

PRELIMINARY OFFICIAL STATEMENT DATED AUGUST 16, 2021

NEW ISSUE

TAX ANTICIPATION NOTES

In the opinion of Hawkins Delafield & Wood LLP, Bond Counsel to the District, under existing statutes and court decisions and assuming continuing compliance with certain tax certifications described herein, (i) interest on the Notes is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and (ii) interest on the Notes is not treated as a preference item in calculating the alternative minimum tax under the Code. In addition, in the opinion of Bond Counsel to the District, under existing statutes, interest on the Notes is exempt from personal income taxes of New York State and its political subdivisions, including The City of New York. (See "Tax Matters" herein).

The District will designate the Notes as "qualified tax-exempt obligations" pursuant to the provisions of Section 265(b)(3) of the Code.

**ROCKY POINT UNION FREE SCHOOL DISTRICT
SUFFOLK COUNTY, NEW YORK**

**\$3,500,000* TAX ANTICIPATION NOTES FOR 2021-2022 TAXES
(the "Notes")**

Date of Issue: September 9, 2021

Maturity Date: June 24, 2022

The Notes are general obligations of the Rocky Point Union Free School District, in Suffolk County, New York (the "District"), and will contain a pledge of the faith and credit of the District for the payment of the principal of and interest on the Notes and, unless paid from other sources, the Notes are payable from ad valorem taxes which may be levied upon all the taxable real property within the District, subject to certain statutory limitations. (See "*The Tax Levy Limit Law*" herein.)

The Notes will not be subject to redemption prior to maturity.

The Notes will be issued in registered form and, at the option of the purchaser(s), the Notes will be (i) registered in the name of the successful bidder(s) or (ii) registered to Cede & Co., as the partnership nominee for The Depository Trust Company, New York, New York ("DTC") as book-entry notes.

If the Notes are registered in the name of the successful bidder(s), a single note certificate will be issued for those Notes bearing the same rate of interest in the aggregate principal amount awarded to such purchaser(s) at such interest rate. Principal of and interest on such Notes will be payable in Federal Funds by the District, at such bank or trust company located and authorized to do business in the State of New York as selected by the successful bidders.

If the Notes are issued in book-entry form, such notes will be delivered to DTC, which will act as securities depository for the Notes. Beneficial owners will not receive certificates representing their interest in the Notes. Individual purchases may be made in denominations of \$5,000 or integral multiples thereof. A single note certificate will be issued for those Notes bearing the same rate of interest and CUSIP number in the aggregate principal amount awarded to such purchaser(s) at such interest rate. Principal of and interest on said Notes will be paid in Federal Funds by the District to Cede & Co., as nominee for DTC, which will in turn remit such principal and interest to its participants for subsequent distribution to the beneficial owners of the Notes as described herein. Transfer of principal and interest payments to beneficial owners by participants of DTC will be the responsibility of such participants and other nominees of beneficial owners. The District will not be responsible or liable for payments by DTC to its participants or by DTC participants to beneficial owners or for maintaining, supervising or reviewing the records maintained by DTC, its participants or persons acting through such participants. (See "*Book-Entry-Only System*" herein).

Proposals for the Notes will be received at 11:00 A.M. (Prevailing Time) on August 25, 2021 at the offices of Munistat Services, Inc., 12 Roosevelt Avenue, Port Jefferson Station, New York 11776.

The Notes are offered subject to the final approving opinion of Hawkins Delafield & Wood LLP, New York, New York, Bond Counsel, and certain other conditions. Munistat Services, Inc. has served as Municipal Advisor to the District in connection with the issuance of the Notes. It is expected that delivery of the Notes will be made in New York, New York or as otherwise agreed on or about September 9, 2021.

THIS PRELIMINARY OFFICIAL STATEMENT IS IN A FORM "DEEMED FINAL" BY THE DISTRICT FOR THE PURPOSES OF SECURITIES AND EXCHANGE COMMISSION RULE 15c2-12 (THE "RULE"). FOR A DESCRIPTION OF THE DISTRICT'S AGREEMENT TO PROVIDE CONTINUING DISCLOSURE FOR THE NOTES, AS DESCRIBED IN THE RULE, SEE "DISCLOSURE UNDERTAKING" HEREIN.

SUFFOLK COUNTY, NEW YORK**

Relating To

**\$3,500,000* TAX ANTICIPATION NOTES FOR 2021-2022 TAXES
(the "Notes")**

This Official Statement, including the cover page and appendix hereto, presents certain information relating to the Rocky Point Union Free School District in the County of Suffolk, State of New York (the "District," "County" and "State," respectively) in connection with the sale of \$3,500,000* Tax Anticipation Notes for 2021-2022 Taxes (the "Notes").

All quotations from and summaries and explanations of provisions of the Constitution and laws of the State and acts and proceedings of the District contained herein do not purport to be complete and are qualified in their entirety by reference to the official compilations thereof and all references to the Notes and the proceedings of the District relating thereto are qualified in their entirety by reference to the definitive form of the Notes and such proceedings.

This Official Statement should be read with the understanding that the ongoing COVID-19 global pandemic has created prevailing economic conditions (at the global, national, State and local levels) that are highly uncertain, generally negative, and rapidly changing, and these conditions are expected to continue for an indefinite period of time. Accordingly, the District's overall economic situation and outlook (and all of the specific District-related information contained herein) should be carefully reviewed, evaluated and understood in the full light of this unprecedented world-wide event, the effects of which are extremely difficult to predict and quantify. See "*RISK FACTORS*" herein.

THE NOTES

Description

The Notes will be dated and will mature, without option of prior redemption, as reflected on the cover page hereof.

The District will act as Paying Agent for any Notes issued in book-entry form and the purchaser(s) will serve as paying agent for the Notes registered in the name of the purchaser(s). Paying agent fees, if any, will be paid by the purchaser(s). The District's contact information is as follows: Christopher A. Van Cott, Assistant Superintendent for Business and Operations, Rocky Point Union Free School District, 90 Rocky Point-Yaphank Road, Rocky Point, NY 11778, Phone (631) 849-7564, Fax (631) 209-0627 and email: chrisvancott@rpufsd.org.

Optional Redemption

The Notes will not be subject to redemption prior to their maturity.

Book-entry-only System

In the event that the Notes are issued in book-entry form, DTC will act as securities depository for the Notes and the Notes will be issued as fully-registered notes registered in the name of Cede & Co., (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered note certificate will be issued for each Note bearing the same rate of interest and CUSIP number and will be deposited with DTC.

*Preliminary, subject to change.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of the Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Notes on DTC's records. The ownership interest of each actual purchaser of each bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Notes, except in the event that use of the book-entry system for the Notes is discontinued.

To facilitate subsequent transfers, all Notes deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Notes unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Notes at any time by giving reasonable notice to the District. Under such circumstances, in the event that a successor depository is not obtained, note certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, note certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the accuracy thereof.

Authorization for and Purpose of Notes

The Notes are issued pursuant to the Constitution and laws of the State, including Sections 24.00 and 39.00 of the Local Finance Law, constituting Chapter 33-a of the Consolidated Laws of New York, and a tax anticipation note resolution adopted by the Board of Education of the District to finance cash flow requirements in anticipation of the collection of 2021-2022 real property taxes levied for school purposes on all taxable real property in the District. The proceeds of the Notes may be used only for the purposes for which such taxes have been or are to be levied, as specified in the 2021-2022 annual budget of the District, unless all of said purposes have been paid and satisfied, in which case the proceeds of the notes may be used for any lawful school purpose. The proceeds of the Notes will not be used for the redemption or renewal of any outstanding tax anticipation or revenue anticipation notes.

Pursuant to Section 24.00(e) of the Local Finance Law, generally, whenever the amount of the Notes and any additional tax anticipation notes issued by the District in anticipation of the receipt of 2021-2022 real property taxes equals the amount of such taxes remaining uncollected, the District is required to set aside in a special bank account all of such uncollected taxes as thereafter collected, and to use the amounts so set aside only for the purpose of paying such Notes. Interest on the Notes will be provided from budget appropriations.

Security and Source of Payment

Each Note when duly issued and paid for will constitute a contract between the District and the holder thereof.

The Notes will be general obligations of the District and will contain a pledge of the faith and credit of the District for the payment of the principal thereof and the interest thereon. For the payment of such principal of and interest on the Notes, the District has the power and statutory authorization to levy ad valorem taxes on all taxable real property in the District, subject to certain statutory limitations imposed by the Chapter 97 of the New York Laws of 2011, as amended.

