceeds will be needed to meet expenditures for purposes for which the moneys were provided and, in the case of obligations purchased with the proceeds of bonds or notes, shall be payable or redeemable in any event, at the option of the owner, within two years of the date of purchase. Unless registered or inscribed in the name of the District, such instruments and investments must be purchased through, delivered to and held in custody of a bank or trust company in the State pursuant to a written custodial agreement as provided by Section 10 of the GML.

The Board of Education of the District has adopted an investment policy and such policy conforms with applicable laws of the State governing the deposit and investment of public moneys. All deposits and investments of the District are made in accordance with such policy.

Fund Structure and Accounts

The General Fund is the general operating fund for the District and is used to account for substantially all revenues and expenditures of the District. The District also maintains a special aid fund and school lunch fund. In addition, a capital projects fund is used to record capital facility projects, while a trust and agency fund accounts for assets received by the District in a fiduciary capacity.

Basis of Accounting

The district-wide and fiduciary fund financial statements are reported on the accrual basis of accounting using the economic resources measurement focus. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Nonexchange transaction, in which the District gives or receives value without directly receiving or giving equal value in exchange, include real property taxes, grants and donations. On an accrual basis, revenue from real property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied and the related expenditures are incurred.

The fund statements are reported on the modified accrual basis of accounting using the current financial resources measurement focus. Revenues are recognized when measurable and available. The District considers all revenue reported in the governmental funds to be available if the revenues are collected within 180 days after the end of the fiscal year, except for real property taxes, which are considered to be available if they are collected within 60 days after the end of the fiscal year.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Budget Process

The District’s fiscal year begins on July 1 and ends on June 30. Starting in the fall or winter of each year, the District’s financial plan and enrollment projection are reviewed and updated and the first draft of the next year’s proposed budget is developed by the central office staff. During the winter and early spring the budget is developed and refined in conjunction with the school building principals and department supervisors. The District’s budget is subject to the provisions of the Tax Levy Limit Law, which imposes a limitation on the amount of real property taxes that a school district may levy, and by law is submitted to voter referendum on the third Tuesday of May each year. (See “*The Levy Limit Law*” herein). On May 16, 2017, a majority of the voters of the District approved the District’s budget for the 2016-2017 fiscal year. Summaries of the District’s Adopted Budgets for the fiscal years 2016-2017 and 2017-2018 may be found in Appendix A, herein.

Revenues

The District receives most of its revenue from a real property tax on all non-exempt real property situated within the District and State aid. A summary of such revenues for the five most recently completed fiscal years may be found in Appendix A.

Real Property Taxes

See “*Tax Information*” herein.

State Aid

The District receives appropriations from the State of State aid for operating, building and other purposes at various times throughout its fiscal year, pursuant to formulas and payment schedules set forth by statute. While the State has a constitutional duty to maintain and support a system of free common schools that provides a “sound basic education” to children of the State, there can be no assurance that the State appropriation for State aid to school districts will be continued in future years, either pursuant to existing formulas or in any form whatsoever. State aid appropriated and apportioned to the school districts can be paid only if the State has such monies available for such payment.

The following table sets forth the amounts of the District’s General Fund revenue comprised of State aid for each of the fiscal years 2012 through 2016, inclusive and the amounts budgeted for the 2017 and 2018 fiscal years.

Fiscal Year	General Fund	State Aid	State Aid To
Ending June 30:	Total Revenue	State Aid	Revenues (%)
2012	\$10,452,600	\$431,700	4.13

a. Budgeted revenues include the application of reserves and fund balance.

In addition to the amount of State Aid budgeted annually by the District, the State makes payments of STAR aid representing tax savings provided by school districts to their taxpayers under the STAR Program (See “*STAR – School Tax Exemption*” herein). The District is expected to receive STAR aid in January, 2018.

There can be no assurance that the State appropriation for State aid to school districts will be continued in future years, either pursuant to existing formulas or in any form whatsoever. State aid appropriated and apportioned to the District can be paid only if the State has such monies available therefore. The availability of such monies and the timeliness of such payment could be affected by a delay in the adoption of the State budget or other circumstances including State fiscal stress. In any event, State aid appropriated and apportioned to the District can be paid only if the State has such monies available therefore.

Potential reductions in Federal aid received by the State. The State receives a substantial amount of Federal aid for education. Many of the policies that drive this Federal aid are subject to change under the current presidential administration and Congress. However, the State’s current financial projections concerning Federal aid, and the assumptions on which they are based, are subject to revision as more information becomes available about the proposals for Federal tax policy and legislation, health care, including amendments to the Affordable Care Act, infrastructure, taxation, the Budget Control Act of 2011 (as amended), Federal regulatory reform, and other issues that may arise.

Reductions in Federal funding levels could have a materially adverse impact on the State budget. In addition to the potential fiscal impact of policies that may be proposed and adopted by the new administration and Congress, the State budget may be adversely affected by other actions taken by the Federal government, including audits, disallowances, and changes to Federal participation rates or other medicaid rules.

There can be no assurance that the State’s financial position will not change materially and adversely from current projections. If this were to occur, the State would be required to take additional gap-closing actions. Such actions may include, but are not limited to: reductions in State agency operations; delays or reductions in payments to local governments or other recipients of State aid including school districts in the State. Reductions in the payment of State aid could adversely affect the financial condition of school districts in the State.

Should the District fail to receive State aid expected from the State in the amounts and at the times expected, occasioned by a delay in the payment of such monies or by a mid-year reduction in State aid, the District is authorized by the Local Finance Law to provide operating funds by borrowing in anticipation of the receipt of uncollected State aid.

Litigation regarding apportionment of State aid. In January 2001, the State Supreme Court issued a decision in *Campaign for Fiscal Equity (“CFE”) v. State of New York* mandating that the system of apportionment of State aid to school districts within the State be restructured by the Governor and the State Legislature. On June 25, 2002, the Appellate Division of the State Supreme Court reversed that decision. On June 26, 2003, the State Court of Appeals, the highest court in the State, reversed the Appellate Division, holding that the State must, by July 30, 2004, ascertain the actual cost of providing a sound basic education, enact reforms to the system of school funding and ensure a system of accountability for such reforms. The Court of Appeals further modified the decision of the Appellate Division by deciding against a Statewide remedy and instead limited its ruling solely to the New York City school system.

After further litigation in 2006, the Court of Appeals held that \$1.93 billion of additional funds for the New York City schools - as initially proposed by the Governor and presented to the State Legislature as an amount sufficient to provide a sound basic education - was reasonably determined. State legislative reforms enacted in the wake of the decision in *Campaign for Fiscal Equity (“CFE”) v. State of New York*, included increased accountability for expenditure of State funds and collapsing over 30 categories of school aid into one classroom operating formula referred to as foundation aid. Foundation aid prioritizes funding distribution based upon student need.

Litigation is continuing however as a statewide lawsuit entitled *NYSER v. State of New York* has been filed recently on behalf of the State’s public-school students. The lawsuit asserts that the State has failed to comply with the decision of the New York State Court of Appeals in *CFE v. State of New York*. The complaint asks the court for an order requiring the State to immediately discontinue the cap on State aid increases and the supermajority requirements regarding increases in local property tax levies. The complaint also asks the court to order the State to develop a new methodology for determining the actual costs of providing all students the opportunity for a sound basic education, revise the State funding formulas to ensure that all schools receive sufficient resources, and ensure a system of accountability that measures whether every school has sufficient resources and that all students are, in fact, receiving the opportunity to obtain a sound basic education. On June 27, 2017, the Court of Appeals ruled that NYSER’s claims that students in New York City and Syracuse are being denied the opportunity for a sound basic education could go to trial and that NYSER could rely upon the CFE decision in its arguments. It is not possible to predict the outcome of this litigation.

Recent Events Affecting State Aid to New York School Districts

State aid to school districts in the State has declined in some recent years.

School district fiscal year (2012-2013): The State Legislature adopted the State budget on March 30, 2012. The budget included an increase of \$751 million in State aid for school districts.

School district fiscal year (2013-2014): The State Legislature adopted the State budget on March 29, 2013. The budget included an increase of \$936.6 million in State aid for school districts.

School district fiscal year (2014-2015): The State Legislature adopted the State budget on March 31, 2014. The Enacted 2014-2015 State Budget included a \$1.1 billion or 5.3% increase in State aid to school districts for the 2014-2015 school year. High-need school districts received 70% of the state aid increase. The Enacted 2014-2015 State Budget restored \$602 million of Gap Elimination Adjustment reductions that had been imposed on school districts from 2010-2011 to 2012-2013. The Enacted 2014-2015 State Budget invested \$1.5 billion over five years to support the phase-in of a Statewide universal full-day pre-kindergarten program.

School district fiscal year (2015-2016): The State Legislature adopted the State budget on March 31, 2015. Said budget included an increase of \$1.4 billion in State aid for school districts that was tied to changes in the teacher evaluation and tenure process.

School district fiscal year (2016-2017): The Enacted 2016-2017 State Budget included a school aid increase of \$991 million over 2015-2016, \$863 million of which consisted of traditional operating aid. In addition to full-funding of expense based aids (\$408 million), the Enacted 2016-2017 State Budget included a \$266 million increase in Foundation Aid and an \$189 million restoration to the Gap Elimination Adjustment (the "GEA"). The majority of the remaining increase (\$100 million) related to Community Schools Aid, a newly adopted aid category, to support school districts that wish to create community schools. Such funds may only be used for certain purposes such as providing health, mental health and nutritional services to students and their families.

School district fiscal year (2017-2018): The State's 2017-2018 Enacted Budget provides for school aid of approximately \$25.8 billion, an increase of \$1.1 billion in school aid spending from the 2016-2017 school year. The majority of the increases have been targeted to high need school districts. Expense-based aids to support school construction, pupil transportation, BOCES and special education were continued in full, as is the State's usual practice. Transportation aid increased by 5.5% and building aid increased by 4.8%. The State 2017-18 Enacted Budget continues to link school aid increases for 2017-18 and 2018-19 to teacher and principal evaluation plans approved by September 1 of the current year in compliance with Education Law Section 3012-d. In addition, the Enacted 2017-2018 State Budget allows the Governor to reduce aid to school districts mid-year if receipts from the Federal government are less than what was expected. If federal support is reduced by \$850 million or more, the New York State Director of the Budget will develop a plan to make uniform spending reductions by the State. Such plan would take effect automatically unless the State Legislature passes its own plan within 90 days.

The State provides annual State aid to school districts in the State, including the District, on the basis of various formulas. Due to the State's own budgetary crisis in 2009 and to assist the State in mitigating the impacts of its own revenue shortfall, the State reduced the allocation of State aid to school districts as part of a program known as the Gap Elimination Adjustment ("GEA"). The GEA was a negative number (funds that were deducted from the State aid originally due to the District under State aid formulas). The District's State aid was reduced as a result of the GEA program starting in 2009. Subsequent State budgets decreased the amount of the GEA deduction and the Adopted Budget for the State's 2016-2017 fiscal year eliminated the remaining balance of the GEA.

The Smart Schools Bond Act was passed as part of the Enacted 2014-2015 State Budget. The Smart Schools Bond Act authorizes the issuance of \$2 billion of general obligation bonds by the State to finance improved educational technology and infrastructure to enhance learning and opportunity for students throughout the State. The District's estimated allocation of funds is \$66,656.

The District cannot predict at this time whether there will be any reductions in and/or delays in the receipt of State aid during the remainder of the current fiscal year and during the District's 2017-2018 fiscal year. The District believes that it would mitigate the impact of any delays or the reduction in State aid by reducing expenditures, increasing revenues, appropriating other available funds on hand, and/or by any combination of the foregoing. (See also "*Market Factors Affecting Financings of the State and School Districts of the State*").

Expenditures

The major categories of expenditure for the District are General Support, Instruction, Employee Benefits, Pupil Transportation and Debt Service. A summary of the expenditures for the five most recently completed fiscal years may be found in Appendix A.

The State Comptroller's Fiscal Stress Monitoring System and OSC Compliance Reviews

The New York State Comptroller has reported that New York State's school districts and municipalities are facing significant fiscal challenges. As a result, the Office of the State Comptroller has developed a Fiscal Stress Monitoring System ("FSMS") to provide independent, objectively measured and quantifiable information to school districts and municipal officials, taxpayers and policy makers regarding the various levels of fiscal stress under which the State's school districts and municipalities are operating.

The fiscal stress scores are based on financial information submitted as part of each school ST-3 report filed with the State Education Department annually, and each municipality's annual report filed with the Office of the State Comptroller (OSC). Using financial indicators that include year-end fund balance, cash position and patterns of operating deficits, the system creates an overall fiscal stress score which classifies whether a school district or municipality is in "significant fiscal stress", in "moderate fiscal stress," as "susceptible to fiscal stress" or "no designation". Entities that do not accumulate the number of points that would place them in a stress category will receive a financial score but will be classified in a category of "no designation." This classification should not be interpreted to imply that the entity is completely free of fiscal stress conditions. Rather, the entity's financial information, when objectively scored according to the FSMS criteria, did not generate sufficient points to place them in one of the three established stress categories.

The most current applicable report of OSC designates the District as "No Designation" (Fiscal Score: 16.7%). More information on the FSMS may be obtained from the Office of the State Comptroller.

In addition, OSC helps local government officials manage government resources efficiently and effectively. The Comptroller oversees the fiscal affairs of local governments statewide, as well as compliance with relevant statutes and observance of good business practices. This fiscal oversight is accomplished, in part, through its audits, which identify opportunities for improving operations and governance. There has been no audits on the District within the past five years.

Employee Pension System

New York State Certified employees (teachers and administrators) are members of the New York State Teachers Retirement System ("TRS"). Employer pension payments to the TRS are generally deducted from State aid payments. All non-NYS certified/civil service employees of the District eligible for pension or retirement benefits under the Retirement and Social Security Law of the State of New York are members of the New York State and Local Employee's Retirement System ("ERS"). Both the TRS and ERS are non-contributory with respect to members hired prior to July 1, 1976. Other than as discussed below, all members of the respective systems hired on or after July 1, 1976 with less than 10 year's full-time service contribute 3% of their gross annual salary toward the cost of retirement programs.

On December 10, 2009, the Governor signed in to law a new Tier 5. The law is effective for new ERS and TRS employees hired after January 1, 2010 and before March 31, 2012. ERS employees contribute 3% of their salaries and TRS employees contribute 3.5% of their salaries. There is no provision for these employee contributions to cease after a certain period of service.

On March 16, 2012, Governor Cuomo signed into law Chapter 18 of the Laws of 2012, which legislation provides for a new Tier 6 for employees hired after April 1, 2012. This new pension tier has progressive employee contribution rates between 3% and 6% and such employee contributions continue so long as the employee continues to accumulate pension credits; it increases the retirement age for new employees from 62 to 63 and includes provisions allowing early retirement with penalties. Under Tier 6, the pension multiplier is 1.75% for the first 20 years of service and 2% thereafter; vesting will occur after 10 years; the time period for calculation of final average salary is increased from three years to five years; and the amount of overtime to be used to determine an employee's pension is capped at \$15,000, indexed for inflation, for civilian and non-uniform employees and at 15% of base pay for uniformed employees outside of New York City. It also includes a voluntary, portable, defined contribution plan option for new non-union employees with salaries of \$75,000 or more.

Under current law, the employer pension payments for a given fiscal year are based on the value of the pension fund on the prior April 1 thus enabling the District to more accurately include the cost of the employer pension payment in its budget for the ensuing year. In addition, the District is required to make a minimum contribution of 4.5% of payroll every year, including years in which the investment performance of the fund would make a lower payment possible. The annual employer pension payment is due on February 1 of each year.

Due to poor performance of the investment portfolio of TRS and ERS during the recent financial crisis, the employer contribution rates for required pension payments to the TRS and ERS increased substantially. To help mitigate the impact of such increases, legislation was enacted that permitted school districts to amortize a portion of its annual employer pension payment to the ERS only. Under such legislation, school districts that choose to amortize were required to set aside and reserve funds with the ERS for certain future rate increases. The District has not amortized any of its employer pension payments pursuant to this legislation and expects to continue to pay all payments in full when due.

In addition, in Spring 2013, the State and TRS approved a Stable Contribution Option ("SCO") that gives school districts the ability to better manage the spikes in Actuarially Required Contribution rates ("ARCs"). ERS followed suit and modified its existing ERS SCO. Each plan allows school districts to pay the SCO amount in lieu of the ARC amount, which is higher, and defer the difference in payment amounts.

The TRS SCO deferral plan is available to school districts for up to 7 years. Under the TRS SCO plan, payment of the deferred amount will commence in year six of the program (2018-19) and continue for five years. School districts can elect to no longer participate in the plan at any time, resume paying the ARC and begin repayment of deferred amounts over five years. Under the ERS SCO, payment of deferred amounts begins the year immediately following the deferral and the repayment period is 12 years. Once made, the election to participate in the ERS SCO is permanent. However, the school districts can choose not to defer payment in any given year. In both plans, interest on the deferred amounts is based on the yield of 10-year U.S. Treasury securities plus 1%. The District has not amortized any of its employer pension payments as part of the SCO and expects to continue to pay all payments in full when due.

The primary benefit of participation in the SCO plans is the elimination of the uncertainty in the volatility of future pension contribution ARCs in the near term, thereby providing school districts with significant assistance in its ability to create a stable and reliable fiscal plan.

The following chart represents the TRS and ERS required contributions for each of the last five completed fiscal years and the budgeted amounts for the 2018 fiscal year.

Other Post-Employment Benefits

The District provides post-retirement healthcare benefits to various categories of former employees. These costs may be expected to rise substantially in the future. School districts and Boards of Cooperative Education Services, unlike other municipal units of government in the State, have been prohibited from reducing retiree health benefits or increasing health care contributions received or paid by retirees below the level of benefits or contributions afforded to or required from active employees. This protection from unilateral reduction of benefits had been extended annually by the New York State Legislature until recently when legislation was enacted to make permanent these health insurance benefit protections for retirees. Legislative attempts to provide similar protection to retirees of other local units of government in the State have not succeeded as of the date hereof. Nevertheless, many such retirees of all varieties of municipal units in the State do presently receive such benefits.

GASB Statement No. 45 (“GASB 45”) of the Governmental Accounting Standards Board (“GASB”), requires state and local governments to account for and report their costs associated with post-retirement healthcare benefits and other non-pension benefits (“OPEB”). GASB 45 generally requires that employers account for and report the annual cost of the OPEB and the outstanding obligations and commitments related to OPEB in essentially the same manner as they currently do for pensions. Under previous rules, these benefits have generally been administered on a pay-as-you-go basis and have not been reported as a liability on governmental financial statements. Only current payments to existing retirees were recorded as an expense.

GASB 45 requires that state and local governments adopt the actuarial methodologies to determine annual OPEB costs. Annual OPEB cost for most employers will be based on actuarially determined amounts that, if paid on an ongoing basis, generally would provide sufficient resources to pay benefits as they come due.

Under GASB 45, based on actuarial valuation, an annual required contribution (“ARC”) will be determined for each state or local government. The ARC is the sum of (a) the normal cost for the year (the present value of future benefits being earned by current employees) plus (b) amortization of the unfunded accrued liability (benefits already earned by current and former employees but not yet provided for), using an amortization period of not more than 30 years. If a municipality contributes an amount less than the ARC, a net OPEB obligation will result, which is required to be recorded as a liability on its financial statements.

GASB 45 does not require that the unfunded liabilities actually be funded, only that the District account for its unfunded accrued liability and compliance in meeting its ARC. Actuarial valuation will be required every two years for the District.

The following table shows the components of the District’s annual OPEB cost for the year 2016, the amount actually contributed to the plan, and changes in the District’s net OPEB obligation.

<u>Annual OPEB Cost and Net OPEB Obligation</u>	<u>Fiscal Year Ending June 30:</u>
Annual required contribution (ARC)	\$1,422,888
Interest on net OPEB obligation	234,679
Less: Adjustments to ARC	(352,159)
Annual OPEB cost (expense)	<u>1,305,408</u>
Less: Contributions made	(331,251)
Increase in net OPEB obligation	<u>974,157</u>
Net OPEB obligation-beginning of year	6,705,108
Net OPEB obligation-end of year	<u><u>\$7,679,265</u></u>

The District’s annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the year ended June 30, 2016 and the two preceding years are as follows:

<u>Year Ended</u>	<u>Annual OPEB Cost</u>	<u>Annual OPEB Cost Contributed (%)</u>	<u>Net OPEB Obligation</u>
June 30, 2016	\$1,305,408	25.4	\$7,679,265
June 30, 2015	1,317,028	25.0	6,705,108
June 30, 2014	1,293,341	23.4	5,717,434

The OSC has recently proposed legislation to provide the State and certain local governments with the authority to establish trusts in which to accumulate assets for OPEB and to establish an OPEB investment fund in the sole custody of the State Comptroller for the investment of OPEB assets of the State and participating eligible local governments. The District cannot predict at this time whether such proposed legislation will be enacted into law. At this time, New York State has not developed guidelines for the creation and use of irrevocable trusts for the funding of OPEB. As a result, the District has decided to continue funding the expenditure on a pay-as-you-go basis.

Should the District be required to fund its unfunded actuarial accrued OPEB liability, it could have a material adverse impact upon the District’s finances and could force the District to reduce services, raise taxes or both.

TAX INFORMATION

Real Property Taxes

The District derives its power to levy an ad valorem real property tax from the State Constitution; methods and procedures to levy, collect and enforce this tax are governed by the Real Property Tax Law. Real property assessment rolls used by the District are prepared by the Town of Southampton. Assessment valuations are determined by the Town assessor and the State Board of Real Property Services which is responsible for certain utility and railroad property. In addition, the State Board of Real Property Services annually establishes State Equalization Rates for all localities in the State, which are determined by statistical sampling of market sales/assessment studies. The equalization rates are used in the calculation and distribution of certain State aids and are used by many localities in the calculation or debt contracting and real property taxing limitations. The District is not subject to constitutional real property taxing limitations; however, see “*The Tax Levy Limit Law*” herein for a discussion of certain statutory limitation that have been imposed.

The following table sets forth the amount of the District’s General Fund revenue (excluding other financing sources) comprised of real property taxes for each of the fiscal years 2012 through 2016, inclusive and for the amounts budgeted for the 2017 and 2018 fiscal years.

Fiscal Year Ending June 30:	Total Revenue	Real Property Taxes	Real Property Taxes to Revenues (%)
2012	\$10,452,600	\$9,153,597	87.57

Tax Collection Procedure

Property taxes for the District, together with County, Town and Fire District taxes, are collected by the Town Tax Receiver. Such taxes are due and payable in equal installments on December 1 and May 10, but may be paid without penalty by January 10 and May 31, respectively. Penalties on unpaid taxes are 1% per month from the date such taxes are due and 10% after May 31.

The Town Tax Receiver distributes the collected tax money to the Town, fire and school districts prior to distributing the balance collected to the County. Uncollected amounts are not segregated by the Receiver and any deficiency in tax collection is the County’s liability. The District thereby is assured of full tax collection.

The Tax Levy Limit Law

Chapter 97 of the Laws of 2011, as amended, (herein referred to as the “Tax Levy Limit Law” or “Law”) modified previous law by imposing a limit on the amount of real property taxes that a school district may levy.

Prior to the enactment of the Law, there was no statutory limitation on the amount of real property taxes that a school district could levy if its budget had been approved by a simple majority of its voters. In the event the budget had been defeated by the voters, the school district was required to adopt a contingency budget. Under a contingency budget, school budget increases were limited to the lesser of four percent (4%) of the prior year’s budget or one hundred twenty percent (120%) of the consumer price index (“CPI”).

Under the Tax Levy Limit Law, there is now a limitation on the amount of tax levy growth from one fiscal year to the next. Such limitation is the lesser of (i) 2% or (ii) the annual percentage increase in the consumer price index, subject to certain exclusions as mentioned below and as described in the Law. A budget with a tax levy that does not exceed such limit will require approval by at least 50% of the voters. Approval by at least 60% of the voters will be required for a budget with a tax levy in excess of the limit. In the event the voters reject the budget, the tax levy for the school district’s budget for the ensuing fiscal year may not exceed the amount of the tax levy for the prior fiscal year. School districts will be permitted to carry forward a certain portion of their unused tax levy limitation from a prior year.

The Law permits certain significant exclusions to the tax levy limit for school districts. These include taxes to pay the local share of debt service on bonds or notes issued to finance voter approved capital expenditures and the refinancing or refunding of such bonds or notes, certain pension cost increases, and other items enumerated in the Law. However, such exclusion does NOT apply to taxes to pay debt service on tax anticipation notes (such as the Notes), revenue anticipation notes, budget notes and deficiency notes; and any obligations issued to finance deficits and certain judgments, including tax certiorari refund payments.

STAR - School Tax Exemption

The STAR (School Tax Relief) program provides State-funded exemptions from school property taxes to homeowners for their primary residences. Homeowners over 65 years of age with household adjusted gross incomes, less the taxable amount of total distributions from individual retirement accounts and individual retirement annuities (“STAR Adjusted Gross Income”) of \$86,000 or less, increased annually according to a cost of living adjustment, are eligible for a “full value” exemption of the first \$65,300 for the 2016-17 school year (adjusted annually). Other homeowners with household STAR Adjusted Gross income not in excess of \$500,000 are eligible for a \$30,000 “full value” exemption on their primary residence. School districts receive full reimbursement from the State for real property taxes exempted pursuant to the STAR program by the first business day in January of each year.

Part A of Chapter 60 of the Laws of 2016 of the State of New York (“Chapter 60”) gradually converts the STAR program from a real property tax exemption to a personal income tax credit. Chapter 60 prohibits new STAR exemptions from being granted unless at least one of the applicants held title to the property on the taxable status date of the assessment roll that was used to levy school district taxes for the 2015-2016 school year (generally, March 1, 2015), and the property was granted a STAR exemption on that assessment roll. However, a new homeowner may receive a new personal income tax credit in the form of a check. The dollar benefit to eligible taxpayers will not change. A taxpayer who is eligible for the new credit will receive a check from the State equal to the amount by which the STAR exemption would have reduced his or her school tax bill. A homeowner who owned his or her home on the taxable status date for the assessment roll used to levy taxes for the 2015-2016 school year, and who received a STAR exemption on that roll, may continue to receive a STAR exemption on that home as long as he or she still owns and primarily resides in it. No further action is required (unless the homeowner has been receiving Basic STAR and wants to apply for Enhanced STAR, which is permissible).

The State 2017-18 Enacted Budget includes changes to Chapter 60. STAR checks are now expected to be mailed out prior to the date that school taxes are payable. The amount of the check will be based on the previous year’s amount adjusted by the levy growth factor used for the property tax cap. Any changes that must be made based on the final STAR credit compared to the estimate used will be factored into the subsequent year’s STAR credit check or taxpayers also may account for those changes in their State income taxes.

Approximately 12% of the District’s 2016-2017 school tax levy was exempted by the STAR program and the District has received full reimbursement of such exempt taxes from the State. Approximately 12% of the District’s 2017-2018 school tax levy is expected to be exempted by the STAR program and the District expects to receive full reimbursement of such exempt taxes from the State in January 2018. (See “*State Aid*” herein).

Rebate Program

Chapter 59 of the Laws of 2014 (“Chapter 59”) included provisions which provided a refundable personal income tax credit to real property taxpayers in school districts in 2014 and 2015 and certain municipal units of government in 2015 and 2016. The eligibility of real property taxpayers for the tax credit in each year depended on such jurisdiction’s compliance with the provisions of the Tax Levy Limitation Law. For the second taxable year of the program, the refundable personal income tax credit for real property taxpayers was additionally contingent upon adoption by the school district or municipal unit of a State approved “government efficiency plan” which demonstrated three-year savings and efficiencies of at least one per cent per year from shared services, cooperation agreements and/or mergers or efficiencies.

Chapter 20 of the Laws of 2015 (“Chapter 20”) introduced a new real property tax rebate program that provides state-financed tax rebate checks and credits to taxpayers who are eligible for the STAR exemption in the years 2016-2019. For 2016, eligible taxpayers who resided outside New York City but within the Metropolitan Commuter Transportation District (“MCTD”) received \$130, and eligible taxpayers who resided outside the MCTD received \$185. Credits in 2017-2019 will vary based on a taxpayer’s personal income level and STAR tax savings. Similar to the Chapter 59 real property tax credit, under Chapter 20 the eligibility of real property taxpayers in each year depends on the school district’s compliance with the provisions of the Tax Levy Limitation Law. Unlike Chapter 59, however, for taxpayers other than those living in one of the “Big 4” cities only the compliance of the school district in which the taxpayer resides is relevant. Municipal compliance with the Tax Levy Limitation Law is only required in the case of the “Big 4” cities that have fiscally dependent school districts. In such cases, the joint school/city levy must remain in compliance with the Tax Levy Limitation Law. In either scenario, the relevant jurisdiction (independent school district or joint city/school district) must certify its compliance with the provisions of Chapter 97. While the provisions of Chapter 59 did not, and the provisions of Chapter 20 do not, directly further restrict the taxing power of the affected municipalities, school districts and special districts, Chapter 59 did, and Chapter 20 does, provide an incentive for such tax levies to remain within the tax cap limits established by the Tax Levy Limitation Law.

Tax Certiorari Claims

In common with other school districts, there are a number of tax certiorari proceedings pending involving properties that are subject to the levy of District taxes. The plaintiffs in these matters have asserted that their properties are over-assessed and are seeking assessment reductions. A refund of excess taxes is also generally requested. Historically, certiorari claims have been settled through negotiations, resulting in amounts, at times, substantially less than originally claimed. Many settlements provide for future adjustments with no direct outlay of money. There are no significant claims filed by the larger taxpayers at this time. (See “*Tax Collection Procedure*” herein.)

LITIGATION

In common with other school districts, the District from time to time receives notices of claim and is party to litigation. In the opinion of the District, after consultation with its attorney, unless otherwise set forth herein and apart from matters provided for by applicable insurance coverage, there are no significant claims or actions pending in which the District has not asserted a substantial and adequate defense, nor which, if determined against the District, would have an adverse material effect on the financial condition of the District.

DISCLOSURE UNDERTAKING

In order to assist the purchasers in complying with Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended (“Rule 15c2-12”), the District will execute a Certificate to Provide Notices of Events, the form of which is attached hereto as “APPENDIX E”.

DISCLOSURE COMPLIANCE HISTORY

The limited disclosure agreement executed by the District in connection with the issuance of its School District Serial Bonds – 2011 required the District to annually file with EMMA its audited financial statements and its operating budgets. Although such documents have been filed, the 2013 budget was filed more than 360 days after the end of the fiscal year and the 2011 and 2012 Audited Financial Statements were filed more than 180 days after the end of the fiscal year. On October 2, 2015 the District revised a previous event notice regarding such failures to file. The audited financial statements for the fiscal years ending June 30, 2013 through and including June 30, 2016 were filed on time.

MARKET MATTERS AFFECTING FINANCINGS OF THE MUNICIPALITIES AND SCHOOL DISTRICTS OF THE STATE

The District's credit rating could be affected by circumstances beyond the District's control. Economic conditions such as the rate of unemployment and inflation, termination of commercial operations by corporate taxpayers and employers, as well as natural catastrophes, could adversely affect the assessed valuation of District property and its ability to maintain fund balances and other statistical indices commensurate with its current credit rating. As a consequence, a decline in the District's credit rating could adversely affect the market value of the Notes.

If and when an owner of any of the Notes should elect to sell all or a part of the Notes prior to maturity, there can be no assurance that a market will have been established, maintained and continue in existence for the purchase and sale of any of those Notes. The market value of the Notes is dependent upon the ability of holder to potentially incur a capital loss if such Notes are sold prior to its maturity.