Under the Constitution of the State, the District is required to pledge its faith and credit for the payment of the principal of and interest on the Notes, and the State is specifically precluded from restricting the power of the District to levy taxes on real estate for the payment of interest on or principal of indebtedness theretofore contracted. However, the Tax Levy Limit Law, (herein referred to as the "Tax Levy Limit Law" or "Law"), imposes a limitation on the power of local governments and school districts, including the District, to increase their annual tax levy, with the amount of such year to year increase limited by the formulas set forth in the Tax Levy Limit Law. The Tax Levy Limit Law also provides the procedural method to overcome that limitation. In addition, the Tax Levy Limit Law expressly provides an exclusion from the annual tax levy limitation for any taxes levied to pay the local share of debt service on bonds or notes issued to finance voter approved capital expenditures, or the refinancing or refunding of such bonds or notes. The exclusion does NOT apply to taxes to pay debt service on tax anticipation notes (such as the Notes), revenue anticipation notes, budget notes and deficiency notes, and any obligations issued to finance deficits and certain judgments, including tax certiorari refund payments. (See "*The Tax Levy Limit Law*," herein.)

REMEDIES UPON DEFAULT

Neither the Notes, nor the proceedings with respect thereto, specifically provide any remedies which would be available to owners of the Notes should the District default in the payment of principal of or interest on the Notes, nor do they contain any provisions for the appointment of a trustee to enforce the interests of the owners of the Notes upon the occurrence of any such default. The Notes are general obligation contracts between the District and the owners for which the faith and credit of the District are pledged and while remedies for enforcement of payment are not expressly included in the District's contract with such owners, any permanent repeal by statute or constitutional amendment of a bondholder's and/or noteholder's remedial right to judicial enforcement of the contract should, in the opinion of Bond Counsel, be held unconstitutional.

Upon default in the payment of principal of or interest on the Notes at the suit of the owner, a Court has the power, in proper and appropriate proceedings, to render judgment against the District. The present statute limits interest on the amount adjudged due to contract creditors to nine per centum per annum from the date due to the date of payment. As a general rule, property and funds of a municipal corporation serving the public welfare and interest have not been judicially subjected to execution or attachment to satisfy a judgment. A Court also has

the power, in proper and appropriate proceedings, to order payment of a judgment on such bonds or notes from funds lawfully available therefor or, in the absence thereof, to order the District to take all lawful action to obtain the same, including the raising of the required amount in the next annual tax levy. In exercising its discretion as to whether to issue such an order, the Court may take into account all relevant factors, including the current operating needs of the District and the availability and adequacy of other remedies. Upon any default in the payment of the principal of or interest on the Notes, the owner of such Notes could, among other remedies, seek to obtain a writ of mandamus from a Court ordering the governing body of the District to assess, levy and collect an ad valorem tax, upon all taxable property of the District subject to taxation by the District sufficient to pay the principal of and interest on the Notes as the same shall come due and payable (and interest from the due date to date of payment) and otherwise to observe the covenants contained in the Notes and the proceedings with respect thereto all of which are included in the contract with the owners of the Notes. The mandamus remedy, however, may be impracticable and difficult to enforce. Further, the right to enforce payment of the principal of or interest on the Notes may be limited by bankruptcy, insolvency, reorganization, moratorium and similar laws and equitable principles, which may limit the specific enforcement of certain remedies.

In 1976, the New York Court of Appeals, the State's highest court, held in *Flushing National Bank v. Municipal Assistance Corporation for the City of New York*, 40 N.Y.2d 731 (1976), that the New York State legislation purporting to postpone the payment of debt service on New York City obligations was an unconstitutional moratorium in violation of the New York State constitutional faith and credit mandate included in all municipal debt obligations. While that case can be viewed as a precedent for protecting the remedies of Noteholders, there can be no assurance as to what a Court may determine with respect to future events, including financial crises as they may occur in the State and in municipalities of the State, that require the exercise by the State of its emergency and police powers to assure the continuation of essential public services. (See also, *Flushing National Bank v. Municipal Assistance Corporation for the City of New York*, 40 N.Y.2d 1088 (1977), where the Court of Appeals described the pledge as a direct Constitutional mandate.)

As a result of the Court of Appeals decision, the constitutionality of that portion of Title 6-A of Article 2 of the Local Finance Law enacted at the 1975 Extraordinary Session of the State legislature authorizing any county, city, town or village with respect to which the State has declared a financial emergency to petition the State Supreme Court to stay the enforcement against such municipality of any claim for payment relating to any contract, debt or obligation of the municipality during the emergency period, is subject to doubt. In any event, no such emergency has been declared with respect to the District.

Pursuant to Article VIII, Section 2 of the State Constitution, the District is required to provide an annual appropriation of monies for the payment of due and payable principal of and interest on indebtedness. Specifically, this constitutional provision states: "If at any time the respective appropriating authorities shall fail to make such appropriations, a sufficient sum shall be set apart from the first revenues thereafter received and shall be applied to such purposes. The fiscal officer of any county, city, town, village or school district may be required to set aside and apply such revenues as aforesaid at the suit of any holder of obligations issued for any such indebtedness." This constitutes a specific non-exclusive constitutional remedy against a defaulting municipality or school district; however, it does not apply in a context in which monies have been appropriated for debt service but the appropriating authorities decline to use such monies to pay debt service. However, Article VIII, Section 2 of the Constitution of the State also provides that the fiscal officer of any county, city, town, village or school district may be required to set apart and apply such revenues at the suit of any holder of any obligations of indebtedness issued with the pledge of the faith of the credit of such political subdivision. In *Quirk v. Municipal Assistance Corp.*, 41 N.Y.2d 644 (1977), the Court of Appeals described this as a "first lien" on revenues, but one that does not give holders a right to any particular revenues. It should thus be noted that the pledge of the faith and credit of a political subdivision in the State is a pledge of an issuer of a general obligation bond or note to use its general revenue powers, including, but not limited to, its property tax levy, to pay debt service on such obligations, but that such pledge may or may not be interpreted by a court of competent jurisdiction to include a constitutional or statutory lien upon any particular revenues. The Constitutional provision providing for first revenue set asides does not apply to tax anticipation notes, revenue anticipation notes or bond anticipation notes.

While the courts in the State have historically been protective of the rights of holders of general obligation debt of political subdivisions, it is not possible to predict what a future court might hold.

In prior years, certain events and legislation affecting a holder's remedies upon default have resulted in litigation. While courts of final jurisdiction have generally upheld and sustained the rights of bondholders and/or noteholders, such courts might hold that future events, including a financial crisis as such may occur in the State or in political subdivisions of the State, may require the exercise by the State or its political subdivisions of emergency and police powers to assure the continuation of essential public services prior to the payment of debt service.

SECTION 99-B OF THE STATE FINANCE LAW APPLICABLE TO SCHOOL DISTRICTS

Section 99-b of the State Finance Law (the "SFL") provides for a covenant between the State and the purchasers and the holders and owners from time to time of the bonds and notes issued by school districts in the State for school purposes that it will not repeal, revoke or rescind the provisions of Section 99-b of the SFL, or amend or modify the same so as to limit, impair or impede the rights and remedies granted thereby.

Said section provides that in the event a holder or owner of any bond or note issued by a school district for school purposes shall file with the State Comptroller, a verified statement describing such bond or note and alleging default in the payment thereof or the interest thereon or both, it shall be the duty of the State Comptroller to immediately investigate the circumstances of the alleged default and prepare and file in his office a certificate setting forth his determinations with respect thereto and to serve a copy thereof by registered mail upon the chief fiscal officer of the school district which issued the bond or note. Such investigation by the State Comptroller shall set forth a description of all such bonds and notes of the school district found to be in default and the amount of principal and interest thereon past due.