There can be no assurance that adverse events including, for example, the seeking by another municipality in the State or elsewhere of remedies pursuant to the Federal Bankruptcy Act or otherwise, will not occur which might affect the market price of and the market for the Notes. In particular, if a significant default or other financial crisis should occur in the affairs of the State or any of its municipalities, public authorities or other political subdivisions thereby possibly further impairing the acceptability of obligations issued by those entities, both the ability of the District to arrange for additional borrowing(s) as well as the market for and market value of outstanding debt obligations, including the Notes, could be adversely affected.

The District is dependent in part upon financial assistance from the State in the form of State aid as well as grants and loans to be received ("State Aid"). The District's receipt of State aid may be delayed as a result of the State's failure to adopt its budget timely and/or to appropriate State Aid to municipalities and school districts. Should the District fail to receive all or a portion of the amounts of State Aid expected to be received from the State in the amounts and at the times anticipated, occasioned by a delay in the payment of such moneys or by a reduction in State Aid or its elimination, the District is authorized pursuant to the Local Finance Law ("LFL") to provide operating funds by borrowing in anticipation of the receipt of such uncollected State Aid, however, there can be no assurance that, in such event, the District will have market access for any such borrowing on a cost effective basis. The elimination of or any substantial reduction in State Aid would likely have a materially adverse effect upon the District requiring either a counterbalancing increase in revenues from other sources to the extent available or a curtailment of expenditures. (See also "*State Aid*" under "FINANCIAL INFORMATION" herein.)

Future amendments to applicable statutes whether enacted by the State or the United States of America affecting the treatment of interest paid on municipal obligations, including the Notes, for income taxation purposes could have an adverse effect on the market value of the Notes (see "*TAX MATTERS*" herein).

The enactment of the Tax Levy Limit Law, which imposes a tax levy limitation upon municipalities, school districts and fire districts in the State, including the District, without providing exclusion for debt service on obligations issued by municipalities and fire districts, may affect the market price and/or marketability for the Notes. (See "*The Tax Levy Limit Law*" under "TAX INFORMATION" herein.)

Federal or State legislation imposing new or increased mandatory expenditures by municipalities, school districts and fire districts in the State, including the District could impair the financial condition of such entities, including the Districts and the ability of such entities, including the District, to pay debt service on the Notes.

TAX MATTERS

Opinion of Bond Counsel

In the opinion of Hawkins Delafield & Wood LLP, Bond Counsel to the District, under existing statutes and court decisions and assuming continuing compliance with certain tax certifications described herein, (i) interest on the Notes is excluded from gross income for Federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and (ii) interest on the Notes is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code; such interest, however, is included in the adjusted current earnings of certain corporations for purposes of calculating the alternative minimum tax imposed on such corporations. The Tax Certificate of the District (the "Tax Certificate"), which will be delivered concurrently with the delivery of the Notes, will contain provisions and procedures relating to compliance with applicable requirements of the Code. In rendering its opinion, Bond Counsel has relied on certain representations, certifications of fact, and statements of reasonable expectations made by the District in connection with the Notes, and Bond Counsel has assumed compliance by the District with certain ongoing provisions and procedures set forth in the Tax Certificate relating to compliance with applicable requirements of the Code to assure the exclusion of interest on the Notes from gross income under Section 103 of the Code.

In addition, in the opinion of Bond Counsel to the District, under existing statutes, interest on the Notes is exempt from personal income taxes of New York State and its political subdivisions, including The City of New York.

Bond Counsel expresses no opinion regarding any other Federal or state tax consequences with respect to the Notes. Bond Counsel renders its opinion under existing statutes and court decisions as of the issue date, and assumes no obligation to update, revise or supplement its opinion after the issue date to reflect any action hereafter taken or not taken, or any facts or circumstances that may hereafter come to its attention, or changes in law or in interpretations thereof that may hereafter occur, or for any other reason. Bond Counsel expresses no opinion on the effect of any action hereafter taken or not taken in reliance upon an opinion of other counsel on the exclusion from gross income for Federal income tax purposes of interest on the Notes, or under state and local tax law.

Certain Ongoing Federal Tax Requirements and Certifications

The Code establishes certain ongoing requirements that must be met subsequent to the issuance and delivery of the Notes in order that interest on the Notes be and remain excluded from gross income under Section 103 of the Code. These requirements include, but are not limited to, requirements relating to use and expenditure of gross proceeds of the Notes, yield and other restrictions on investments of gross proceeds, and the arbitrage rebate requirement that certain excess earnings on gross proceeds be rebated to the Federal government. Noncompliance with such requirements may cause interest on the Notes to become included in gross income for Federal income tax purposes retroactive to their issue date, irrespective of the date on which such noncompliance occurs or is discovered. The District, in executing the Tax Certificate, will certify to the effect that the District will comply with the provisions and procedures set forth therein and that it will do and perform all acts and things necessary or desirable to assure the exclusion of interest on the Notes from gross income under Section 103 of the Code.

Certain Collateral Federal Tax Consequences

The following is a brief discussion of certain collateral Federal income tax matters with respect to the Notes. It does not purport to address all aspects of Federal taxation that may be relevant to a particular owner of a Note. Prospective investors, particularly those who may be subject to special rules, are advised to consult their own tax advisors regarding the Federal tax consequences of owning and disposing of the Notes.

Prospective owners of the Notes should be aware that the ownership of such obligations may result in collateral Federal income tax consequences to various categories of persons, such as corporations (including S corporations and foreign corporations), financial institutions, property and casualty and life insurance companies, individual recipients of Social Security and railroad retirement benefits, individuals otherwise eligible for the earned income tax credit, and taxpayers deemed to have incurred or continued indebtedness to purchase or carry obligations the interest on which is excluded from gross income for Federal income tax purposes. Interest on the Notes may be taken into account in determining the tax liability of foreign corporations subject to the branch profits tax imposed by Section 884 of the Code.

Original Issue Discount

“Original issue discount” (“OID”) is the excess of the sum of all amounts payable at the stated maturity of a Note (excluding certain “qualified stated interest” that is unconditionally payable at least annually at prescribed rates) over the issue price of that maturity. In general, the “issue price” of a maturity means the first price at which a substantial amount of the Notes of that maturity was sold (excluding sales to bond houses, brokers, or similar persons acting in the capacity as underwriters, placement agents, or wholesalers). In general, the issue price for each maturity of the Notes is expected to be the initial public offering price set forth in this Official Statement. Bond Counsel further is of the opinion that, for any Notes having OID (a “Discount Note”), OID that has accrued and is properly allocable to the owners of the Discount Notes under Section 1288 of the Code is excludable from gross income for Federal income tax purposes to the same extent as other interest on the Notes.

In general, under Section 1288 of the Code, OID on a Discount Note accrues under a constant yield method, based on periodic compounding of interest over prescribed accrual periods using a compounding rate determined by reference to the yield on that Discount Note. An owner’s adjusted basis in a Discount Note is increased by accrued OID for purposes of determining gain or loss on sale, exchange, or other disposition of such Discount Note. Accrued OID may be taken into account as an increase in the amount of tax-exempt income received or deemed to have been received for purposes of determining various other tax consequences of owning a Discount Note even though there will not be a corresponding cash payment.

Owners of Discount Notes should consult their own tax advisors with respect to the treatment of original issue discount for Federal income tax purposes, including various special rules relating thereto, and the state and local tax consequences of acquiring, holding, and disposing of Discount Notes.

Note Premium

In general, if an owner acquires a Note for a purchase price (excluding accrued interest) or otherwise at a tax basis that reflects a premium over the sum of all amounts payable on the Note after the acquisition date (excluding certain “qualified stated interest” that is unconditionally payable at least annually at prescribed rates), that premium constitutes “note premium” on that Note (a “tax-exempt Premium Note”). In general, under Section 171 of the Code, an owner of a tax-exempt Premium Note must amortize the note premium over the remaining term of the tax-exempt Premium Note, based on the owner’s yield over the remaining term of the tax-exempt Premium Note, determined based on constant yield principles (in certain cases involving a tax-exempt Premium Note callable prior to its stated maturity date, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the lowest yield on such note).

An owner of a tax-exempt Premium Note must amortize the note premium by offsetting the qualified stated interest allocable to each interest accrual period under the owner’s regular method of accounting against the note premium allocable to that period. In the case of a tax-exempt Premium Note, if the note premium allocable to an accrual period exceeds the qualified stated interest allocable to that accrual period, the excess is a nondeductible loss. Under certain circumstances, the owner of a tax-exempt Premium Note may realize a taxable gain upon disposition of the tax-exempt Premium Note even though it is sold or redeemed for an amount less than or equal to the owner’s original acquisition cost. Owners of any tax-exempt Premium Note should consult their own tax advisors regarding the treatment of note premium for Federal income tax purposes, including various special rules relating thereto, and state and local tax consequences, in connection with the acquisition, ownership, amortization of note premium on, sale, exchange, or other disposition of tax-exempt Premium Notes.

Information Reporting and Backup Withholding

Information reporting requirements apply to interest paid on tax-exempt obligations, including the Notes. In general, such requirements are satisfied if the interest recipient completes and provides the payor with, a Form W-9, “Request for Taxpayer Identification Number and Certification,” or if the recipient is one of a limited class of exempt recipients. A recipient not otherwise exempt from information reporting who fails to satisfy the information reporting requirements will be subject to “backup withholding,” which means that the payor is required to deduct and withhold a tax from the interest payment, calculated in the manner set forth in the Code. For the foregoing purpose, a “payor” generally refers to the person or entity from whom a recipient receives its payments of interest or who collects such payments on behalf of the recipient.

If an owner purchasing a Note through a brokerage account has executed a Form W-9 in connection with the establishment of such account, as generally can be expected, no backup withholding should occur. In any event, backup withholding does not affect the excludability of the interest on the Notes from gross income for Federal income tax purposes. Any amounts withheld pursuant to backup withholding would be allowed as a refund or a credit against the owner's Federal income tax once the required information is furnished to the Internal Revenue Service.

Miscellaneous

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the Federal or state level, may adversely affect the tax-exempt status of interest on the Notes under Federal or state law or otherwise prevent beneficial owners of the Notes from realizing the full current benefit of the tax status of such interest. In addition, such legislation or actions (whether currently proposed, proposed in the future, or enacted) and such decisions could affect the market price or marketability of the Notes.

Prospective purchasers of the Notes should consult their own tax advisors regarding the foregoing matters.

LEGAL MATTERS

Legal matters incident to the authorization, issuance and sale of the Notes will be subject to the final approving opinion of Hawkins Delafield & Wood LLP, Bond Counsel, substantially in the form set forth in Appendix D hereto.

RATING

The Notes are not rated. Moody's Investors Service has applied a rating of "Aa1" to the outstanding uninsured bonds of the District. The rating reflects only the view of such rating agency and an explanation of the significance of such rating should be obtained from Moody's. Generally, a rating agency bases its ratings on the information and materials furnished to it and on investigation, studies and assumptions by the rating agency. There is no assurance that a particular rating will apply for any given period of time or that it will not be lowered or withdrawn entirely if, in the judgment of the agency originally establishing the rating, circumstances so warrant. Any downward revision or withdrawal of such ratings could have an adverse affect on the market price of the Notes or the availability of a secondary market for such Notes.

MUNICIPAL ADVISOR

Munistat Services, Inc. (the "Municipal Advisor"), is a Municipal Advisor, registered with the Securities and Exchange Commission and the Municipal Securities Rulemaking Board. The Municipal Advisor serves as independent financial advisor to the District on matters relating to debt management. The Municipal Advisor is a financial advisory and consulting organization and is not engaged in the business of underwriting, marketing, or trading municipal securities or any other negotiated instruments. The municipal Advisor has provided advice as to the plan of financing and the structuring of the Notes and has reviewed and commented on certain legal documents, including this Official Statement. The advice on the plan of financing and the structuring of the Notes was based on materials provided by the District and other sources of information believed to be reliable. The Municipal Advisor has not audited, authenticated, or otherwise verified the information provided by the District or the information set forth in this Official Statement or any other information available to the District with respect to the appropriateness, accuracy, or completeness of disclosure of such information and no guarantee, warranty, or other representation is made by the Municipal Advisor respecting the accuracy and completeness of or any other matter related to such information and this Official Statement.

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund and the fiduciary funds of the Bridgehampton Union Free School District (District), as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the fiduciary funds of the Bridgehampton Union Free School District, as of June 30, 2016, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis, budgetary comparison information and the schedules of funding progress – other postemployment benefits, the District's proportionate share of the net pension liability (asset), and District contributions on pages 1 through 15 and 56 through 60, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Bridgehampton Union Free School District's basic financial statements. The other supplementary information on pages 61 through 63 is presented for purposes of additional analysis and is not a required part of the basic financial statements but is supplementary information requested by the New York State Education Department. The other supplementary information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 15, 2016 on our consideration of the Bridgehampton Union Free School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Bridgehampton Union Free School District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

The following is a discussion and analysis of the Bridgehampton Union Free School District's (the "District") financial performance for the fiscal year ended June 30, 2016. This section is a summary of the District's financial activities based on currently known facts, decisions, or conditions. It is also based on both the District-Wide and Fund Financial Statements. The results of the current year are discussed in comparison with the prior year, with an emphasis placed on the current year. This section is only an introduction and should be read in conjunction with the District's financial statements, which immediately follow this section.

1. FINANCIAL HIGHLIGHTS

Key financial highlights for fiscal year 2016 are as follows:

- On the District-Wide Financial Statements revenues increased by 3.12% due to increased real property taxes.
- On the District-Wide Financial Statements, expenses increased by 9.72%.
- The District's total net position, as reflected in the District-Wide Financial Statements, increased by \$315,369 as revenues of \$12,486,945 exceeded expenditures of \$12,171,576 primarily due to increased real property taxes.
- The general fund's total fund balance, as reflected in the fund financial statements, increased by \$197,879. This was due to an excess of revenues and other financing sources over expenditures and other financing uses based on the modified accrual basis of accounting.
- On the balance sheet, the general fund's unassigned fund balance at year end was \$550,652. This represents an increase of \$39,682 over the prior year.
- The general fund budget for the 2016-2017 school year was approved by the voters in the amount of \$13,778,439. This is an increase of \$960,094 or 7.49% over the previous year's budget. The increase was primarily due to an increase in personnel costs.

2. OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of four parts: management's discussion and analysis (this section), the basic financial statements, required supplementary information and other supplementary information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are *District-Wide Financial Statements* that provide both *short-term* and *long-term* information about the District's *overall* financial status.
- The remaining statements are *Fund Financial Statements* that focus on *individual parts* of the District, reporting the operations in *more detail* than the District-Wide Financial Statements.

**BRIDGEHAMPTON UNION FREE SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

- The *Governmental Fund Statements* tell how basic services such as instruction and support functions were financed in the *short term* as well as what remains for future spending.
- *Fiduciary Fund Financial Statements* provide information about the financial relationships in which the District acts solely as a trustee or agent for the benefit of others, including the employees of District.

The financial statements also include notes that provide additional information about the financial statements and the balances reported. The statements are followed by a section of required supplementary information that further explains and supports the financial statements with a comparison of the District's budget for the year. Table A-1 shows how the various parts of this annual report are arranged and related to one another.

Table A-1: Organization of the District's Annual Financial Report

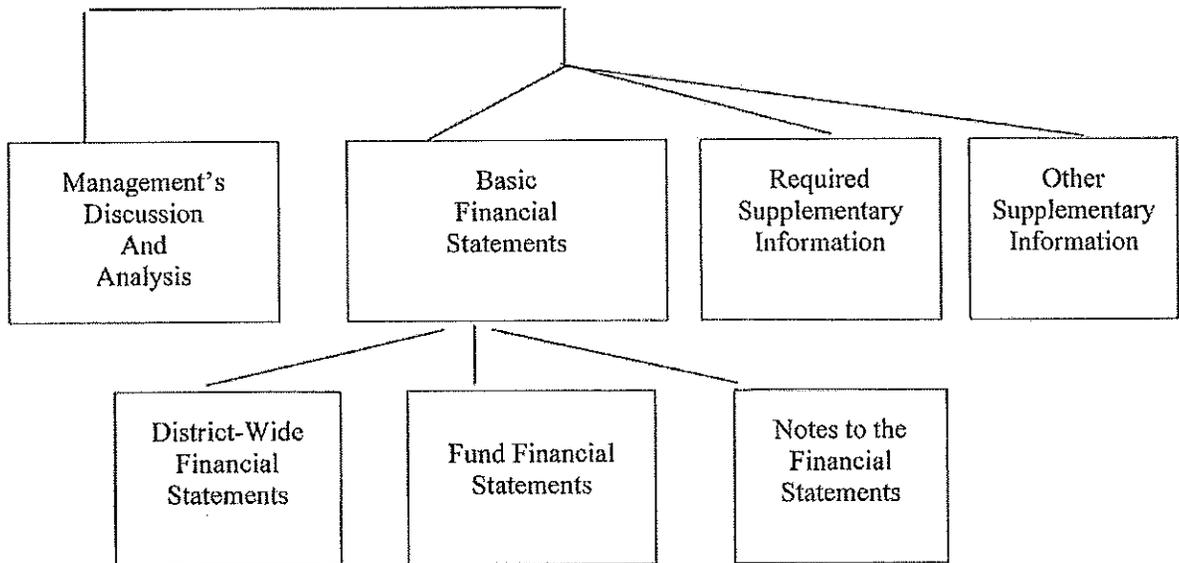

Table A-2 summarizes the major features of the District's financial statements, including the portion of the District's activities that they cover and the types of information that they contain. The remainder of this overview section of Management's Discussion and Analysis highlights the structure and contents of each of the statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

A) District-Wide Financial Statements:

The District-Wide Financial Statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the District's assets and deferred outflows of resources, and liabilities and deferred inflows of resources with the difference reported as net position. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

The two District-Wide Financial Statements report the District's net position and how they have changed. Net position, the difference between the assets and deferred outflows of resources, and liabilities and deferred inflows of resources, is one way to measure the financial health or position of the District.

- Over time, increases and decreases in net position is an indicator of whether the financial position is improving or deteriorating, respectively.
- For assessment of the overall health of the District, additional non-financial factors such as changes in the District's property tax base and the condition of buildings and other facilities should be considered.

Net position of the governmental activities differ from the governmental fund balances because governmental fund level statements only report transactions using or providing current financial resources. Also, capital assets are reported as expenditures when financial resources (money) are expended to purchase or build said assets. Likewise, the financial resources that may have been borrowed are considered revenue when they are received. The principal and interest payments are both considered expenditures when paid. Depreciation is not calculated as it does not provide or reduce current financial resources. Finally, capital assets and long-term debt are both accounted for in account groups and do not affect the fund balances.

District-Wide Financial Statements are reported utilizing an economic resources measurement focus and full accrual basis of accounting that involves the following steps to format the Statement of Net Position:

- Capitalize current outlays for capital assets;
- Report long-term debt as a liability;
- Depreciate capital assets and allocate the depreciation to the proper program/activities;
- Calculate revenue and expense using the economic resources measurement focus and the accrual basis of accounting; and
- Allocate net position balances as follows:
 - *Net investment in capital assets;*
 - *Restricted net position* are those with constraints placed on the use by external sources (creditors, grantors, contributors or laws or regulations of governments) or approved by law through constitutional provisions or enabling legislation; and

**BRIDGEHAMPTON UNION FREE SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

- *Unrestricted net position* is net position that does not meet any of the above restrictions.

B) Fund Financial Statements:

The Fund Financial Statements provide more detailed information about the District's funds. Funds are accounting devices that the District uses to keep track of specific revenue sources and spending on particular programs. The funds have been established by the laws of the State of New York.

The District has two kinds of funds:

- *Governmental funds:* Most of the basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the Governmental Fund Financial Statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the programs of the District. Because this information does not encompass the additional long-term focus of the District-Wide Financial Statements, additional information in a separate reconciliation schedule explains the relationship (or differences) between them. In summary, the Governmental Fund Financial Statements focus primarily on the sources, uses, and balances of current financial resources and often has a budgetary orientation. Included are the general fund, special aid fund, school lunch fund and capital projects fund. Required statements are the Balance Sheet and the Statement of Revenues, Expenditures, and Changes in Fund Balances.
- *Fiduciary funds:* The District is the trustee or *fiduciary* for assets that belong to others, such as scholarship funds and student activities funds. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. The District excludes these activities from the District-Wide Financial Statements because it cannot use these assets to finance its operations. Fiduciary fund reporting focuses on net position and changes in net position.

3. FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

A) Net Position:

The District's total net position increased by \$315,369 between fiscal year 2015 and 2016. A summary of the District's Statements of Net Position follows:

**BRIDGEHAMPTON UNION FREE SCHOOL DISTRICT

Total liabilities, deferred inflows of resources and net position	<u>\$ 14,030,205</u>	<u>\$ 13,460,862</u>	<u>\$ 569,343</u>	4.23%

Current assets and other assets increased \$289,906 over the prior year, primarily due to increases in cash.

Capital assets, net of depreciation increased by \$168,401, primarily due to current year district-wide capital projects and purchases of equipment, net of depreciation expense.

Net pension asset - proportionate share decreased by \$241,207 due to fluctuations in the actuarially determined net pension asset of the Teachers' Retirement System ("TRS"). These changes result from several factors including differences between expected and actual experience, changes in the assumptions related to the pension plan and any change in the District's proportionate share to the plan as a whole.

**BRIDGEHAMPTON UNION FREE SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

Deferred outflows of resources increased by \$352,243, primarily due to actuarial adjustments at the plan level that will be amortized in future years and contribution to the State retirement plans subsequent to the measurement date.

Current liabilities increased by \$155,706. This was primarily attributable to increases in accounts payable, accrued liabilities, compensated absences payable and collections in advance offset by decreases in due to other governments, due to teachers' retirement system and due to employees' retirement system.

Long-term liabilities increased by \$1,299,398, which was primarily attributable to increases in the District's net other postemployment benefits obligation and net pension liability - proportionate share offset by decreases in bonds payable and compensated absences payable.

Deferred inflows of resources decreased by \$1,201,130 due to actual adjustments at the pension plan level that will be amortized in future years.

The net investment in capital assets, relates to the investment in capital assets at cost such as land, construction in progress, buildings & improvements, site improvements, furniture & equipment and vehicles net of depreciation and related debt. This number increased over the prior year by \$311,562 due to an increase in capital assets, net of depreciation, as well as a reduction in bonds payable.

The restricted net position at June 30, 2016, relates to the District's reserves and restricted amounts. Restricted net position increased by \$132,276 primarily due to \$165,000 transferred to the employee benefit accrued liability reserve, \$284,000 transferred to the retirement reserve, and interest allocated to the reserves of \$519, offset by usage of the reserves of \$317,243 during the year.

The unrestricted net deficit at June 30, 2016, relates to the balance of the District's net position. The unrestricted net deficit increased by \$128,469 to \$4,787,160.

Net position overall increased by \$315,369.

B) Changes in Net Position:

The results of operations as a whole are reported in the Statement of Activities. A summary of this statement for the years ended June 30, 2016 and 2015 is as follows:

Total Change in Net Position	<u>\$315,369</u>	<u>\$1,015,738</u>	<u>(\$700,369)</u>	<u>(68.95%)</u>

For the fiscal year ending June 30, 2016, the District recognized an increase in Net Position of \$315,369 due to overall revenues exceeding expenses.

The District's fiscal year 2016 revenues totaled \$12,486,945 (See Table A-4). Property taxes and other tax items and state aid accounted for most of the District's revenue by contributing 88.35% and 5.05%, respectively of total revenue (See Table A-5). The remainder came from charges for services, operating grants, and other miscellaneous sources. Total revenues increased by \$377,479 or 3.12%. This was primarily attributable to increased real property taxes, state formula aid, and charges for services offset by a decrease in operating grants and other revenues.

The federal and state governments subsidized certain programs with grants of \$190,220 in fiscal year 2016 as compared to \$193,985 in the prior year.

The cost of all programs and services totaled \$12,171,576 for fiscal year 2016. These expenses are predominantly related to instruction, which account for 75.75% of District expenses (See Table A-6). The District's general support activities accounted for 18.18% of total costs. Total expenses increased by \$1,077,848 or 9.72%.

C) Governmental Activities:

Revenues for the District's governmental activities totaled \$12,486,945, while total expenses equaled \$12,171,576. The increase in net position for governmental activities was \$315,369.

The continuation of the overall good financial condition of the District, as a whole, can be credited to:

- Continued leadership of the District's Board and Administration;
- Approval of the District's proposed annual budget;
- Strategic use of services from the Eastern Suffolk Board of Cooperative Educational Services (BOCES);

4. FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

Variances between years for the Governmental Fund Financial Statements are not the same as variances between years for the District-Wide Financial Statements. The District's governmental funds are presented on the **current financial resources measurement focus** and the **modified accrual basis of accounting**. Based on this presentation, governmental funds do not include long-term debt liabilities for the funds' projects and capital assets purchased by the funds. Governmental funds include the proceeds received from the issuance of debt, the current payments for capital assets, and the current payments for debt.

As of June 30, 2016, the District's combined governmental funds reported a total fund balance of \$3,496,602, which is an increase of \$143,828 over the prior year.

The District can attribute changes to fund balances and reserves primarily due to operating results, use of restricted fund balances to support appropriations, Board and voter approved transfers, and allocation of interest earnings.

**BRIDGEHAMPTON UNION FREE SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

A) General Fund

The net change in the general fund – fund balance is an increase of \$197,879, which is the result of revenues in excess of expenditures.

Revenues and other financing sources increased \$381,963 compared to the prior year, which is due primarily to increased property taxes and state aid.

Expenditures and other uses increased \$837,165 compared to the prior year, which is primarily due to increased instructional costs and employee benefits in the current year.

B) School Lunch Fund

The net change in the school lunch fund – fund balance is a decrease of \$65. This decrease is primarily due to an operating loss offset by a transfer of \$110,000 from the general fund.

C) Capital Projects Fund

The net change in the capital projects fund – fund balance is a decrease of \$53,986. This decrease was due to current year capital project expenditures offset by budgetary transfers of \$250,000 from the general fund.

5. GENERAL FUND BUDGETARY HIGHLIGHTS

A) 2015-16 Budget:

The District's general fund adopted budget for the year ended June 30, 2016 was \$12,818,345. This amount was increased by encumbrances carried forward from the prior year in the amount of \$91,001 and budget revisions in the amount of \$233,700, which resulted in a final budget of \$13,143,046. The majority of the funding was property taxes and STAR revenues of \$11,003,418.

**BRIDGEHAMPTON UNION FREE SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

B) Change in General Fund's Unassigned Fund Balance (Budget to Actual):

The general fund's unassigned fund balance is a component to total fund balance that is the residual of prior years' excess revenues over expenditures, net of transfers to reserves and assignments to fund subsequent years' budgets. It is this balance that is commonly referred to as "Fund Balance". The change in this balance demonstrated through a comparison of the actual revenues and expenditures for the year compared to budget is as follows:

Opening, unassigned fund balance	\$510,970
Revenues over budget	79,038
Expenditures and encumbrances under budget	1,016,767
Appropriations for budget revisions	(131,579)
Unused appropriated reserves	(74,790)
Allocation to reserves	(449,754)
Assigned - appropriated for June 30, 2017	<u>(400,000)</u>
Closing, unassigned fund balance	<u><u>\$550,652</u></u>

The revenues over budget in the amount of \$79,038 were primarily attributable to charges for services and miscellaneous revenue offset by lower than budgeted state aid (see Required Supplemental Information for detail).

The expenditures and encumbrances under budget in the amount of \$1,016,767 were primarily attributable to the following expenditures: general support, instructional, pupil transportation, and employee benefits (see Required Supplemental Information for detail).

The net change to reserves was as a result of:

- Employee benefit accrued liability reserve net increase was \$63,049 as a result of the District funding the reserve in the amount of \$165,000 and interest allocated to the reserve of \$170, net of the use of the reserve in the amount of \$102,121 to fund retirement payout of unused accumulated sick time.
- Unemployment reserve net decrease was \$201 as a result of the budgetary appropriation used of \$290, net of interest allocated to the reserve of \$89.
- Workers' compensation reserve net decrease was \$19,155 as a result of the budgetary appropriation used of \$19,212, net of interest allocated to the reserve of \$57.
- Retirement contribution reserve net increase was \$140,455 as a result of the District funding the reserve in the amount of \$284,000 and interest allocated to the reserve of \$163, net of the use of the reserve in the amount of \$143,708.
- Capital reserve increase was \$263 as a result of interest allocated to the reserve.
- Repairs reserve increase was \$12 as a result of interest allocated to the reserve.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

The closing unassigned fund balance represents the fund balance retained by the District that is not reserved or appropriated for subsequent year's taxes. This amount is 4.0% of the 2016-2017 budget.

The changes in fund balance are discussed further in Management Discussion and Analysis Section 4, Financial Analysis of the District's Funds.

6. CAPITAL ASSET AND DEBT ADMINISTRATION

A) Capital Assets:

The District paid for equipment and various building additions and renovations during fiscal year 2016. A summary of the District's capital assets, net of depreciation is as follows:

Table A-8: Capital Assets (Net of Depreciation)

Category	Fiscal Year 2016	Fiscal Year 2015	Increase (Decrease)	Percentage Change
Land	\$278,150	\$278,150	-	0.00%
Construction in progress	44,383	582,392	(538,009)	(92.38%)

Site improvements	323,174	294,957	28,217	9.57%
Furniture & equipment	505,505	705,328	(199,823)	(28.33%)
Vehicles	24,721	24,721	-	0.00%
Subtotal	<u>7,142,632</u>	<u>7,052,596</u>	<u>90,036</u>	<u>1.28%</u>
Less: Accumulated Depreciation	<u>2,643,147</u>	<u>2,721,512</u>	<u>(78,365)</u>	<u>(2.88%)</u>
Total Net Capital Assets	<u>\$4,499,485</u>	<u>\$4,331,084</u>	<u>\$168,401</u>	<u>3.89%</u>

The District had invested in a broad range of capital assets. The net increase in capital assets is due to capital additions of \$406,673 and a loss on disposal of capital assets of \$2,394 in excess of depreciation of \$235,878 recorded for the year ended June 30, 2016.

B) Long-Term Debt:

At June 30, 2016, the District had total bonds payable of \$780,000. See accompanying Notes to Financial Statements, Note 12 "Long-Term Liabilities" for additional information.

A summary of outstanding debt at June 30, 2016 and 2015 is as follows:

	2016	2015	Increase (Decrease)
Serial bond	<u>\$780,000</u>	<u>\$925,000</u>	<u>(\$145,000)</u>

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

7. FACTORS BEARING ON THE DISTRICT'S FUTURE

- On September 13, 2016, the District issued a tax anticipation note in the amount of \$4,700,000, which is due June 27, 2017 and bears a net interest rate of 1.0288%.
- The NYS Legislature introduced and approved a property tax cap beginning in the 2012-2013 school year. This bill limits tax levy growth to the lesser of two percent or the rate of inflation to June 15, 2020. Limited exemptions to exceed the levy cap are provided for taxes needed to pay for voter-approved capital expenditures, pension rate increases, court orders and torts over five percent of the prior year's levy. If the tax levy proposed to the voters is not within the District's tax levy cap, the threshold required for approval would be 60 percent of the vote. A school district that does not levy an amount up to the cap in any one year would be allowed to carry over unused tax levy capacity into future years.
- The 2016-2017 budget is impacted by certain trends affecting school districts. These include increases in retirement contributions, health insurance costs, workers' compensation judgments, and potential unemployment insurance claims, which are beyond the District's control.
- On May 17, 2016, the proposed 2016-2017 budget in the amount of \$13,778,439 was authorized by 67% of the District's residents that voted. The amount of the levy is in excess of the tax levy cap

RECONCILIATION OF GOVERNMENTAL FUNDS
BALANCE SHEET TO STATEMENT OF NET POSITION
JUNE 30, 2016**

Total Governmental Fund Balances \$3,496,602

Amounts reported for governmental activities in the Statement of Net Position are different because:

Cash held by a third-party administrator is treated as a long-term asset and included in net position. 167,815

The cost of building and acquiring capital assets (land, buildings, equipment) financed from the governmental funds are reported as expenditures in the year they are incurred, and the assets do not appear on the Balance Sheet. However, the Statement of Net Position includes those capital assets among the assets of the District as a whole, and their original costs are expensed annually over their useful lives.