Upon the filing of such a certificate in the office of the State Comptroller, he shall thereafter deduct and withhold from the next succeeding allotment, apportionment or payment of such State aid or assistance due to such school district such amount thereof as may be required to pay (a) the school district's contribution to the State Teachers' Retirement System, and (b) the principal of and interest on such bonds and notes of such school district then in default. In the event such State aid or assistance initially so withheld shall be insufficient to pay said amounts in full, the State Comptroller shall similarly deduct and withhold from each succeeding allotment, apportionment or payment of such State aid or assistance due such school district such amount or amounts thereof as may be required to cure such default. Allotments, apportionments and payments of such State aid so deducted or withheld by the State Comptroller for the payment of principal and interest on the bonds and notes shall be forwarded promptly to the paying agent or agents for the bonds and notes in default of such school district for the sole purpose of the payment of defaulted principal of and interest on such bonds or notes. If any such successive allotments, apportionments or payment of such State aid so deducted or withheld shall be less than the amount of all principal and interest on the bonds and notes in default with respect to which the same was so deducted or withheld, then the State Comptroller shall promptly forward to each paying agent an amount in the proportion that the amount of such bonds and notes in default payable to such paying agent bears to the total amount of the principal and interest then in default on such bonds and notes of such school district. The State Comptroller shall promptly notify the chief fiscal officer of such school district of any payment or payments made to any paying agent or agents of defaulted bonds or notes pursuant to said section of the SFL.

NO PAST DUE DEBT

No principal or interest payment on District indebtedness is past due. The District has never defaulted in the payment of the principal of and/or interest on any indebtedness.

BANKRUPTCY

The Federal Bankruptcy Code (Chapter IX) allows public bodies, such as municipalities, recourse to the protection of a Federal Court for the purpose of adjusting outstanding indebtedness. Title 6-A of the Local Finance Law specifically authorizes any municipality in the State or its emergency control board to file a petition under any provision of Federal bankruptcy law for the composition or adjustment of municipal indebtedness. While this Local Finance Law provision does not apply to school districts, there can be no assurance that it will not become applicable in the future. As such, the undertakings of the District should be considered with reference, specifically, to Chapter IX, and, in general, to other bankruptcy laws affecting creditors' rights and municipalities. Bankruptcy proceedings by the District if authorized by the State in the future could have adverse effects on bondholders and/or noteholders including (a) delay in the enforcement of their remedies, (b) subordination of their claims to those supplying goods and services to the District after the initiation of bankruptcy proceedings and to the administrative expenses of bankruptcy proceedings and (c) imposition without their consent of a reorganization plan reducing or delaying payment of the Notes.

The above references to said Chapter IX are not to be construed as an indication that the State will consent in the future to the right of the District to file a petition with any United States district court or court of bankruptcy under any provision of the laws of the United States, now or hereafter in effect for the composition or adjustment of municipal indebtedness or that the District is currently considering or expects to resort to the provisions of Chapter IX if authorized to do so in the future.

THE DISTRICT

Description

The District is located on the north shore of Long Island with the Long Island Sound directly to the north, Shoreham to the east, Middle Island and Ridge to the south and Miller Place to the west. The commercial center of Port Jefferson lies ten miles to the west. The District has an area of approximately nine square miles with the majority of the dwellings located in the northern section within a short distance of the Long Island Sound and the beaches and boating facilities located along the shoreline.

New York State Route 25A (North Country Road) bisects the District and is a major east-west road artery. Rocky Point-Yaphank Road (Hallock Landing Road) is the main north-south artery. The area also has a number of smaller light industrial units and considerable commercial properties along North Country Road and along Broadway which intersects Route 25A in the heart of the commercial center. The District has evolved into a full-time year-round residential community with a slightly increased summer population.

Police protection is provided by the Suffolk County Police Department and fire protection by the local volunteer fire departments. In addition to local employment, residents may find employment by the nearby Brookhaven National Laboratory and at some of the other larger employers such as the Internal Revenue Service Center.

District Organization

The District is an independent entity governed by an elected board of education comprised of five members. District operations are subject to the provisions of the State Education Law affecting school districts; other statutes applicable to the District include the General Municipal Law, the Local Finance Law and the Real Property Tax Law.

Members of the Board of Education are elected on a staggered term basis by qualified voters at the annual election of the District held in May. The term of office for each board member is 3 years and the number of terms that may be served is unrestricted. A President is selected by the Board of Education from its members and also serves as the chief fiscal officer of the District. The Board of Education is vested with various powers and duties as set forth in the Education Law. Among these are the adoption of annual budgets (subject to voter approval), the levy of real property taxes for the support of education, the appointment of such employees as may be necessary, and other such duties reasonably required to fulfill the responsibilities provided by law.

The Board of Education appoints the Superintendent of Schools who serves at the pleasure of the Board. Such Superintendent is the chief executive officer of the District and the education system. It is the responsibility of the Superintendent to enforce all provisions of law and all rules and regulations relating to the management of the schools and other educational, social and recreational activities under the direction of the Board of Education. Also, certain of the financial functions of the District are the responsibility of the Superintendent of Schools, the District Treasurer and the Assistant Superintendent for Business.

Economy

The District is primarily residential in nature. Commercial activity is located along the major thoroughfares, downtown retail centers, and along the waterfront. Employment opportunities are available to residents throughout Nassau and Suffolk Counties, with some commuting to New York City.

Transportation

The following transportation facilities are available to residents of the District:

The District is traversed by the Long Island Expressway (Interstate 495), New York State Routes 27 (Sunrise Highway) and 27A. Rail transportation is provided by the Long Island Railroad. Long Island MacArthur Airport is located approximately 25 miles west of the District.

Utilities and Services

Water, electric, gas, and fire and police protection are provided to residents of the District as follows: Water service is provided by the Suffolk County Water Authority; gas and electric by PSEG Long Island and National Grid. Police protection is furnished by the Suffolk County Police Department, while fire protection is available from local volunteer units.

INDEBTEDNESS OF THE DISTRICT

Constitutional and Statutory Requirements

The New York State Constitution and Local Finance Law limit the power of the District (and other municipalities and school districts of the State) to issue obligations and to contract indebtedness. Such constitutional and statutory limitations include the following, in summary form, and are generally applicable to the District and the Notes:

Purpose and Pledge. The District shall not give or loan any money or property to or in aid of any individual, or private corporation or private undertaking or give or loan its credit to or in aid of any of the foregoing or any public corporation.

The District may contract indebtedness only for a District purpose and shall pledge its faith and credit for the payment of principal of and interest thereon.

Payment and Maturity. Except for certain short-term indebtedness contracted in anticipation of taxes (such as the Notes) or to be paid in one of the two fiscal years immediately succeeding the fiscal year in which such indebtedness was contracted, indebtedness shall be paid in annual installments commencing no later than two years after the date such indebtedness shall have been contracted and ending no later than the period of probable usefulness of the object or purpose determined by statute or, in the alternative, the weighted average period of probable usefulness of the several objects or purposes for which such indebtedness is to be contracted; no installment may be more than fifty per centum in excess of the smallest prior installment, unless the District has authorized the issuance of indebtedness having substantially level or declining annual debt service. The District is required to provide an annual appropriation for the payment of interest due during the year on its indebtedness and for the amounts required in such year for amortization and redemption of its serial bonds, bond anticipation notes and capital notes.

General. The District is further subject to constitutional limitation by the general constitutionally imposed duty on the State Legislature to restrict the power of taxation and contracting indebtedness to prevent abuses in the exercise of such power; however, the State Legislature is prohibited by a specific constitutional provision from restricting the power of the District to levy taxes on real estate for the payment of interest on or principal of indebtedness theretofore contracted. There is no constitutional limitation on the amount that may be raised by the District by tax on real estate in any fiscal year to pay principal of and interest on all indebtedness. However, the Tax Levy Limit Law imposes a statutory limitation on the power of the District to increase its annual tax levy. (See "*The Tax Levy Limit Law*" herein).

Statutory Procedure

In general, the State Legislature has, by the enactment of the Local Finance Law, authorized the powers and procedure for the District to borrow and incur indebtedness subject, of course, to the constitutional provisions set forth above. The power to spend money, however, generally derives from other law, including the Education Law.

The Board of Education, as the finance board of the District, has the power to enact tax anticipation note resolutions. Such resolutions may authorize the issuance of tax anticipation notes in an aggregate principle amount necessary to fund anticipated cash flow deficits but in no event exceeding the amount of real property taxes levied or to be levied by the District, less any tax anticipation notes previously issued and less the amount of such taxes previously received by the District.

The Board of Education, as the finance board of the District, also has the power to authorize the sale and issuance of bonds and notes, including the Notes. However, such finance board may delegate the power to sell the Notes to the President of the Board of Education, the chief fiscal officer of the District, pursuant to the Local Finance Law.