Original cost of capital assets	\$7,142,632	
Accumulated depreciation	<u>(2,643,147)</u>	4,499,485

Proportionate share of long-term asset and liability, and deferred outflows and inflows associated with participation in the state retirement systems are not current financial resources or obligations and are not reported in the funds.

Net pension asset - teachers' retirement system	3,229,012
Deferred outflows of resources	1,237,640
Net pension liability - employees' retirement system	(596,842)
Deferred inflows of resources	<u>(1,201,338)</u>

Payables that are associated with long-term liabilities that are not payable in the current period are not reported as liabilities in the funds. Additional payables relating to long-term liabilities at year end consisted of:

Accrued interest on bonds	(4,960)
---------------------------	---------

Long-term liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the funds. Long-term liabilities at year-end consisted of:

RECONCILIATION OF GOVERNMENTAL FUND REVENUES, EXPENDITURES AND
CHANGES IN FUND BALANCE TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

Net Change in Fund Balances \$143,828

Amounts reported for governmental activities in the Statement of Activities are different because:

Long-Term Revenue and Expense Differences

In the Statement of Activities, certain operating expenses-compensated absences (vacation and sick days), are measured by the amounts earned or incurred during the year. In the governmental funds, expenditures for these items are measured by the amount of financial resources used.

Compensated absences from June 30, 2015 to June 30, 2016 changed by: 46,944

Workers' compensation liabilities in the Statement of Activities differs from the amounts reported in the governmental funds because the expense is recorded as an expenditure in the funds when it is due. In the Statement of Activities, the payable is recognized as it accrues regardless of when it is due. Accrued workers' compensation liabilities from June 30, 2015 to June 30, 2016 changed by: (36,511)

Certain expenditures in the governmental funds requiring the use of current financial resources (amounts paid) are being held by a third party administrator. This is the amount by which other assets - cash held by third-party administrator decreased in the period. (10,262)

Net other postemployment benefits obligation in the Statement of Activities are measured by the amounts incurred during the year. In the governmental funds, expenditures for these items are measured by the amount of financial resources used. Net other post employment benefits obligation payable for the year ended June 30, 2016 changed by: (974,157)

Long-Term Debt Transactions

Repayment of bond principal is an expenditure in the governmental funds, but it reduces long-term liabilities in the Statement of Net Position and does not affect the Statement of Activities. 145,000

Interest on long-term debt in the Statement of Activities differs from the amounts reported in the governmental funds because interest is recorded as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the Statements of Activities, interest expense is recognized as the interest accrues regardless of when it is due. Accrued interest from June 30, 2015 to June 30, 2016 changed by: 634

Capital Related Items

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities, those costs are capitalized and shown in the Statement of Net Position and allocated over their useful lives as annual depreciation expense in the Statement of Activities.

Capital outlays	\$406,673	
Depreciation expense	(235,878)	
Loss on disposals	(2,394)	168,401

Pension Differences

The decrease in the proportionate share of the collective pension expense of the state retirement plans reported in the Statement of Activities did not affect current financial resources and, therefore, is not reported in the governmental funds.

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

NOTE 1 – SUMMARY OF CERTAIN SIGNIFICANT ACCOUNTING POLICIES:

The financial statements of Bridgehampton Union Free School District (the “District”) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. Those principles are prescribed by the Governmental Accounting Standards Board (GASB), which is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

Significant accounting principles and policies utilized by the District are described below:

A) Reporting entity:

The District is governed by the laws of New York State. The District is an independent entity governed by an elected Board of Education (the “Board”) consisting of seven members. The President of the Board serves as the chief fiscal officer and the Superintendent is the chief executive officer. The Board is responsible for and controls all activities related to public school education within the District. Board members have authority to make decisions, power to appoint management, and primary accountability for all fiscal matters.

The reporting entity of the District is based upon criteria set forth by GASB Statement 14, *The Financial Reporting Entity*, as amended by GASB Statement 39, *Determining Whether Certain Organizations are Component Units* and GASB Statement 61, *The Financial Reporting Entity: Omnibus—An Amendment of GASB Statements No. 14 and No. 34*. The financial reporting entity consists of the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete.

The accompanying financial statements present the activities of the District and other organizational entities determined to be includable in the District’s financial reporting entity. The District is not a component unit of another reporting entity. The decision to include a potential component unit in the District’s reporting entity is based on several criteria including legal standing, fiscal dependency, and financial accountability. Based on the application of these criteria, the following is a brief description of a certain entity included in the District’s reporting entity:

Extraclassroom Activity Funds

The Extraclassroom Activity Funds of the District represent funds of the students of the District. The Board of Education exercises general oversight of these funds. The Extraclassroom Activity Funds are independent of the District with respect to its financial transactions and the designation of student management. Separate audited financial statements (cash basis) of the Extraclassroom Activity Funds can be found at the District’s business office. The District reports these assets held as an agent for the extraclassroom organizations in the Statement of Fiduciary Net Position – Fiduciary Funds.

**BRIDGEHAMPTON UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

B) Joint venture:

The District is a component district in the Eastern Suffolk Board of Cooperative Educational Services (BOCES). A BOCES is a voluntary, cooperative association of school districts in a geographic area that shares planning, services, and programs, which provide educational and support activities. There is no authority or process by which a school district can terminate its status as a BOCES component.

BOCES are organized under §1950 of the New York State Education Law. A BOCES Board is considered a corporate body. Members of a BOCES Board are nominated and elected by their component member boards in accordance with provisions of §1950 of the New York State Education Law. All BOCES property is held by the BOCES Board as a corporation (§1950(6)). In addition, BOCES Boards also are considered municipal corporations to permit them to contract with other municipalities on a cooperative basis under §119-n(a) of the New York State General Municipal Law.

A BOCES' budget is comprised of separate budgets for administrative, program and capital costs. Each component district's share of administrative and capital cost is determined by resident public school district enrollment, as defined in the New York State Education Law, §1950(4)(b)(7). In addition, component districts pay tuition or a service fee for programs in which its students participate.

C) Basis of presentation:

i) District-Wide Financial Statements

The Statement of Net Position and the Statement of Activities present financial information about the District's governmental activities. These statements include the financial activities of the overall government in its entirety, except those that are fiduciary. Eliminations have been made to minimize the double counting of internal transactions. Governmental activities generally are financed through taxes, state aid, intergovernmental revenues, and other exchange and non-exchange transactions. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column includes capital specific grants, if applicable.

The Statement of Activities presents a comparison between program expenses and revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with and are clearly identifiable to a particular function. Indirect expenses, principally employee benefits, are allocated to functional areas in proportion to the payroll expended for those areas. Program revenues include charges paid by the recipients of goods or services offered by the programs, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including but not limited to real property taxes, are presented as general revenues.

**BRIDGEHAMPTON UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

ii) Fund Financial Statements

The Fund Financial Statements provide information about the District's funds, including fiduciary funds. Separate statements for each fund category (governmental and fiduciary) are presented. The emphasis of Fund Financial Statements is on major governmental funds, each displayed in a separate column.

The District reports the following major governmental funds:

General Fund: This fund is the District's primary operating fund. It accounts for all financial transactions that are not required to be accounted for in another fund.

Special Aid Fund: This fund accounts for the proceeds of specific revenue sources, such as federal and state grants, that are legally restricted to expenditures for specified purposes. These legal restrictions may be imposed either by governments that provide the funds, or by outside parties.

School Lunch Fund: This fund is used to account for the activities of the District's food service operations. The school lunch operations are supported by federal and state grants and charges participants for its services.

Capital Projects Fund: This fund is used to account for the financial resources used for acquisition, construction, or major repair of capital facilities.

The District reports the following fiduciary funds:

Fiduciary Fund: These funds are used to account for fiduciary activities. Fiduciary activities are those in which the District acts as trustee or agent for resources that belong to others. These activities are not included in the District-Wide Financial Statements, because their resources do not belong to the District, and are not available to be used. There are two classes of fiduciary funds:

Private purpose trust funds: These funds are used to account for trust arrangements in which principal and income benefits annual third party awards and scholarships for students. Established criteria govern the use of the funds and members of the District or representatives of the donors may serve on committees to determine who benefits.

Agency funds: These funds are strictly custodial in nature and do not involve the measurement of results of operations. Assets are held by the District as agent for various student groups or extraclassroom activity funds and for payroll or employee withholding.

D) Measurement focus and basis of accounting:

Accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being

**BRIDGEHAMPTON UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The District-Wide and Fiduciary Fund Financial Statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Nonexchange transactions, in which the District gives or receives value without directly receiving or giving equal value in exchange, include property taxes, grants and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

The Governmental Fund Financial Statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within 180 days after the end of the fiscal year, except for real property taxes, which are considered to be available if they are collected within 60 days after the end of the fiscal year.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, compensated absences, other postemployment benefits and pension costs, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

E) Real property taxes:

i) Calendar

Real property taxes are levied annually by the Board of Education no later than November 1, and become a lien on December 1. Taxes are collected by the Town of Southampton and remitted to the District from December to June.

ii) Enforcement

Uncollected real property taxes are subsequently enforced by Suffolk County (the "County"). The County pays an amount representing uncollected real property taxes transmitted to the County for enforcement to the District no later than the following July 1.

F) Restricted resources:

When an expense is incurred for purposes for which both restricted and unrestricted resources are available, the District's policy concerning which to apply first varies with the intended

**BRIDGEHAMPTON UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

use, and with associated legal requirements, many of which are described elsewhere in these Notes.

G) Interfund transactions:

The operations of the District include transactions between funds. These transactions may be temporary in nature, such as with interfund borrowings. The District typically loans resources between funds for the purpose of providing cash flow. These interfund receivables and payables are expected to be repaid within one year. Permanent transfers of funds include the transfer of expenditure and revenues to provide financing or other services.

In the District-Wide Financial Statements, the amounts reported on the Statement of Net Position for interfund receivables and payables represent amounts due between different fund types (governmental activities and fiduciary funds). Eliminations have been made for all interfund receivables and payables between the funds, with the exception of those due from or to the fiduciary funds.

The governmental funds report all interfund transactions as originally recorded. Interfund receivables and payables may be netted on the accompanying governmental funds balance sheet when it is the District's practice to settle these amounts at a net balance based upon the right of legal offset.

Refer to Note 9 for a detailed disclosure by individual fund for interfund receivables, payables, expenditures and revenues activity.

H) Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets, deferred outflows of resources, liabilities and deferred inflows of resources, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates. Estimates and assumptions are made in a variety of areas, including computation of encumbrances, compensated absences, workers' compensation claims, potential contingent liabilities, other postemployment benefits, and useful lives of capital assets.

I) Cash and cash equivalents:

The District's cash and cash equivalents consist of cash on hand, demand deposits, and short-term investments with original maturities of three months or less from date of acquisition. Certain cash balances are restricted by various legal and contractual obligations, such as legal reserves.

**BRIDGEHAMPTON UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

J) Receivables:

Receivables are shown gross, with uncollectible amounts recognized under the direct write-off method. No allowance for uncollectible accounts has been provided since it is believed that such allowance would not be material.

K) Inventories:

Inventories of food in the school lunch fund are recorded at cost on a first-in, first-out basis, or in the case of surplus food donated by the U.S. Department of Agriculture, at the Government's assigned value, which approximates market. Inventories are accounted for on the consumption method. Under the consumption method, a current asset for the inventories is recorded at the time of receipt and/or purchase and an expense/expenditure is reported in the year the goods are consumed.

Purchases of inventorial items in other funds are recorded as expenditures at the time of purchase, and are considered immaterial in amount.

An amount for these non-liquid assets (inventories) has been recognized in the school lunch fund as non-spendable fund balance under GASB Statement No. 54 to signify that a portion of fund balance is not available for other subsequent expenditures.

L) Other Assets:

Other assets represent amounts on deposit that are being held by a third-party administrator for workers' compensation claims.

M) Capital assets:

Capital assets are reported at actual cost when available or estimated historical costs, based on appraisals conducted by independent third-party professionals. Donated assets are reported at estimated fair market value at the time received.

Capitalization thresholds (the dollar value above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the District-Wide Financial Statements are as follows:

	<u>Capitalization Threshold</u>	<u>Depreciation Method</u>	<u>Estimated Useful Life</u>
Building & building improvements	\$10,000	Straight-line	20-50 years
Site improvements	10,000	Straight-line	20 years
Furniture & equipment	1,000	Straight-line	5-20 years
Vehicles	1,000	Straight-line	10 years

N) Collections in advance:

Collections in advance arise when the District receives resources before it has legal claim to them. In subsequent periods when the District has legal claim to the resources, the liability for collections in advance is removed and revenues are recognized.

In the fund level statements, collections in advance consist of amounts received in advance for summer camp and health insurance prepayments from retirees in the general fund, for amounts received in advance for meals that have not yet been purchased in the school lunch fund and for grant receipts in advance of the program in the special aid fund.

O) Deferred outflows and inflows of resources:

In addition to assets, the Statement of Net Position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District has one item that qualifies for reporting in this category. This is related to pensions reported in the District-Wide Statement of Net Position. This represents the difference between expected and actual experience (ERS), the net difference between projected and actual investment earnings on pension plan investments (ERS), changes in proportion and differences between the District's contributions and proportionate share of contributions (TRS and ERS systems), the District's contributions to the pension systems (TRS and ERS systems) subsequent to the measurement date, and changes to assumptions (ERS).

In addition to liabilities, the Statement of Net Position reports a separate section for deferred inflows of resources. This separate statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The deferred inflows of resources are related to the pensions reported in the District Wide Statement of Net Position. This represents the difference between expected and actual experience (ERS and TRS systems), the net difference between projected and actual investment earnings on pension plan investments (TRS) and changes in proportion and differences between the District's contributions and proportionate share of contributions (ERS).

P) Employee benefits:

Compensated absences:

Compensated absences consist of unpaid accumulated annual sick leave, vacation, and sabbatical time.

Sick leave eligibility and accumulation is specified in negotiated labor contracts, and in individual employment contracts. Upon retirement, resignation or death, employees may contractually receive a payment based on unused accumulated sick leave. Certain collectively

BRIDGEHAMPTON UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

bargained agreements allow these termination payments to be paid in the form of non-elective contributions into the employee's 403(b) plan.

The District employees are granted vacation in varying amounts, based primarily on length of service and service position. Some earned benefits may be forfeited if not taken within varying time periods.

Consistent with GASB Statement 16, *Accounting for Compensated Absences*, the liability has been calculated using the vesting method and an accrual for that liability is included in the District-Wide Financial Statements. The compensated absences liability is calculated based on the pay rates in effect at year-end.

In the Fund Financial Statements, only the amount of matured liabilities is accrued within the general fund based upon expendable and available financial resources.

Q) Other benefits:

District employees participate in the New York State and Local Employees' Retirement System and the New York State Teachers' Retirement System.

District employees may choose to participate in the District's elective deferred compensation plan established under Internal Revenue Code Section 403(b).

In addition to providing pension benefits, the District provides postemployment health insurance coverage and survivor benefits for retired employees and their survivors. Collective bargaining agreements determine if District employees are eligible for these benefits if they reach normal retirement age while working for the District. Health care benefits are provided through plans whose premiums are based on the benefits paid during the year. The cost of providing post-retirement benefits is shared between the District and the retired employee. The District recognizes the cost of providing health insurance by recording its share of insurance premiums as an expenditure in the governmental funds as the liabilities for premiums mature (come due for payment). In the District-Wide Statements, the cost of postemployment health insurance coverage is recognized on the accrual basis of accounting in accordance with GASB Statement No. 45.

R) Short-term debt:

The District may issue Revenue Anticipation Notes (RANs) and Tax Anticipation Notes (TANs), in anticipation of the receipt of revenues. These notes are recorded as a liability of the fund that will actually receive the proceeds from the issuance of the notes. The RANs and TANs represent a liability that will be extinguished by the use of expendable, available resources of the fund.

The District may issue Bond Anticipation Notes (BANs), in anticipation of proceeds from the subsequent sale of bonds. These notes are recorded as current liabilities of the funds that will actually receive the proceeds from the issuance of bonds. State law requires that BANs issued

for capital purposes be converted to long-term financing within five years after the original issue date.

S) Equity classifications:

i) District-Wide Financial Statements:

In the District-Wide Financial Statements there are three classes of net position:

Net investment in capital assets, consists of net capital assets (cost less accumulated depreciation) reduced by outstanding balances of related debt obligations from the acquisition, constructions, or improvements of those assets, net of any unexpended proceeds.

Restricted net position – reports net position when constraints placed on the assets are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position – reports the balance of net position that does not meet the definition of the above two classifications and is deemed to be available for general use by the District.

ii) Fund Financial Statements:

There are five classifications of fund balance as detailed below; however, in the Fund Financial Statements there are four classifications of fund balance presented:

- 1) **Nonspendable fund balance** – Includes amounts that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact. Nonspendable fund balance includes the inventory recorded in the school lunch fund of \$698.
- 2) **Restricted fund balance** – Includes amounts with constraints placed on the use of resources either externally imposed by creditors, grantors, contributors or laws or regulations of other governments; or imposed by law through constitutional provisions or enabling legislation.

The District has classified the following as restricted:

Workers' Compensation Reserve

Workers' compensation reserve (GML§6-j), must be used to pay for compensation benefits and other expenses authorized by Article 2 of the Workers' Compensation Law, and for payment of expenses of administering this self-insurance program. The reserve may be established by Board action, and is funded by budgetary appropriations

**BRIDGEHAMPTON UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

and such other funds as may be legally appropriated. Within sixty days after the end of any fiscal year, excess amounts may either be transferred to another reserve or the excess applied to the appropriations of the next succeeding fiscal year's budget. This reserve is accounted for in the general fund under restricted fund balance.

Unemployment Insurance Reserve

Unemployment insurance reserve (GML§6-m), must be used to pay the cost of reimbursement to the State Unemployment Insurance Fund for payments made to claimants where the employer has elected to use the benefit reimbursement method. The reserve may be established by Board action and is funded by budgetary appropriations and such other funds as may be legally appropriated. Within sixty days after the end of any fiscal year, excess amounts may either be transferred to another reserve or the excess applied to the appropriations of the next succeeding fiscal year's budget. If the District elects to convert to tax (contribution) basis, excess resources in the fund over the sum sufficient to pay pending claims may be transferred to any other reserve fund. This reserve is accounted for in the general fund under restricted fund balance.

Retirement Contribution Reserve

Retirement contribution reserve (GML§6-r), must be used for financing retirement contributions payable to the New York State and Local Employees' Retirement System. The reserve must be accounted for separate and apart from all other funds, and a detailed report of the operation and condition of the fund must be provided to the Board. This reserve is accounted for in the general fund under restricted fund balance.

Employee Benefit Accrued Liability Reserve

Employee benefit accrued liability reserve (GML§6-p), must be used for the payment of accrued employee benefit due an employee upon termination of the employee's service. This reserve may be established by a majority vote of the Board, and is funded by budgetary appropriations and such other reserves and funds that may be legally appropriated. This reserve is accounted for in the general fund under restricted fund balance.

Capital Reserve

Capital reserve (GML §3651), is used to pay the costs of capital improvements for which the school district may issue bonds pursuant to Local Finance Law. A proposition indicating the purpose, ultimate amount, probable term, and funding source must be approved by the voters. Voter approval is also required before any funds may be expended for the specific purpose for which the reserve was established. Funds may be transferred with voter approval to other funds or the fund may be liquidated if the original purpose for which the fund was established is determined to

**BRIDGEHAMPTON UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

be no longer needed. Upon liquidation, proceeds must first be applied to any outstanding bonded indebtedness with the remaining, if any, used to reduce the annual tax level. This reserve is accounted for in the general fund and capital projects fund under restricted fund balance.

Repairs Reserve

Repairs reserve (GML §6-d), is used to pay the costs of repairs to capital improvements or equipment, which repairs are of a type not recurring annually. The Board of Education without voter approval may establish a repair reserve fund by a majority vote of its members. Voter approval is required to fund this reserve (opinion of the New York State Comptroller 81-401). Expenditures from this reserve may be made only after a public hearing has been held, except in emergency situations. If no hearing is held, the amount expended must be repaid to the reserve fund over the next two subsequent fiscal years. This reserve is accounted for in the general fund under restricted fund balance.

Scholarships

Amounts restricted for scholarships are used to account for monies donated for scholarship purposes, net of earnings and awards. These restricted funds are accounted in the private purpose trust fund.

- 3) Committed fund balance – Includes amounts that can only be used for the specific purposes pursuant to constraints imposed by formal action of the District’s highest level of decision making authority (i.e., Board of Education). The District has no committed fund balances as of June 30, 2016.
- 4) Assigned fund balance – Includes amounts that are subject to a purpose constraint that represents an intended use established by the District’s Board of Education. The purpose of the assignment must be narrower than the purpose of the general fund, and in funds other than the general fund, assigned fund balance represents the residual amount of fund balance. Assigned fund balance includes an amount appropriated to partially fund the subsequent year’s budget, as well as encumbrances not classified as restricted at the end of the fiscal year.
- 5) Unassigned fund balance – Includes the residual fund balance for the general fund and includes residual fund balance deficits of any other governmental fund that cannot be eliminated by offsetting of assigned fund balance amounts. Assignments of fund balance cannot cause a negative unassigned fund balance.

NYS Real Property Tax Law 1318 limits the amount of unexpended surplus funds a school district can retain to no more than 4% of the District’s budget for the general fund for the ensuing fiscal year. Nonspendable and restricted fund balance of the general fund are excluded from the 4% limitation. Amounts appropriated for the subsequent year and

**BRIDGEHAMPTON UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

encumbrances included in the assigned fund balance are also excluded from the 4% limitation.

Order of Use of Fund Balance

The District's policy is to apply expenditures against nonspendable fund balance, restricted fund balance, committed fund balance, assigned fund balance and unassigned fund balance at the end of the fiscal year. For all funds, nonspendable fund balances are determined first and then restricted fund balances for specific purposes are determined. Any remaining fund balance amounts for funds other than the general fund are classified as assigned fund balance. In the general fund, committed fund balance is determined next and then assigned. The remaining amounts are reported as unassigned. Assignments of fund balance cannot cause a negative unassigned fund balance.

NOTE 2 – EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUND FINANCIAL STATEMENTS AND DISTRICT-WIDE FINANCIAL STATEMENTS

Due to the differences in the measurement focus and basis of accounting used in the Governmental Fund Financial Statements and the District-Wide Financial Statements, certain financial transactions are treated differently. The basic financial statements contain a full reconciliation of these items. The differences result primarily from the economic resource measurement focus of the District-Wide Statements, compared with the current financial resource measurement focus of the governmental funds.

(A) Total fund balances of governmental funds vs. net position of governmental activities:

Total fund balances of the District's governmental funds differ from "net position" of governmental activities reported in the Statement of Net Position. This difference primarily results from additional long-term economic focus of the Statement of Net Position versus the solely current financial resources focus of the governmental funds Balance Sheets, as applied to the reporting of capital assets and long-term liabilities, including pensions.

(B) Governmental Statement of Revenues, Expenditures and Changes in Fund Balances vs. Statement of Activities:

Differences between the governmental funds Statement of Revenues, Expenditures and Changes in Fund Balances and the Statement of Activities fall into any of the four broad categories.

(i) Long-term revenue and expense differences:

Long-term revenue differences arise because governmental funds report revenues only when they are considered "available", whereas the Statement of Activities reports revenues when earned. Differences in long-term expenses arise because governmental funds report on a modified accrual basis, whereas the accrual basis of accounting is used on the Statement of Activities, thereby affecting expenses such as compensated absences and other postemployment benefits.

**BRIDGEHAMPTON UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

(ii) Capital related differences:

Capital related differences include the difference between proceeds from the sale of capital assets reported on Governmental Fund Financial Statements and the gain or loss on the sale of assets reported on the Statement of Activities, and the difference between recording an expenditure for the purchase of capital items in the Fund Financial Statements and depreciation expense on those items as recorded in the Statement of Activities.

(iii) Long-term debt transaction differences:

Long-term debt transaction differences occur because both interest and principal payments are recorded as expenditures in the Fund Financial Statements, whereas interest payments are recorded in the Statement of Activities as incurred, and principal payments are recorded as a reduction of liabilities in the Statement of Net Position.

(iv) Pension differences:

Pension differences occur as a result of changes in the District's proportion of the collective net pension asset/liability, differences between the District's contributions and its proportionate share of the total contributions to the pension systems and District contributions to the pension systems subsequent to the measurement date.

NOTE 3 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A) Budgets:

The District administration prepares a proposed budget for approval by the Board of Education for the general fund, the only fund with a legally adopted budget.

Appropriations are adopted at the program line item level.

The voters of the District approved the proposed appropriation budget for the general fund.

Appropriations established by the adoption of the budget constitute a limitation on expenditures (and encumbrances) which may be incurred. Appropriations lapse at the end of the fiscal year unless expended or encumbered. Encumbrances will lapse if not expended in the subsequent year. Appropriations authorized for the current year are increased by the planned use of specific reserves, and budget amendments approved by the Board of Education as a result of selected new revenue sources not included in the original budget (when permitted by law). These supplemental appropriations may occur subject to legal restrictions, if the Board approves them because of a need that exists which was not determined at the time the budget was adopted.

The following supplemental appropriations occurred during the year:

**BRIDGEHAMPTON UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

Compensated Absences Payout funded by the employee benefit accrued liability reserve	\$ 102,121
Retirement Incentive funded by unassigned fund balance	131,579
	\$ 233,700

Budgets are adopted annually on a basis consistent with GAAP. Appropriations authorized for the year are increased by the amount of encumbrances carried forward from the prior year.

Budgets are established and used for individual capital project funds expenditures as approved by a special referendum of the District's voters. The maximum project amount authorized is based primarily upon the cost of the project, plus any requirements for external borrowings, not annual appropriations. These budgets do not lapse and are carried over to subsequent fiscal years until the completion of the projects.

B) Encumbrances:

Encumbrance accounting is used for budget control and monitoring purposes and is reported as a part of the governmental funds. Under this method, purchase orders, contracts and other commitments for the expenditure of monies are recorded to reserve applicable appropriations. Outstanding encumbrances as of year-end are presented as assigned, unappropriated fund balance, unless classified as restricted or committed, and do not represent expenditures or liabilities. These commitments will be honored in the subsequent period. Related expenditures are recognized at that time, as the liability is incurred or the commitment is paid.

NOTE 4 – DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS

A) Cash:

New York State law governs the District's investment policies. Resources must be deposited in FDIC-insured commercial banks or trust companies located within the state. Permissible investments include obligations of the United States Treasury, United States agencies, repurchase agreements and obligations of New York State or its localities.

Collateral is required for demand and time deposits and certificates of deposit not covered by FDIC insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the state and its municipalities and districts.

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. GASB Statement 40, Deposit and Investment Risk Disclosures, directs that deposits be disclosed as exposed to custodial credit risk if they are not covered by depository insurance and the deposits are as follows:

**BRIDGEHAMPTON UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

- A) Collateralized with securities held by the pledging financial institution in the District's name;
- B) Collateralized with securities held by the pledging financial institution's trust department or agent, but not in the District's name; or
- C) Uncollateralized

None of the District's aggregate bank balances, not covered by depository insurance, were exposed to custodial credit risk as described above at year end.

Restricted Cash:

Restricted cash represents cash and cash equivalents where use is limited by legal requirements. These assets represent amounts required by statute to be reserved for various purposes. Restricted cash at June 30, 2016 included \$2,455,549 within the governmental funds for capital projects and general reserve purposes and \$95,858 in the fiduciary funds.

B) Investments:

The District does not typically purchase investments for long enough duration to cause it to believe that it is exposed to any material interest rate risk. The District also does not typically purchase investments denominated in a foreign currency, and is not exposed to foreign currency risk.

NOTE 5 – PARTICIPATION IN BOCES

During the year, the District was billed \$513,902 for BOCES administrative and program costs. The District's share of BOCES aid amounted to \$130,234. Financial statements for the BOCES are available from the BOCES administrative office at 201 Sunrise Highway, Patchogue, New York 11772.

Totals	<u><u>\$ 164,516</u></u>	<u><u>\$ 164,516</u></u>	<u><u>\$ 370,740</u></u>	<u><u>\$ 370,740</u></u>

The District typically transfers from the general fund to the special aid fund to fund the District's 20% share of summer school handicap expenses required by New York State law. In addition, the general fund transferred monies to the school lunch fund to subsidize a loss incurred in the fiscal year ending June 30, 2016, and the capital fund transferred the balance of unexpended projects to the general fund. The general fund also transferred monies to the capital projects fund in accordance with the general fund budget.

**BRIDGEHAMPTON UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

The District typically loans resources between funds for the purpose of mitigating the effects of transient cash flow issues.

Interfund receivables and payables are expected to be repaid within one year.

NOTE 13 – PENSION PLANS:

New York State and Local Employees' Retirement System (ERS) and the New York State Teachers' Retirement (TRS) (the Systems):

A) General Information

The District participates in the New York State Teachers' Retirement System (TRS) and the New York State and Local Employees' Retirement System (ERS). These are cost-sharing multiple employer, public employee retirement systems. The systems provide retirement, disability, withdrawal and death benefits to plan members and beneficiaries related to years of service and final average salary.

B) Provisions and Administration:

Teachers' Retirement System

The TRS is administered by the New York State Teachers' Retirement Board. The TRS provides benefits to plan members and beneficiaries as authorized by the Education Law and the New York State Retirement and Social Security Law (NYSRSSL). Membership is mandatory and automatic for all full-time teachers, teaching assistants, guidance counselors and administrators employed in New York Public Schools and BOCES who elected to participate in the TRS. Once a public employer elects to participate in the TRS, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

of a State statute. Additional information regarding the TRS may be found on the TRS website at www.nystrs.org or obtained by writing to the New York State Teachers' Retirement System, 10 Corporate Woods Drive, Albany, NY 12211-2395.

Employees' Retirement System

Obligations of employers and employees to contribute and benefits to employees are governed by the New York State Retirement and Social Security Law. The net position of the ERS is held in the New York State Common Retirement Fund (the Fund), which was established to hold all net assets and record changes in plan net position allocated to the ERS. As set forth in the NYSRSSL, the Comptroller of the State of New York (Comptroller) serves as the trustee of the fund and is the administrative head of the ERS. The Comptroller shall adopt and may amend rules and regulations for the administration and transaction of the business of the ERS and for the custody and control of its funds. Once a public employer elects to participate in ERS, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. The District also participates in the Public Employees' Group Life Insurance Plan (GLIP), which provides death benefits in the form of life insurance. The ERS is included in the State's financial report as a pension trust fund. That report, including information with regard to benefits provided may be found on the NYS Comptroller's website at www.osc.state.ny.us/retire/publications/index.php or obtained by writing to the New York State and Local Employees' Retirement System, 110 State Street, Albany, NY 12244.

C) Funding Policies:

Plan members who joined the systems before July 27, 1976, are not required to make contributions. Those joining on or after July 27, 1976, and before January 1, 2010, with less than ten years of credited services are required to contribute 3% of their salary. Those joining on or after January 1, 2010 and before April 1, 2012, are required to contribute 3% of their salary to ERS or 3.5% of their salary to TRS throughout active membership. Those joining on or after April 1, 2012, are required to contribute between 3% and 6% dependent on their salary throughout active membership. Employers are required to contribute at an actuarially determined rate based on covered salaries paid. For the TRS, the employers' contribution rate is established annually by the New York State Teachers' Retirement Board for the fiscal year ended June 30th and employer contributions are deducted from state aid in the subsequent months of September, October and November. For the ERS, the Comptroller annually certifies the actuarially determined rates expressly used in computing the employers' contributions for the ERS' fiscal year ending March 31st, and the employer contributions are either paid by the prior December 15th less a 1% discount or by the prior February 1st. The District paid 100% of the required contributions as billed by the TRS and ERS for the current year and each of the two preceding years.