Debt Limit. Pursuant to the Local Finance Law, the District has the power to contract indebtedness for any school district purpose authorized by the Legislature of the State of New York provided the aggregate principal amount thereof shall not exceed ten per centum of the full valuation of the taxable real estate of the District and subject to certain enumerated deductions such as State aid for building purposes. The constitutional and statutory method for determining full valuation is by taking the assessed valuation of taxable real estate for the last completed assessment roll and applying thereto the ratio (equalization rate) which such assessed valuation bears to the full valuation; such ratio is determined by the State Board of Real Property Services. The Legislature also is required to prescribe the manner by which such ratio shall be determined by such authority.

The following table sets forth the computation of the debt limit of the District and its debt contracting margin:

FINANCES OF THE DISTRICT

Impact of COVID-19

The District has incurred certain expenses associated with the COVID-19 pandemic, including but not limited to, costs related to hiring additional personnel and for cleaning supplies and equipment, the aggregate cost of which total approximately \$1,400,000. The District has paid such costs from budgetary appropriations and the use of its Capital Reserve Fund. The District does not believe that the increased costs described above will have a material adverse impact on the finances of the District. (See also “*State Aid*” herein.)

The District submitted a FEMA claim under Disaster #4480 in the amount of \$177,620 for the reimbursement of PPE and custodial cleaning disinfection overtime costs.

In December of 2020, the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act was enacted as the second act of federal relief in response to COVID-19. The CRRSA Act provides approximately \$4.3 billion to support schools in the State, with the funds available to be spent through September 2023. This is in addition to the \$1.2 billion in Federal Coronavirus Aid, Relief and Economic Security (CARES) Act funding, which can be spent through September 2022. The CRRSA Act provides the State with \$4.0 billion through the Elementary and Secondary School Emergency Relief (ESSER) Fund and \$323 million through the Governor’s Emergency Education Relief (GEER) Fund. Districts may generally use these funds for broad purposes, including general operating and pandemic-related costs such as purchasing personal protective equipment. Additionally, the State has been allocated approximately \$9.0 billion under the American Rescue Plan (ARP) Act’s Elementary and Secondary School Emergency Relief Fund (ESSER).

The District has been allocated \$268,445 in CARES Act funding and has received \$79,864. The District is expected to receive a total of \$6,443,837 through CRRSA and ARP funding. See also “*State Aid*” herein.

Independent Audit

The financial affairs of the District are subject to periodic compliance review by the Office of the State Comptroller to ascertain whether the District has complied with the requirements of various state and federal statutes. The financial statements of the District are audited each year by an independent public accountant. The last such audit covers the fiscal year ended June 30, 2020. A copy of such report is included herein as Appendix C.

Investment Policy

Pursuant to State law, including Sections 10 and 11 of the GML, the District is generally permitted to deposit moneys in banks or trust companies located and authorized to do business in the State. All such deposits, including special time deposit accounts and certificates of deposit, in excess of the amount insured under the Federal Deposit Insurance Act, are required to be secured in accordance with the provisions of and subject to the limitations of Section 10 of the GML.

The District may also temporarily invest moneys in: (1) obligations of the United States of America; (2) obligations guaranteed by agencies of the United States of America where the payment of principal and interest are guaranteed by the United States of America; (3) obligations of the State of New York; (4) with the approval of the New York State Comptroller, in tax anticipation notes or revenue anticipation notes issued by any municipality, school district, or district corporation, other than those notes issued by the District, itself; (5) certificates of participation issued in connection with installment purchase agreements entered into by political subdivisions of the State pursuant to Section 109-b(10) of the GML; (6) obligations of a New York public benefit corporation which are made lawful investments for municipalities pursuant to the enabling statute of such public benefit corporation; or (7) in the case of moneys held in certain reserve funds established by the District pursuant to law, in obligations of the District.

All of the foregoing investments are required to be payable or redeemable at the option of the owner within such times as the proceeds will be needed to meet expenditures for purposes for which the moneys were provided and, in the case of obligations purchased with the proceeds of bonds or notes, shall be payable or redeemable in any event, at the option of the owner, within two years of the date of purchase. Unless registered or inscribed in the name of the District, such instruments and investments must be purchased through, delivered to and held in custody of a bank or trust company in the State pursuant to a written custodial agreement as provided by Section 10 of the GML.

The Board of Education of the District has adopted an investment policy and such policy conforms with applicable laws of the State governing the deposit and investment of public moneys. All deposits and investments of the District are made in accordance with such policy.

Fund Structure and Accounts

The General Fund is the general operating fund for the District and is used to account for substantially all revenues and expenditures of the District. The District also maintains a special aid fund, school lunch fund and special purpose fund. In addition, a capital projects fund is used to record capital facility projects, while an agency fund accounts for assets received by the District in a fiduciary capacity.

Basis of Accounting

The district-wide and fiduciary fund financial statements are reported on the accrual basis of accounting using the economic resources measurement focus. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Nonexchange transaction, in which the District gives or receives value without directly receiving or giving equal value in exchange, include real property taxes, grants and donations. On an accrual basis, revenue from real property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied and the related expenditures are incurred.

The fund statements are reported on the modified accrual basis of accounting using the current financial resources measurement focus. Revenues are recognized when measurable and available. The District considers all revenue reported in the governmental funds to be available if the revenues are collected within 180 days after the end of the fiscal year, except for real property taxes, which are considered to be available if they are collected within 60 days after the end of the fiscal year.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Budget Process

The District's fiscal year begins on July 1 and ends on June 30. Starting in the fall or winter of each year, the District's financial plan and enrollment projection are reviewed and updated and the first draft of the next year's proposed budget is developed by the central office staff. During the winter and early spring, the budget is developed and refined in conjunction with the school building principals and department supervisors. The District's budget is subject to the provisions of the Tax Levy Limit Law, which imposes a limitation on the amount of real property taxes that a school district may levy, and by law is submitted to voter referendum on the third Tuesday of May each year. (See "*The Levy Limit Law*" herein).

On May 18, 2021, a majority of the voters of the District approved the District's budget for the 2021-2022 fiscal year. Summaries of the District's Adopted Budgets for the fiscal years 2020-2021 and 2021-2022 may be found in Appendix A, herein.

Revenues

The District receives most of its revenue from a real property tax on all non-exempt real property situated within the District and State aid. A summary of such revenues for the five most recently completed fiscal years may be found in Appendix A.

Real Property Taxes

See "*Tax Information*" herein.

State Aid

The District receives appropriations from the State of State aid for operating, building and other purposes at various times throughout its fiscal year, pursuant to formulas and payment schedules set forth by statute. While the State has a constitutional duty to maintain and support a system of free common schools that provides a "sound basic education" to children of the State, there can be no assurance that the State appropriation for State aid to school districts will be continued in future years, either pursuant to existing formulas or in any form whatsoever. State aid appropriated and apportioned to the school districts can be paid only if the State has such monies available for such payment.

The following table sets forth the percentage of the District’s General Fund revenue comprised of State aid for each of the fiscal years 2017 through 2021, and the amount budgeted for 2022.

Fiscal Year Ending June 30:	General Fund Total Revenue	State Aid	State Aid to Revenues (%)
2017	\$77,576,251	\$28,359,960	36.56

a. Budgeted revenues include the application of reserves and fund balance. Budgeted estimates for real property taxes include STAR.

In addition to the amount of State Aid budgeted annually by the District, the State makes payments of STAR aid representing tax savings provided by school districts to their taxpayers under the STAR Program (See “STAR – School Tax Exemption” herein).

The amount of State aid to school districts is dependent in part upon the financial condition of the State. Due the outbreak of COVID-19 the State has declared a state of emergency and the Governor has taken steps designed to mitigate the spread and impacts of COVID-19, including closing schools and non-essential businesses for an extended period. The outbreak of COVID-19 and the dramatic steps taken by the State to address it may continue to negatively impact the State’s economy and financial condition. The full impact of COVID-19 upon the State is not expected to be known for some time. The use of federal stimulus funds by the State has allowed the State to avoid taking gap-closing measures; however, the State may be required to implement gap closing measures in the future in response to the impact that the COVID-19 pandemic has had on the State’s finances. Such actions may include, but are not limited to: reductions in State agency operations and/or delays or reductions in payments to local governments or other recipients of State aid including school districts in the State.

The State’s 2020-21 Enacted Budget authorized the State’s Budget Director to make periodic adjustments to State aid in the event that actual State revenues came in below 99% of estimates or if actual disbursements exceeded 101% of estimates. Pursuant to that provision, in October 2020, the State announced that, in the absence of Federal funding to offset such lost revenue, the State had begun to take steps to reduce spending, including but not limited to, temporarily holding back 20% of most aid payments to local governments and school districts. In December 2020, a second federal stimulus bill was enacted and provided additional funding for schools in the State. As of February 1, 2021, the State Education Department (“SED”) advised school districts that the State Division of the Budget would, at some point, provide approval for SED to make the payments to school districts for State aid and other Pre-K-12 grant programs that had been subject to the above-referenced 20% withholding. Such approval was received and the State released all of the withheld funds on or about June 30, 2021.

The State’s 2021-22 Enacted Budget provides \$29.5 billion in State funding to school districts for the 2021-22 school year the highest level of State aid ever. This represents an increase of \$3.0 billion or 11.3 percent compared to the 2020-21 school year, and includes a \$1.4 billion or 7.6 percent Foundation Aid increase. Approximately 75 percent of this increase is targeted to high-need school districts. The State’s 2021-22 Enacted Budget also programs \$13 billion of federal Elementary and Secondary School Emergency Relief Fund and the Governor’s Emergency Education Relief Fund to public schools. This funding available for use over multiple years, is designed to assist schools to reopen for in-person instruction, address learning loss, and respond to students’ academic, social, and emotional needs due to the disruptions of the COVID-19 pandemic. The State’s 2021-22 Enacted Budget allocates \$629 million of these funds to school districts as targeted grants to support efforts to address learning loss through activities such as summer enrichment and comprehensive after-school programs. In addition, the State’s 2021-22 Enacted Budget uses \$105 million of federal funds to expand access to full-day prekindergarten programs for four-year-old children in school districts statewide in the 2021-22 school year.

The amount of State aid to school districts can vary from year to year and is dependent in part upon the financial condition of the State. During the 2011 to 2019 fiscal years of the State, State aid to school districts was paid in a timely manner; however, during the State’s 2010 and 2020 fiscal years, State budgetary restrictions resulted in delayed payments of State aid to school districts in the State. In addition, the availability of State aid and the timeliness of payment of State aid to school districts could be affected by a delay in adoption of the State budget, which is due at the start of the State’s fiscal year of April 1. The State’s budget has been adopted by April 1 or shortly thereafter for over ten (10) years. The State’s 2021-22 Enacted Budget was adopted on April 7,

2021. No assurance can be given that the State will not experience delays in the adoption of the budget in future fiscal years. Significant delays in the adoption of the State budget could result in delayed payment of State aid to school districts in the State which could adversely affect the financial condition of school districts in the State.

As described above, the State's 2020-21 Enacted Budget included, and the State's 2021-22 Enacted Budget includes, significant amounts of federal funding. The State receives a substantial amount of federal aid for health care, education, transportation and other governmental purposes, as well as federal funding to respond to, and recover from, the COVID-19 pandemic, severe weather events and other disasters. Many of the policies that drive this federal aid may be subject to change under the federal administration and Congress. Current federal aid projections, and the assumptions on which they rely, are subject to revision. Reductions in federal funding levels could have a materially adverse impact on the State budget. (See also "*Impacts of COVID-19*" herein.)

There can be no assurance that the State's financial position will not change materially and adversely from current projections. If this were to occur, the State would be required to take additional gap-closing actions. Such actions may include, but are not limited to: reductions in State agency operations; delays or reductions in payments to local governments or other recipients of State aid including school districts in the State. Reductions in the payment of State aid could adversely affect the financial condition of school districts in the State.

Should the District fail to receive State aid expected from the State in the amounts and at the times expected, occasioned by a delay in the payment of such monies or by a mid-year reduction in State aid, the District is authorized by the Local Finance Law to provide operating funds by borrowing in anticipation of the receipt of uncollected State aid.

Events Affecting State Aid to New York School Districts

Following a State budgetary crisis in 2009, State aid to school districts in the State decreased for a number of years with increases established in more recent years. However, as discussed below the COVID-19 pandemic has affected and is expected to continue to affect State aid to school district.

School district fiscal year (2014-2015): The State Legislature adopted the State budget on March 31, 2014. The State's 2014-2015 Budget included a \$1.1 billion or 5.3% increase in State aid to school districts for the 2014-2015 school year. High-need school districts received 70% of the State aid increase. The State's 2014-2015 Budget restored \$602 million of Gap Elimination Adjustment reductions that had been imposed on school districts from 2010-2011 to 2012-2013. The State's 2014-2015 Budget invested \$1.5 billion over five years to support the phase-in of a Statewide universal full-day pre-kindergarten program.

School district fiscal year (2015-2016): The State Legislature adopted the State budget on March 31, 2015. Said budget included an increase of \$1.4 billion in State aid for school districts that was tied to changes in the teacher evaluation and tenure process.

School district fiscal year (2016-2017): The State's 2016-2017 Budget included a school aid increase of \$991 million over 2015-2016, \$863 million of which consisted of traditional operating aid. In addition to full-funding of expense based aids (\$408 million), the State's 2016-2017 Budget included a \$266 million increase in Foundation Aid and an \$189 million restoration to the Gap Elimination Adjustment (the "GEA"). The majority of the remaining increase (\$100 million) related to Community Schools Aid, a newly adopted aid category, to support school districts that wish to create community schools. Such funds may only be used for certain purposes such as providing health, mental health and nutritional services to students and their families.

School district fiscal year (2017-2018): The State's 2017-2018 Budget provided for school aid of approximately \$25.8 billion, an increase of \$1.1 billion in school aid spending from the 2016-2017 school year. The majority of the increases were targeted to high need school districts. Expense-based aids to support school construction, pupil transportation, BOCES and special education were continued in full, as is the State's usual practice. Transportation aid increased by 5.5% and building aid increased by 4.8%. The State's 2017-18 Budget continued to link school aid increases for 2017-18 and 2018-19 to teacher and principal evaluation plans.

School district fiscal year (2018-2019): The State's 2018-2019 Budget provided for school aid of approximately \$26.7 billion, an increase of approximately \$1.0 billion in school aid spending from the 2017-2018 school year. The majority of the increases were targeted to high need school districts. Expense-based aids to support school construction, pupil transportation, BOCES and special education were continued in full, as is the State's usual practice. Transportation aid increased by 5.2% and building aid increased by 4.7%. The State 2018-2019 Budget continued to link school aid increases for 2018-2019 and 2019-2020 to teacher and principal evaluation plans.

School district fiscal year (2019-2020): The State’s 2019-2020 school year, the State’s Enacted Budget include a total of \$27.9 billion for School Aid, a year-to-year funding increase of approximately \$1.2 billion. The majority of the increases have been targeted to high need school districts. Expense-based aids to support school construction, pupil transportation, BOCES and special education will continue in full, as is the State’s usual practice. Transportation aid will increase by approximately 4.5% and building aid will increase by approximately 3.7%. The State 2019–2020 Enacted Budget continues to link school aid increases for 2019-2020 and 2020-2021 to teacher and principal evaluation plans approved by September 1 of the current year in compliance with Education Law Section 3012-d.

School district fiscal year (2020-2021): Due to the anticipated impact of the COVID-19 pandemic on State revenues, State aid in the State’s 2020-2021 Enacted Budget was 3.7 percent lower than in the State’s 2019-2020 Enacted Budget but was offset in part with increased Federal support. This reduction in State Operating Funds support was offset by approximately \$1.1 billion in funding provided to the State through the Federal CARES Act, including the Elementary and Secondary School Emergency Education Relief Fund and the Governor’s Emergency Education Relief Fund. With these Federal funds, State aid in the school district fiscal year 2020-2021 was expected to total \$27.9 billion, an annual increase of approximately \$100 million or 0.4 percent. The State’s 2020-2021 Enacted Budget continued prior year funding levels for existing programs, including Foundation Aid, Community Schools and Universal Prekindergarten. The 2020-2021 Enacted Budget also provided over \$200 million in support for competitive grant programs, including \$1 million for development of a new Civics Education curriculum and \$10 million for a Student Mental Health program. Funding for expense-based aids, such as Building Aid, Transportation Aid, and Boards of Cooperative Educational Services (BOCES) Aid was continued under existing aid formulas. Out-year growth in School Aid reflect current projections of the ten-year average growth in State personal income. The State’s 2020-2021 Enacted Budget authorized the State’s Budget Director to make periodic adjustments to State Aid, in the event that actual State revenues came in below 99% percent of estimates or if actual disbursements exceed 101% of estimates. See “*State Aid*” herein for a discussion of this provision set forth in the State’s 2020-2021 Enacted Budget and recent releases by the State regarding the projected revenue shortfalls in such budget.