D) Pension Assets, Liabilities, Pension Expense, Deferred Outflows and Inflows of Resources Related to Pensions

At June 30, 2016, the District reported the following liability/(asset) for its proportionate share of the net pension liability/(asset) for each of the Systems. The net pension liability/(asset) was measured as of March 31, 2016 for ERS and June 30, 2015 for TRS. The total pension liability/(asset) used to calculate the net pension liability/(asset) was determined by an actuarial valuation. The District's proportion of the net pension liability/(asset) was based on a projection of the District's long-term share of contributions to the Systems relative to the projected contributions of all participating members, actuarially determined. This information was provided by the ERS and TRS Systems in reports provided to the District.

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

i) Actuarial Assumptions

The total pension liability/(asset) as of the measurement date was determined by using an actuarial valuation as noted in the table below, with update procedures used to roll forward the total pension liability/(asset) to the measurement date. The actuarial valuations used the following actuarial assumptions:

	<u>ERS</u>	<u>TRS</u>
Measurement date	March 31, 2016	June 30, 2015
Actuarial valuation date	April 1, 2015	June 30, 2014
Interest rate	7.0%	8%
Salary scale	3.80%	4.01% - 10.91%
Decrement tables	April 1, 2010 - March 31, 2015 System's Experience	July 1, 2005 - June 30, 2010 System's Experience
Inflation rate	2.50%	3.0%

For ERS, annuitant mortality rates are based on April 1, 2010 – March 31, 2015 System’s experience with adjustments for mortality improvements based on the Society of Actuaries’ Scale MP-2014. For TRS, annuitant mortality rates are based on July 1, 2005 – June 30, 2010 System’s experience with adjustments for mortality improvements based on, the Society of Actuaries’ Scale AA.

For ERS, the actuarial assumptions used in the April 1, 2015 valuation are based on the results of an actuarial experience study for the period April 1, 2010 – March 31, 2015. For TRS, the actuarial assumptions used in the June 30, 2014 valuation are based on the results of an actuarial experience study for the period July 1, 2005 – June 30, 2010.

The long-term expected rate of return on pension plan investments was determined in accordance with Actuarial Standard of Practice (ASOP) No. 27, *Selection of Economic Assumptions for Measuring Pension Obligations*. ASOP No. 27 provides guidance on the selection of an appropriate assumed investment rate of return. Consideration was given to expected future real rates of return (expected returns, net of pension plan investment expense and inflation) for each major asset class, as well as historical investment data and plan performance.

**BRIDGEHAMPTON UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

The target allocation and best estimates of the arithmetic real rates of return for each major asset class are summarized below:

	TRS		ERS	
	Target Allocation	Long-term Expected Rate of Return	Target Allocation	Long-term Expected Rate of Return
Measurement date	June 30, 2015		March 31, 2016	
Asset Type:				
Domestic equity	37.0%	6.50%	38.0%	7.30%
International equity	18.0%	7.70%	13.0%	8.55%
Real Estate	10.0%	4.60%	8.0%	8.25%
Alternative investments	7.0%	9.90%	19.0%	6.75-11.00%
Domestic fixed income securities	17.0%	2.10%		
Global fixed income securities	2.0%	1.90%		
Bond and mortgages	8.0%	3.40%	18.0%	4.00%
Short-term	1.0%	1.20%		
Cash			2.0%	2.25%
Inflation indexed bonds			2.0%	4.00%
	100.0%		100.0%	

ii) Discount Rate

The discount rate used to calculate the total pension liability was 8.0% for TRS and 7.0% for ERS (the discount rate used by the ERS at the prior year's measurement date of March 31, 2015 was 7.50%). The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based upon the assumptions, the Systems' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore the long term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

iii) Sensitivity Of The Proportionate Share Of The Net Pension Liability To The Discount Rate Assumption

The following presents the District's proportionate share of the net pension liability/(asset) calculated using the discount rate of 7.0% for ERS and 8.0% for TRS, as well as what the District's proportionate share of the net pension liability/(asset) would be if it were calculated using a discount rate that is 1-percentage point lower (6.0% for ERS and 7.0% for TRS) or 1-percentage point higher (8.0% for ERS and 9.0% for TRS) than the current rate:

Ratio of plan net position to the Employers' total pension (asset)/liability	90.68%	110.46%

v) Payables To The Pension Plan

For ERS, employer contributions are paid annually based on the System's fiscal year which ends on March 31st. Accrued retirement contributions as of June 30, 2016 represent the projected employer contribution for the period of April 1, 2016 through June 30, 2016 based on paid ERS covered wages multiplied by the employer's contribution rate, by tier. Accrued retirement contributions as of June 30, 2016 amounted to \$35,955.

For TRS, employer and employee contributions for the fiscal year ended June 30, 2016 are paid to the System in September, October and November 2016 through a state aid deduction and remittance to TRS. Accrued retirement contributions as of June 30, 2016 represent employee and employer contributions for the fiscal year ended June 30, 2016 based on paid TRS covered wages multiplied by the employer's contribution rate, by tier, and employee contributions for the fiscal

**BRIDGEHAMPTON UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

year as reported to the TRS System. Accrued retirement contributions as of June 30, 2016 amounted to \$714,457.

E) Tax sheltered annuities

The District has adopted a 403 (b) plan covering all eligible employees. Employees may defer up to 100% of their compensation subject to Internal Revenue Code elective deferral limitations. The District may also make non-elective contributions of certain termination payments based on collectively bargained agreements. Contributions made by the District and the employees for the year ended June 30, 2016, totaled \$7,871 and \$219,899 respectively.

NOTE 14 – POSTEMPLOYMENT (HEALTH INSURANCE) BENEFITS:

A) Plan Description:

The District provides primarily post-employment health insurance coverage (the healthcare plan) to retired employees and their spouses in accordance with the provisions of various employment contracts. The healthcare plan is a single-employer defined benefit healthcare plan primarily administered through the New York State Health Insurance Program – Empire Plan.

B) Funding Policy:

The District assumes a portion of the cost of the premium, which ranges from 50% to 100% as determined by the employment contract of the District's retiree. The contribution requirements of plan members and the District are established and may be amended by the District. The required contribution is based on projected pay-as-you-go financing requirements. For fiscal year 2016, the District contributed \$331,251 to the Plan.

C) Annual OPEB Cost and Net OPEB Obligation:

The District's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the District annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the District net OPEB obligation to the Plan:

**BRIDGEHAMPTON UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

Annual OPEB Cost and Net OPEB Obligation

Annual required contribution	\$1,422,888
Interest on net OPEB obligation	234,679
Adjustment to Annual Required Contribution	<u>(352,159)</u>
Annual OPEB cost (expense)	1,305,408

Net OPEB obligation-beginning of year	<u>6,705,108</u>
Net OPEB obligation-end of year	<u><u>\$7,679,265</u></u>

The District's annual OPEB cost, OPEB contributions, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation for 2016 and the preceding two years are as follows:

Fiscal Year Ending	Annual OPEB Cost	OPEB Contributions	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
6/30/2014	1,293,341	303,252	23.40%	5,717,434
6/30/2015	1,317,028	329,354	25.00%	6,705,108
6/30/2016	1,305,408	331,251	25.37%	7,679,265

D) Funded Status and Funding Progress:

As of July 1, 2015, the most recent actuarial valuation date, the Plan was 0% funded. The actuarial accrued liability for benefits was \$13,073,045, and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability (UAAL) of \$13,073,045. The covered payroll (annual payroll of active employees covered by the plan) was \$6,098,212, and the ratio of the UAAL to the covered payroll was 214%.

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Examples include assumptions about future employment, mortality, and the health care trend. Amounts determined regarding the funded status of the Plan and the annual required contributions of the employer are subject to continual revisions as actual results are compared to past expectations and new estimates are made about the future. The required schedule of funding progress following the notes to the financial statements provides multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

**BRIDGEHAMPTON UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

E) Actuarial Methods and Assumptions:

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits in force at the valuation date and the historical pattern of sharing benefit costs between the District and the Plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the July 1, 2015 actuarial valuation prepared by an outside actuarial firm, the projected unit credit cost method is used. Since costs are pooled, the actuarial valuation was developed on a pooled basis. The actuarial assumptions included a 3.5% investment rate of return. The valuation assumes an 8.00% healthcare cost trend for June 30, 2016, decreasing 0.5% per year to an ultimate trend rate of 5.00% achieved by June 30, 2021. The UAAL uses level dollar amortization over a period of 30 years.

NOTE 15 – RISK MANAGEMENT

A) General Information:

The District is exposed to various risks of loss related to torts, theft, damage, injuries, errors and omissions, natural disasters, and other risks. These risks are covered by a combination of self-insurance reserves, public entity risk pools, and commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded available reserves and commercial insurance coverage for the past three years.

B) Public Entity Risk Pool – Risk Retained:

The District participates in a risk pool, the East End Workers' Compensation Consortium (EEWCC) to insure workers' compensation claims. This public entity risk pool was created under Article 5 of the Workers' Compensation law to evaluate process, administer, and pay workers' compensation claims. The District retains the risk of loss.

The District pays an annual assessment to the pool for its workers' compensation claims coverage and related expenses. The EEWCC has obtained an excess compensation insurance policy to buffer the effect that a single large claim may have on the Districts' loss experience. The EEWCC established a non-discounted liability for both reported and unreported insured events, which includes estimates of both future payments or losses and related claim adjustment expenses. Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of payouts, and other economic and social factors. However, because actual claim costs depend on complex factors, the process used in computing claims liabilities does not necessarily result in an exact amount. Such claims are based on the ultimate cost of claims (including future claim

**BRIDGEHAMPTON UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016**

adjustment expenses) that have been reported but not settled, and claims that have been incurred but not reported.

The District's liability for incurred but unpaid claims and incurred but not reported claims at June 30, 2016, as processed by the EEWCC, is \$81,423. Claims activity is summarized as follows:

	2016	2015
Unpaid claims at beginning of year	\$44,912	\$123,668
Incurred claims and claim adjustment expenses	66,122	4,514
Claims payments	(29,611)	(83,270)
Unpaid claims at year end	\$81,423	\$44,912

The EEWC is holding \$167,815 of cash on account for the District to satisfy these liabilities at June 30, 2016. In addition, the District has reserved \$167,843 in the general fund for potential supplemental assessments due to catastrophic losses and future claims.

The EEWCC has issued financial statements for the year ended June 30, 2016. Copies of these statements can be obtained from the District's administrative offices.

C) Public Entity Risk Pool – Risk Sharing

The District participates in New York Schools Insurance Reciprocal (NYSIR), a non-risk-retained public entity risk pool for its property and liability insurance coverage. The pool is operated for the benefit of individual governmental units located within the pool's geographic area, and is considered a self-sustaining risk pool that will provide coverage for its members. The pool obtains independent coverage for insured events in excess of certain defined limits, and the District has essentially transferred all related risk to the pool.

NOTE 16 – FUND BALANCES – ASSIGNED AND RESTRICTED:

A) Restricted: Appropriated:

The District expects to appropriate the following amounts from reserves, which are reported in the June 30, 2016 restricted fund balances to fund and reduce taxes for the year ending June 30, 2017:

Workers' compensation	\$22,000
Unemployment	6,250

NOTE 17 – COMMITMENTS AND CONTINGENCIES

A) Grants:

The District has received grants which are subject to audit by agencies of the state and federal governments. Such audits may result in disallowances and a request for a return of funds. Based on prior audits, the District's administration believes disallowances, if any, will be immaterial.

B) Operating Leases:

The District leases various copiers under non-cancelable operating leases. Rental expense of \$10,464 was incurred for the fiscal year ended June 30, 2016. Below is a summary of future obligations under operating leases:

Fiscal Year Ending June 30,	Total

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Education
Bridgehampton Union Free School District
Bridgehampton, New York

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the fiduciary funds of the Bridgehampton Union Free School District (District), as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated September 15, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Bridgehampton Union Free School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Bridgehampton Union Free School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Bridgehampton Union Free School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Bridgehampton Union Free School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