School district fiscal year (2021-2022): For the 2021-2022 school year, the State’s Enacted budget provides \$29.5 billion in State funding to school districts for the 2021-2022 school year through School Aid, the highest level of State aid ever, supporting the operational costs of school districts that educate 2.5 million students statewide. This investment represents an increase of 11.3% (\$3.0 billion) compared to the 2020-2021 school year, including a \$1.4 billion (7.6%) Foundation Aid increase. The Enacted budget would allocate \$13 billion of federal Elementary and Secondary School Emergency Relief and Governor’s Emergency Education Relief funds to public schools. This funding, available for use over multiple years, will help schools safely reopen for in-person instruction, address learning loss, and respond to students’ academic, social, and emotional needs due to the disruptions of the COVID-19 pandemic. The Budget allocates \$629 million of these funds to school districts as targeted grants to support efforts to address learning loss through activities such as summer enrichment and comprehensive after-school programs. In addition, the Budget uses \$105 million of federal funds to expand access to full-day prekindergarten programs for four-year-old children in school districts statewide in the 2021-2022 school year.

The Smart Schools Bond Act was passed as part of the Enacted 2014-2015 State Budget. The Smart Schools Bond Act authorizes the issuance of \$2 billion of general obligation bonds by the State to finance improved educational technology and infrastructure to enhance learning and opportunity for students throughout the State. The District’s allocation of funds is \$2,450,155 and the District has spent approximately \$1,896,440 of such amount.

The District cannot predict at this time whether there will be any reductions in and/or delays in the receipt of State aid during the remainder of the current fiscal year. The District believes that it would mitigate the impact of any delays or the reduction in State aid by reducing expenditures, increasing revenues, appropriating other available funds on hand, and/or by any combination of the foregoing. (See also “*Risk Factors*”).

Expenditures

The major categories of expenditure for the District are General Support, Instruction, Employee Benefits, Pupil Transportation and Debt Service. A summary of the expenditures for the five most recently completed fiscal years may be found in Appendix A.

The State Comptroller's Fiscal Stress Monitoring System and OSC Compliance Reviews

The New York State Comptroller has reported that New York State's school districts and municipalities are facing significant fiscal challenges. As a result, the Office of the State Comptroller has developed a Fiscal Stress Monitoring System ("FSMS") to provide independent, objectively measured and quantifiable information to school districts and municipal officials, taxpayers and policy makers regarding the various levels of fiscal stress under which the State's school districts and municipalities are operating.

The fiscal stress scores are based on financial information submitted as part of each school ST-3 report filed with the State Education Department annually, and each municipality's annual report filed with the Office of the State Comptroller (OSC). Using financial indicators that include year-end fund balance, cash position and patterns of operating deficits, the system creates an overall fiscal stress score which classifies whether a school district or municipality is in "significant fiscal stress", in "moderate fiscal stress," as "susceptible to fiscal stress" or "no designation". Entities that do not accumulate the number of points that would place them in a stress category will receive a financial score but will be classified in a category of "no designation." This classification should not be interpreted to imply that the entity is completely free of fiscal stress conditions. Rather, the entity's financial information, when objectively scored according to the FSMS criteria, did not generate sufficient points to place them in one of the three established stress categories.

The most current applicable report of OSC designates the District as "No Designation" (Fiscal Score: 6.7%; Environmental Score: 15.0%). More information on the FSMS may be obtained from the Office of the State Comptroller.

In addition, OSC helps school districts and local government officials manage government resources efficiently and effectively. The Comptroller oversees the fiscal affairs of school districts and local governments statewide, as well as compliance with relevant statutes and observance of good business practices. This fiscal oversight is accomplished, in part, through its audits, which identify opportunities for improving operations and governance. The most recent audit performed was released August 6, 2021. The purpose of such audit was to examine the determine whether the District officials properly monitored and controlled overtime to ensure the District was not incurring unnecessary costs. The complete report, together with the District's response, may be found on the OSC's official website.

Employee Pension System

New York State Certified employees (teachers and administrators) are members of the New York State Teachers Retirement System ("TRS"). Employer pension payments to the TRS are generally deducted from State aid payments. All non-NYS certified/civil service employees of the District eligible for pension or retirement benefits under the Retirement and Social Security Law of the State of New York are members of the New York State and Local Employee's Retirement System ("ERS"). Both the TRS and ERS are non-contributory with respect to members hired prior to July 1, 1976. Other than as discussed below, all members of the respective systems hired on or after July 1, 1976 with less than 10 year's full-time service contribute 3% of their gross annual salary toward the cost of retirement programs.

On December 10, 2009, the Governor signed in to law a new Tier 5. The law is effective for new ERS and TRS employees hired after January 1, 2010 and before March 31, 2012. ERS employees contribute 3% of their salaries and TRS employees contribute 3.5% of their salaries. There is no provision for these employee contributions to cease after a certain period of service.

On March 16, 2012, Governor Cuomo signed into law Chapter 18 of the Laws of 2012, which legislation provides for a new Tier 6 for employees hired after April 1, 2012. This new pension tier has progressive employee contribution rates between 3% and 6% and such employee contributions continue so long as the employee continues to accumulate pension credits; it increases the retirement age for new employees from 62 to 63 and includes provisions allowing early retirement with penalties. Under Tier 6, the pension multiplier is 1.75% for the first 20 years of service and 2% thereafter; vesting will occur after 10 years; the time period for calculation of final average salary is increased from three years to five years; and the amount of overtime to be used to determine an employee's pension is capped at \$15,000, indexed for inflation, for civilian and non-uniform employees and at 15% of base pay for uniformed employees outside of New York City. It also includes a voluntary, portable, defined contribution plan option for new non-union employees with salaries of \$75,000 or more.

Under current law, the employer pension payments for a given fiscal year are based on the value of the pension fund on the prior April 1 thus enabling the District to more accurately include the cost of the employer pension payment in its budget for the ensuing year. In addition, the District is required to make a minimum contribution of 4.5% of payroll every year, including years in which the investment performance of the fund would make a lower payment possible. The annual employer pension payment is due on February 1 of each year.

Due to poor performance of the investment portfolio of TRS and ERS during the recent financial crisis, the employer contribution rates for required pension payments to the TRS and ERS increased substantially. To help mitigate the impact of such increases, various forms of legislation have been enacted that permitted school districts to amortize a portion of its annual employer pension payments. The District has not amortized any of its employer pension payments pursuant to such legislation and expects to continue to pay all payments in full when due.

The State’s 2019-2020 Enacted Budget, which was signed into law as Chapter 59 of the Laws of 2019, includes a provision that will allow school districts in the State to establish a reserve fund for the purpose of funding the cost of TRS contributions, as a sub-fund of retirement contribution reserve funds presently authorized for amounts payable to the ERS by a school district. School districts will be permitted to pay into such reserve fund during any particular fiscal year, an amount not to exceed two percent of the total compensation or salaries of all district-employed teachers who are members of the TRS paid during the immediately preceding fiscal year; provided that the balance of such fund may not exceed ten percent of the total compensation or salaries of all district-employed teachers who are members of the TRS paid during the immediately preceding fiscal year. The District established a TRS reserve fund in the 2018-2019 fiscal year.

The following chart represents the TRS and ERS required contributions for each of the last five completed fiscal years and the amounts budgeted for the 2022 fiscal year.

Fiscal Year Ending <u>June 30:</u>	<u>TRS</u>	<u>ERS</u>
2017	\$3,523,541	\$ 891,814
2018	3,057,456	926,877
2019	3,563,823	1,045,009
2020	2,982,000	885,724
2021 (Estimated)	3,263,495	1,142,955
2022 (Budgeted)	3,404,838	1,128,530

Other Post-Employment Benefits

The District provides post-retirement healthcare benefits to various categories of former employees. These costs may be expected to rise substantially in the future. School districts and Boards of Cooperative Education Services, unlike other municipal units of government in the State, have been prohibited from reducing retiree health benefits or increasing health care contributions received or paid by retirees below the level of benefits or contributions afforded to or required from active employees. This protection from unilateral reduction of benefits had been extended annually by the New York State Legislature until recently when legislation was enacted to make permanent these health insurance benefit protections for retirees. Legislative attempts to provide similar protection to retirees of other local units of government in the State have not succeeded as of the date hereof. Nevertheless, many such retirees of all varieties of municipal units in the State do presently receive such benefits.

GASB Statement No. 75 (“GASB 75”) of the Governmental Accounting Standards Board (“GASB”), requires state and local governments to account for and report their costs associated with post-retirement healthcare benefits and other non-pension benefits (“OPEB”). GASB 75 generally requires that employers account for and report the annual cost of the OPEB and the outstanding obligations and commitments related to OPEB in essentially the same manner as they currently do for pensions. Under previous rules, these benefits have generally been administered on a pay-as-you-go basis and have not been reported as a liability on governmental financial statements. Only current payments to existing retirees were recorded as an expense.

GASB 75 requires that state and local governments adopt the actuarial methodologies to determine annual OPEB costs. Annual OPEB cost for most employers will be based on actuarially determined amounts that, if paid on an ongoing basis, generally would provide sufficient resources to pay benefits as they come due.

During the year ended June 30, 2018, the District adopted GASB 75, which supersedes and eliminates GASB 45. Under GASB 75, based on actuarial valuation, an annual required contribution (“ARC”) will be determined for each state or local government. The ARC is the sum of (a) the normal cost for the year (the present value of future benefits being earned by current employees) plus (b) amortization of the unfunded accrued liability (benefits already earned by current and former employees but not yet provided for), using an amortization period of not more than 30 years. If a municipality contributes an amount less than the ARC, a net OPEB obligation will result, which is required to be recorded as a liability on its financial statements.

GASB 75 establishes new standards for recognizing and measuring OPEB liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures to provide more transparent reporting and useful information about the liability and cost of benefits. Municipalities and school districts are required to account for OPEB within the financial statements rather than only noted in the footnotes as previously required by GASB 45. It is measured as of a date no earlier than the end of the employer’s prior fiscal year and no later than the employer’s current fiscal year. The discount rate is based on 20-year, tax exempt general obligation municipal bonds. There is no amortization of prior service cost. Those that have more than 200 participants are required to have a full actuarial valuation annually. Plans with fewer than 200 participants are required to have a full valuation every two years.

The District’s total OPEB liability at June 30, 2020 is as follows:

<u>Changes in the Total OPEB Liability</u>	<u>Fiscal Year Ending June 30, 2020:</u>
Total OPEB liability as of June 30, 2019	\$174,747,187
Changes for the year:	
Service Cost	7,547,157
Interest	6,341,887
Differences between actual and expected experience	(24,942,090)
Changes in assumptions or other inputs	41,914,385
Benefit payments	<u>(3,255,671)</u>
Total Changes	<u>\$27,605,668</u>
Total OPEB liability as of June 30, 2020	<u><u>\$202,352,855</u></u>

The OSC has recently proposed legislation to provide the State and certain local governments with the authority to establish trusts in which to accumulate assets for OPEB and to establish an OPEB investment fund in the sole custody of the State Comptroller for the investment of OPEB assets of the State and participating eligible local governments. The District cannot predict at this time whether such proposed legislation will be enacted into law. At this time, New York State has not developed guidelines for the creation and use of irrevocable trusts for the funding of OPEB. As a result, the District has decided to continue funding the expenditure on a pay-as-you-go basis.

Should the District be required to fund its unfunded actuarial accrued OPEB liability, it could have a material adverse impact upon the District’s finances and could force the District to reduce services, raise taxes or both.

TAX INFORMATION

Real Property Taxes

The District derives its power to levy an ad valorem real property tax from the State Constitution; methods and procedures to levy, collect and enforce this tax are governed by the Real Property Tax Law. Real property assessment rolls used by the District are prepared by the Town of Brookhaven. Assessment valuations are determined by the Town assessor and the State Board of Real Property Services which is responsible for certain utility and railroad property. In addition, the State Board of Real Property Services annually establishes State Equalization Rates for all localities in the State, which are determined by statistical sampling of market sales/assessment studies. The equalization rates are used in the calculation and distribution of certain State aids and are used by many localities in the calculation or debt contracting and real property taxing limitations. The District is not subject to constitutional real property taxing limitations; however, see “*The Tax Levy Limit Law*” herein for a discussion of certain statutory limitation that have been imposed.

The following table sets forth the amount of the District’s General Fund revenue (excluding other financing sources) comprised of real property taxes for each of the fiscal years 2017 through 2021, inclusive and for the amounts budgeted for the 2022 fiscal year.

Fiscal Year Ending June 30:	Total Revenue	Real Property Taxes	Real Property Taxes to Revenues (%)
2017	\$77,576,251	\$41,957,835	54.09
2018	79,162,653	43,578,119	55.05
2019	81,939,211	45,230,662	55.20
2020	82,188,677	47,140,370	57.36
2021 (Unaudited)	82,804,059	52,483,139	63.38
2022 (Budgeted) ^a	85,692,726	52,483,059	61.25

a. Budgeted estimates for total revenues include appropriations of fund balance. Budgeted estimates for real property taxes include STAR.

Tax Collection Procedure

Property taxes for the District, together with County, Town and Fire District taxes, are collected by the Town Tax Receivers. Such taxes are due and payable in equal installments on December 1 and May 10, but may be paid without penalty by January 10 and May 31, respectively. Penalties on unpaid taxes are 1% per month from the date such taxes are due and 10% after May 31.

The Town Tax Receivers distribute the collected tax money to the Towns, fire and school districts prior to distributing the balance collected to the County. Uncollected amounts are not segregated by the Receiver and any deficiency in tax collection is the County’s liability. The District thereby is assured of full tax collection.

The Tax Levy Limit Law

Chapter 97 of the Laws of 2011, as amended, (herein referred to as the “Tax Levy Limit Law” or “Law”) modified previous law by imposing a limit on the amount of real property taxes that a school district may levy.

Prior to the enactment of the Law, there was no statutory limitation on the amount of real property taxes that a school district could levy if its budget had been approved by a simple majority of its voters. In the event the budget had been defeated by the voters, the school district was required to adopt a contingency budget. Under a contingency budget, school budget increases were limited to the lesser of four percent (4%) of the prior year’s budget or one hundred twenty percent (120%) of the consumer price index (“CPI”).

Under the Tax Levy Limit Law, there is now a limitation on the amount of tax levy growth from one fiscal year to the next. Such limitation is the lesser of (i) 2% or (ii) the annual percentage increase in the consumer price index, subject to certain exclusions as mentioned below and as described in the Law. A budget with a tax levy that does not exceed such limit will require approval by at least 50% of the voters. Approval by at least 60% of the voters will be required for a budget with a tax levy in excess of the limit. In the event the voters reject the budget, the tax levy for the school district’s budget for the ensuing fiscal year may not exceed the amount of the tax levy for the prior fiscal year. School districts will be permitted to carry forward a certain portion of their unused tax levy limitation from a prior year.

The Law permits certain significant exclusions to the tax levy limit for school districts. These include taxes to pay the local share of debt service on bonds or notes issued to finance voter approved capital expenditures and the refinancing or refunding of such bonds or notes, certain pension cost increases, and other items enumerated in the Law. However, such exclusion does NOT apply to taxes to pay debt service on tax anticipation notes (such as the Notes), revenue anticipation notes, budget notes and deficiency notes; and any obligations issued to finance deficits and certain judgments, including tax certiorari refund payments.

STAR - School Tax Exemption

The STAR (School Tax Relief) program provides State-funded exemptions from school property taxes to homeowners for their primary residences. Homeowners over 65 years of age with household adjusted gross incomes, less the taxable amount of total distributions from individual retirement accounts and individual retirement annuities (“STAR Adjusted Gross Income”) of \$86,000 or less, increased annually according to a cost of living adjustment, are eligible for a “full value” exemption of the first \$66,800 for the 2018-19 school year (adjusted annually). Other homeowners with household STAR Adjusted Gross income not in excess of \$500,000 are eligible for a \$30,000 “full value” exemption on their primary residence. School districts receive full reimbursement from the State for real property taxes exempted pursuant to the STAR program by the first business day in January of each year.

Part A of Chapter 60 of the Laws of 2016 of the State of New York (“Chapter 60”) gradually converts the STAR program from a real property tax exemption to a personal income tax credit. Chapter 60 prohibits new STAR exemptions from being granted unless at least one of the applicants held title to the property on the taxable status date of the assessment roll that was used to levy school district taxes for the 2015-2016 school year (generally, March 1, 2015), and the property was granted a STAR exemption on that assessment roll. However, a new homeowner may receive a new personal income tax credit in the form of a check. The dollar benefit to eligible taxpayers will not change. A taxpayer who is eligible for the new credit will receive a check from the State equal to the amount by which the STAR exemption would have reduced his or her school tax bill. A homeowner who owned his or her home on the taxable status date for the assessment roll used to levy taxes for the 2015-2016 school year, and who received a STAR exemption on that roll, may continue to receive a STAR exemption on that home as long as he or she still owns and primarily resides in it. No further action is required (unless the homeowner has been receiving Basic STAR and wants to apply for Enhanced STAR, which is permissible).