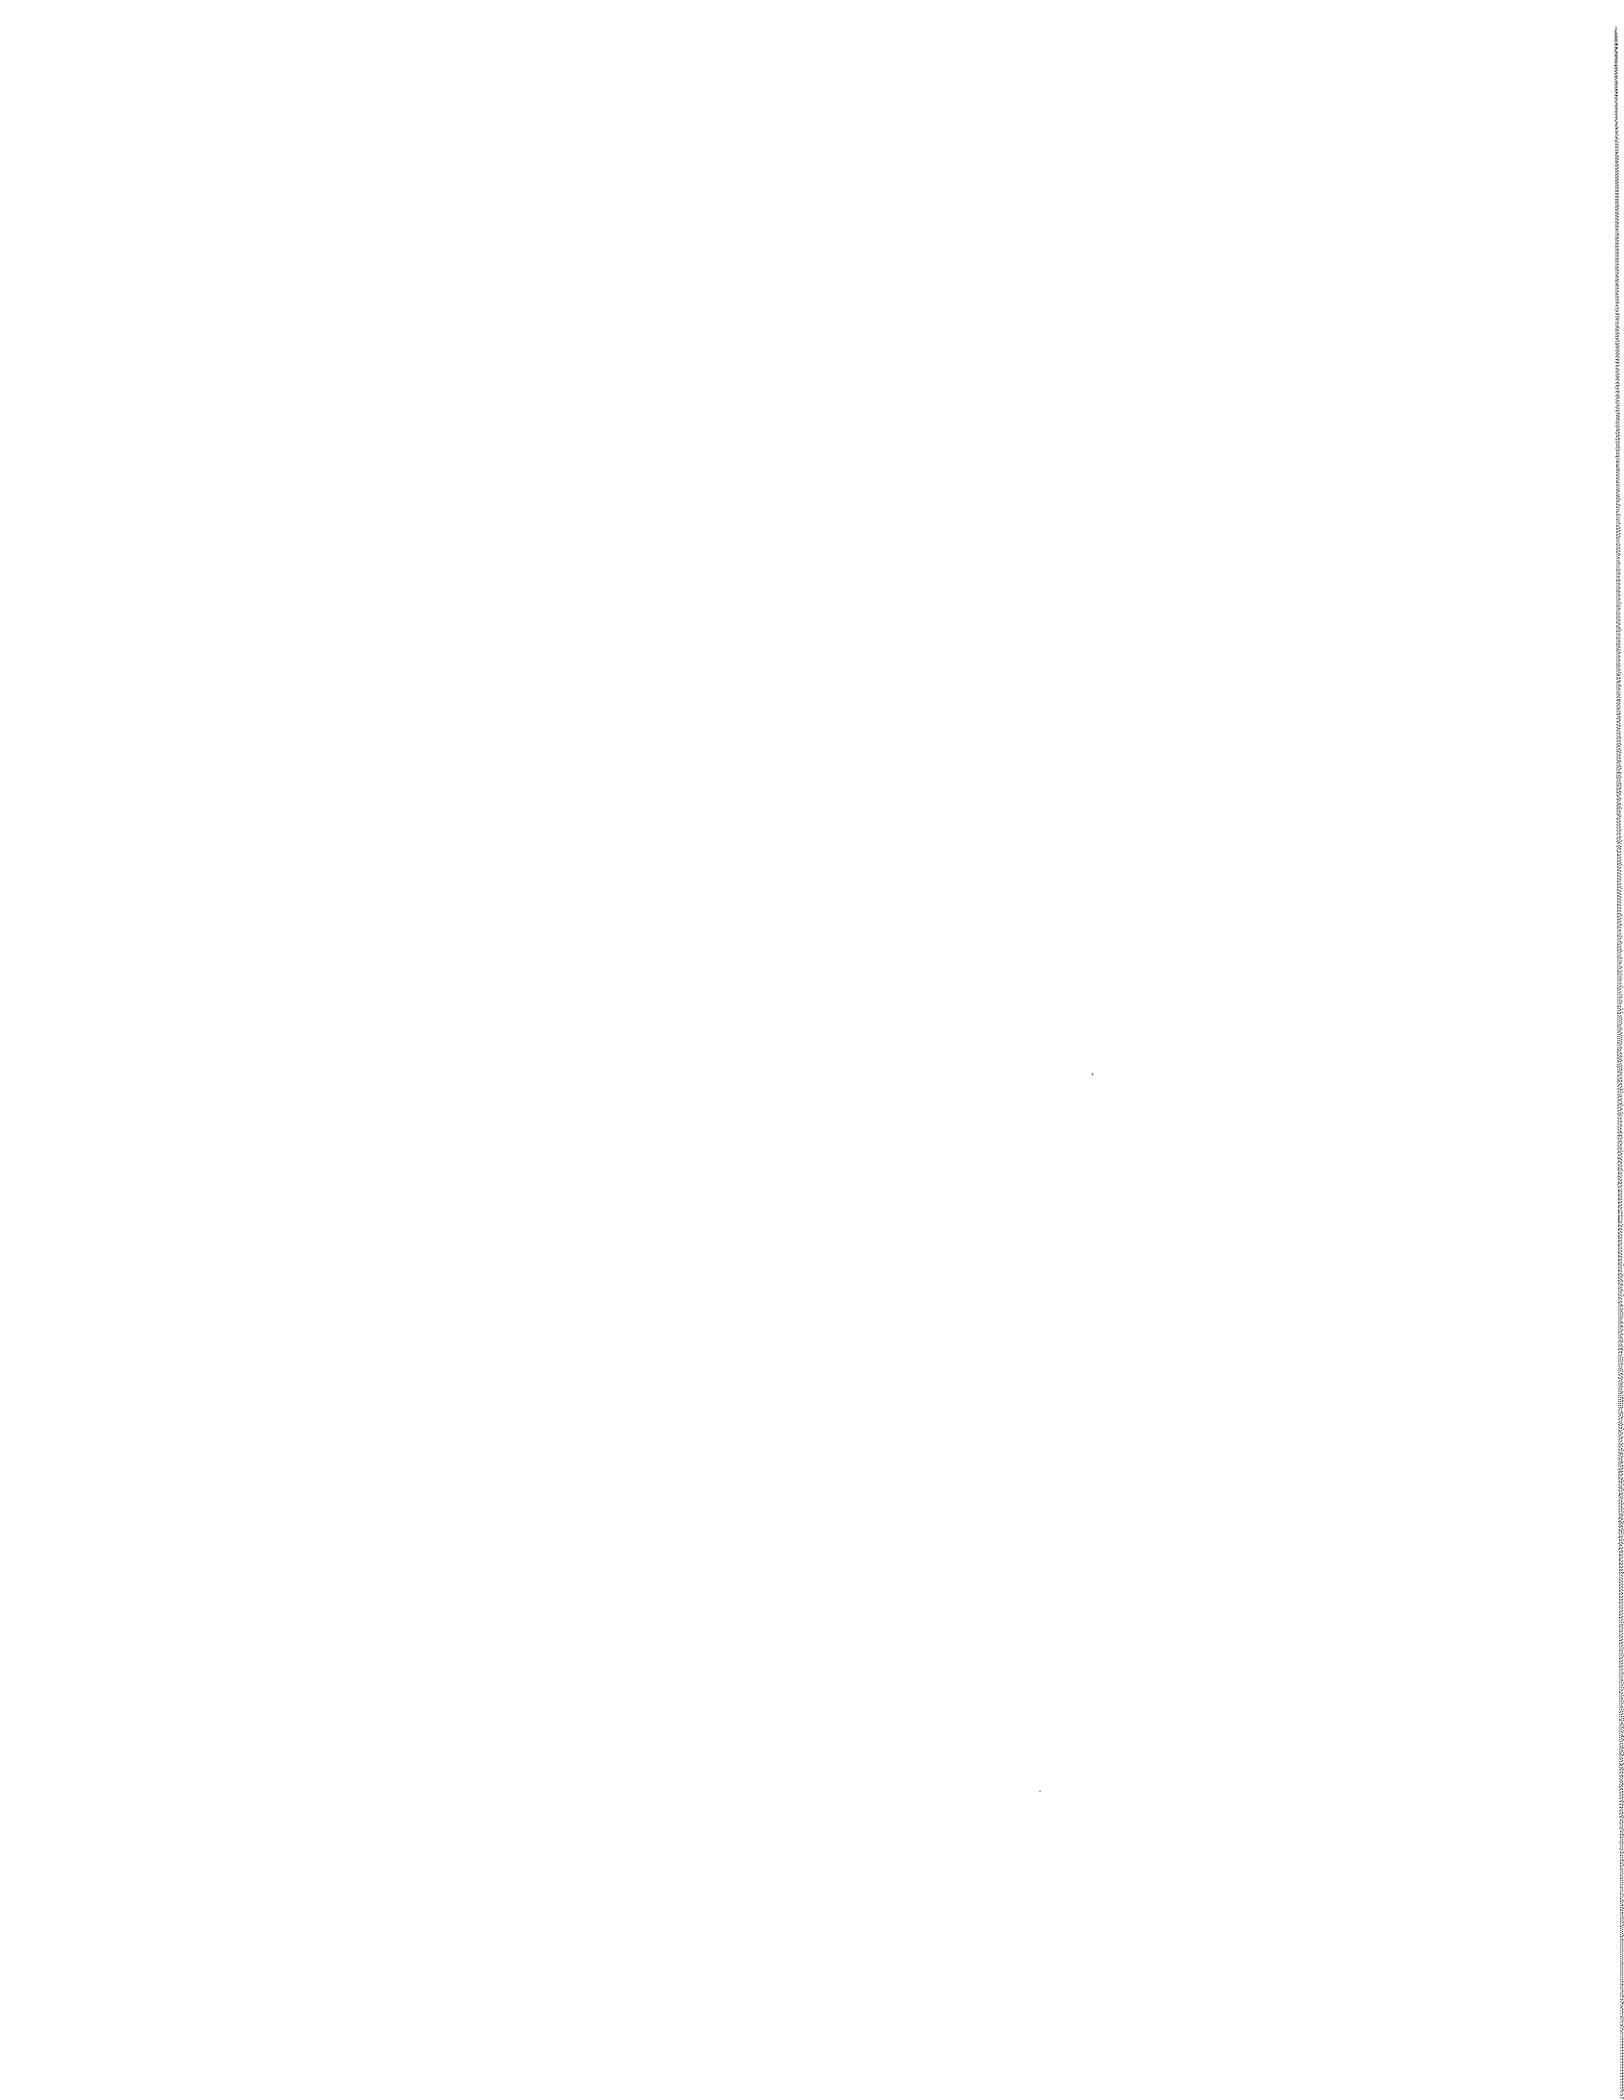

We noted certain matters that we have reported to the Board of Education, Audit Committee and management of the Bridgehampton Union Free School District in a separate letter dated September 15, 2016.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

APPENDIX D

FORM OF APPROVING LEGAL OPINION OF BOND COUNSEL

FORM OF BOND COUNSEL OPINION

The Board of Education of
Bridgehampton Union Free School District,
in the County of Suffolk, New York

Ladies and Gentlemen:

We have acted as Bond Counsel to the Bridgehampton Union Free School District (the "School District"), in the County of Suffolk, a school district of the State of New York in connection with the authorization, sale and issuance of the \$4,500,000 Tax Anticipation Note for 2017-2018 Taxes (the "Note"), dated and delivered on the date hereof.

We have examined a record of proceedings relating to the Note for purposes of this opinion. In such examination, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals and the conformity with originals of all documents submitted to us as copies thereof.

Based on and subject to the foregoing, and in reliance thereon, as of the date hereof, we are of the following opinions:

1. The Note is a valid and legally binding general obligation of the School District for which the School District has validly pledged its faith and credit and, unless paid from other sources, all the taxable real property within the School District is subject to the levy of ad valorem real estate taxes to pay the Note and interest thereon subject to certain statutory limitations imposed under Chapter 97 of the New York Laws of 2011, as amended. The enforceability of rights or remedies with respect to such Note may be limited by bankruptcy, insolvency, or other laws affecting creditors' rights or remedies heretofore or hereafter enacted.

2. Under existing statutes and court decisions and assuming continuing compliance with certain tax representations described herein, (i) interest on the Note is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and (ii) interest on the Note is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code; such interest, however, is included in the adjusted current earnings of certain corporations for purposes of calculating the alternative minimum tax imposed on such corporations.

The Code establishes certain requirements that must be met subsequent to the issuance of the Note in order that the interest on the Note be and remain excludable from gross income for federal income tax purposes under Section 103 of the Code. These requirements include, but are not limited to, requirements relating to the use and expenditure of proceeds of the Note, restrictions on the investment of proceeds of the Note prior to expenditure and the requirement that certain earnings be rebated to the federal government. Noncompliance with such requirements may cause the interest on the Note to become subject to federal income taxation

retroactive to the date of issuance thereof, irrespective of the date on which such noncompliance occurs or is ascertained.

On the date of issuance of the Note, the School District will execute a Tax Certificate relating to the Note containing provisions and procedures pursuant to which such requirements can be satisfied. In executing the Tax Certificate, the School District represents that it will comply with the provisions and procedures set forth therein and that it will do and perform all acts and things necessary or desirable to assure that the interest on the Note will, for federal income tax purposes, be excluded from gross income.

In rendering the opinion in this paragraph 2, we have relied upon and assumed (i) the material accuracy of the School District's representations, statements of intention and reasonable expectations, and certifications of fact contained in the Tax Certificate with respect to matters affecting the status of the interest on the Note, and (ii) compliance by the School District with the procedures and representations set forth in the Tax Certificate as to such tax matters.

3. Under existing statutes, interest on the Note is exempt from personal income taxes of New York State and its political subdivisions, including The City of New York.

Except as stated in paragraphs 2 and 3 above, we express no opinion as to any other federal, state or local tax consequences with respect to the Note or the ownership or disposition thereof. Further, we express no opinion herein as to the effect of any action hereafter taken or not taken in reliance upon an opinion of other counsel on the exclusion from gross income for federal income tax purposes of the interest on the Note, or under state and local tax law.

We render our opinion under existing statutes and court decisions as of the date of issuance of the Note, and we assume no obligation to update, revise or supplement this opinion after the issue date to reflect any action hereafter taken or not taken, or any facts or circumstances, or any change in law or in interpretations thereof, or otherwise, that may hereafter arise or occur, or for any other reason.

We give no assurances as to the adequacy, sufficiency or completeness of the Preliminary Official Statement and/or Official Statement relating to the Notes or any proceedings, reports, correspondence, financial statements or other documents, containing financial or other information relative to the School District which have been or may hereafter be furnished or disclosed to purchasers of ownership interest in said Note.

Very truly yours,

Section 2. Obligation to Provide Notices of Events. (a) The Issuer hereby undertakes, for the benefit of Holders of the Securities, to provide or cause to be provided either directly or through Munistat Services, Inc., 12 Roosevelt Avenue, Port Jefferson Station, New York, 11776 to the Electronic Municipal Market Access (“EMMA”) System implemented by the Municipal Securities Rulemaking Board established pursuant to Section 15B(b)(1) of the Securities Exchange Act of 1934, or any successor thereto or to the functions of such Board contemplated by the Undertaking, in a timely manner, not in excess of ten (10) business days after the occurrence of any such event, notice of any of the following events with respect to the Securities:

- (1) principal and interest payment delinquencies;
- (2) non-payment related defaults, if material;
- (3) unscheduled draws on debt service reserves reflecting financial difficulties;

- (4) unscheduled draws on credit enhancements reflecting financial difficulties;
- (5) substitution of credit or liquidity providers, or their failure to perform;
- (6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices of determinations with respect to the tax status of the Securities, or other material events affecting the tax status of the Securities;
- (7) modifications to rights of Securities holders, if material;
- (8) Bond calls, if material, and tender offers;
- (9) defeasances;
- (10) release, substitution, or sale of property securing repayment of the Securities, if material;
- (11) rating changes;
- (12) bankruptcy, insolvency, receivership or similar event of the Issuer;

Note to clause (12): For the purposes of the event identified in clause (12) above, the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the Issuer in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or government authority has assumed jurisdiction over substantially all of the assets or business of the Issuer, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the Issuer;

- (13) the consummation of a merger, consolidation, or acquisition involving the Issuer or the sale of all or substantially all of the assets of the Issuer, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; and
- (14) appointment of a successor or additional trustee or the change of name of a trustee, if material.

(b) Nothing herein shall be deemed to prevent the Issuer from disseminating any other information in addition to that required hereby in the manner set forth herein or in any other manner. If the Issuer disseminates any such additional information, the Issuer shall have no obligation to update such information or include it in any future materials disseminated hereunder.

(c) Nothing herein shall be deemed to prevent the Issuer from providing notice of the occurrence of certain other events, in addition to those listed above, if the Issuer determines that any such other event is material with respect to the Securities; but the Issuer does not undertake to commit to provide any such notice of the occurrence of any event except those events listed above.

Section 3. Remedies. If the Issuer shall fail to comply with any provision of this Undertaking, then any Holder of Securities may enforce, for the equal benefit and protection of all Holders similarly situated, by mandamus or other suit or proceeding at law or in equity, this Undertaking against the Issuer and any of the officers, agents and employees of the Issuer, and may compel the Issuer or any such officers, agents or employees to perform and carry out their duties under this Undertaking; provided that the sole and exclusive remedy for breach of this Undertaking shall be an action to compel specific performance of the obligations of the Issuer hereunder and no person or entity shall be entitled to recover monetary damages hereunder under any circumstances. Failure to comply with any provision of this Undertaking shall not constitute an event of default on the Securities.

Section 4. Parties in Interest. This Undertaking is executed to assist the Purchaser to comply with (b)(5) of the Rule and is delivered for the benefit of the Holders. No other person shall have any right to enforce the provisions hereof or any other rights hereunder.

Section 5. Amendments. Without the consent of any holders of Securities, the Issuer at any time and from time to time may enter into any amendments or changes to this Undertaking for any of the following purposes:

- (a) to comply with or conform to any changes in Rule 15c2-12 (whether required or optional);
- (b) to add a dissemination agent for the information required to be provided hereby and to make any necessary or desirable provisions with respect thereto;
- (c) to evidence the succession of another person to the Issuer and the assumption of any such successor of the duties of the Issuer hereunder;
- (d) to add to the duties of the Issuer for the benefit of the Holders, or to surrender any right or power herein conferred upon the Issuer;
- (e) to cure any ambiguity, to correct or supplement any provision hereof which may be inconsistent with any other provision hereof, or to make any other provisions with respect to matters or questions arising under this Undertaking which, in each case, comply with Rule 15c2-12 or Rule 15c2-12 as in effect at the time of such amendment or change;

provided that no such action pursuant to this Section 5 shall adversely affect the interests of the Holders in any material respect. In making such determination, the Issuer shall rely upon an opinion of nationally recognized bond counsel.

Section 6. Termination. This Undertaking shall remain in full force and effect until such time as all principal, redemption premiums, if any, and interest on the Securities shall have been paid in full or the Securities shall have otherwise been paid or legally defeased in accordance with their terms. Upon any such legal defeasance, the Issuer shall provide notice of such defeasance to the EMMA System. Such notice shall state whether the Securities have been defeased to maturity or to redemption and the timing of such maturity or redemption.

Section 7. Undertaking to Constitute Written Agreement or Contract. This Undertaking shall constitute the written agreement or contract for the benefit of Holders of Securities, as contemplated under Rule 15c2-12.

Section 8. Governing Law. This Undertaking shall be governed by the laws of the State of New York determined without regard to principles of conflict of law.

IN WITNESS WHEREOF, the undersigned has duly authorized, executed and delivered this Undertaking as of September 19, 2017.