The State 2017-18 Enacted Budget included changes to Chapter 60. STAR checks are now expected to be mailed out prior to the date that school taxes are payable. The amount of the check will be based on the previous year’s amount adjusted by the levy growth factor used for the property tax cap. Any changes that must be made based on the final STAR credit compared to the estimate used will be factored into the subsequent year’s STAR credit check or taxpayers also may account for those changes in their State income taxes.

The 2019-20 Enacted State Budget makes several changes to the STAR program, which went into effect immediately. The changes are intended to encourage homeowners to switch from the STAR exemption to the STAR credit. The income limit for the exemption has been lowered to \$250,000, compared with a \$500,000 limit for the Credit. The amount of the STAR exemption will remain the same each year, while the amount of the STAR credit can increase up to two percent annually. The State’s 2020-21 Enacted Budget withholds STAR benefits to taxpayers who are delinquent in the payment of their school taxes and maintains the income limit for the exemption to \$250,000, compared with a \$500,000 limit for the credit. Approximately 10% of the District’s 2020-2021 school tax levy was exempted by the STAR program and the District has received full reimbursement of such exempt taxes from the State. Approximately 10% of the District’s 2021-2022 school tax levy exempted by the STAR program and the District expects to receive full reimbursement of such exempt taxes from the State in January 2022. (See “State Aid” herein).

LITIGATION

In common with other school districts, the District from time to time receives notices of claim. In the opinion of the District, after consultation with its attorneys, unless otherwise set forth herein and apart from matters provided for by applicable insurance coverage, there are no significant claims or actions pending in which the District has or cannot assert substantial and adequate defenses, nor which, if determined against the District, would have an adverse material effect on the financial condition of the District.

There is one case worthy of special mention: In a Notice of Claim received in late April, the Claimant alleged being diagnosed with lung cancer in the fall of 2019, and claims the condition was caused by exposure to asbestos while working as an HVAC contractor for several different school districts throughout Long Island. At least eight other school districts have received similar notice of claim from the same Claimant. The Claimant alleges performing work in the District sometime between 2007-2008. The Notice of Claim does not contain a specific damages demand. The District's insurance reciprocal has issued a denial of coverage letter. The District is seeking to identify the contractor involved in the work and demand a defense and indemnification on behalf of the District for such claim. The investigation of the claim is proceeding. The District intends to vehemently oppose the claim.

CYBERSECURITY

The District, like many other public and private entities, relies on technology to conduct its operations. As a recipient and provider of personal, private, or sensitive information, the District faces multiple cyber threats including, but not limited to, hacking, viruses, malware and other attacks on computer and other sensitive digital networks and systems. To mitigate the risk of business operations impact and/or damage from cyber incidents or cyber-attacks, the District invests in various forms of cybersecurity and operational controls; however, no assurances can be given that such security and operational control measures will be completely successful to guard against cyber threats and attacks. The results of any such attack could impact business operations and/or damage District digital networks and systems and the costs of remedying any such damage could be substantial.

RISK FACTORS

There are certain potential risks associated with an investment in the Notes, and investors should be thoroughly familiar with this Official Statement, including its appendices, in order to make an informed investment decision. Investors should consider, in particular, the following factors:

The District's credit rating could be affected by circumstances beyond the District's control. Economic conditions such as the rate of unemployment and inflation, termination of commercial operations by corporate taxpayers and employers, as well as natural catastrophes, could adversely affect the assessed valuation of District property and its ability to maintain fund balances and other statistical indices commensurate with its current credit rating. As a consequence, a decline in the District's credit rating could adversely affect the market value of the Notes.

If and when an owner of any of the Notes should elect to sell all or a part of the Notes prior to maturity, there can be no assurance that a market will have been established, maintained and continue in existence for the purchase and sale of any of those Notes. The market value of the Notes is dependent upon the ability of holder to potentially incur a capital loss if such Notes are sold prior to its maturity.

There can be no assurance that adverse events including, for example, the seeking by another municipality in the State or elsewhere of remedies pursuant to the Federal Bankruptcy Act or otherwise, will not occur which might affect the market price of and the market for the Notes. In particular, if a significant default or other financial crisis should occur in the affairs of the State or any of its municipalities, public authorities or other political subdivisions thereby possibly further impairing the acceptability of obligations issued by those entities, both the ability of the District to arrange for additional borrowing(s) as well as the market for and market value of outstanding debt obligations, including the Notes, could be adversely affected.

The District relies in part on State aid to fund its operations. There can be no assurance that the State appropriation for State aid to school districts will be continued in future years, either pursuant to existing formulas or in any form whatsoever. State aid appropriated and apportioned to the District can be paid only if the State has such monies available therefore. The availability of such monies and the timeliness of such payment may also be affected by a delay in the adoption of the State budget, the impact to the State's economy and financial condition due to the COVID-19 pandemic and other circumstances, including State fiscal stress. In any event, State aid appropriated and apportioned to the District can be paid only if the State has such monies available therefore. (See "*State Aid*" and "*Events Affecting New York School Districts*" herein). Should the District fail to receive State aid expected from the State in the amounts or at the times expected, occasioned by a delay in the payment of such monies or by a reduction in State aid, the District is authorized by the Local Finance Law to provide operating funds by borrowing on account of the uncollected State aid.

An outbreak of disease or similar public health threat, such as the COVID-19 outbreak, or fear of such an event, could have an adverse impact on the District's financial condition and operating results by potentially delaying the receipt of real property taxes or resulting in a delay or reduction by the State in the payment of State aid. Currently, the COVID-19 outbreak has spread globally, including to the United States, and has been declared a pandemic by the World Health Organization. The outbreak of the disease has affected travel, commerce and financial markets globally and is widely expected to continue to affect economic growth worldwide. The outbreak caused the Federal government to declare a national state of emergency, which was followed by the enactment of a variety of stimulus measures designed to address financial stability and liquidity issues caused by the outbreak. The State also declared a state of emergency and the Governor has taken steps designed to mitigate the spread and impacts of COVID-19, including closing schools and non-essential businesses for extended periods. Efforts to contain the spread of COVID-19 has reduced the spread of the virus in some areas and there have been recent efforts to relax some of the restrictions put in place following the initial outbreak. Nevertheless, the outbreak of COVID-19 and the dramatic steps taken by the Federal government and State to address it are expected to negatively impact federal and local economies, including the economy of the State. The full impact of COVID-19 on the State's operations and financial condition is not expected to be known for some time. Similarly, the degree of the impact to the District's operations and finances as a result of COVID-19 is extremely difficult to predict due to the uncertainties relating to its (i) duration, and (ii) severity, as well as with regard to what actions have been or may continue to be taken by governmental and other health care authorities, including the State, to contain or mitigate its impact. The spread of the outbreak or resurgence could have a material adverse effect on the State and municipalities and school districts located in the State, including the District. The District is monitoring the situation and will take such proactive measures as may be required to maintain its operations and meet its obligations. (See "*State Aid*" and "*Events Affecting New York School Districts*" herein).

Future amendments to applicable statutes whether enacted by the State or the United States of America affecting the treatment of interest paid on municipal obligations, including the Notes, for income taxation purposes could have an adverse effect on the market value of the Notes (see “*TAX MATTERS*” herein).

The enactment of the Tax Levy Limit Law, which imposes a tax levy limitation upon municipalities, school districts and fire districts in the State, including the District, without providing exclusion for debt service on obligations issued by municipalities and fire districts, may affect the market price and/or marketability for the Notes. (See “*The Tax Levy Limit Law*” under “*TAX INFORMATION*” herein.)

Federal or State legislation imposing new or increased mandatory expenditures by municipalities, school districts and fire districts in the State, including the District could impair the financial condition of such entities, including the District and the ability of such entities, including the District to pay debt service on the Notes.

TAX MATTERS

Opinion of Bond Counsel

In the opinion of Hawkins Delafield & Wood LLP, Bond Counsel to the District, under existing statutes and court decisions and assuming continuing compliance with certain tax certifications described herein, (i) interest on the Notes is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”), and (ii) interest on the Notes is not treated as a preference item in calculating the alternative minimum tax under the Code. The Tax Certificate of the District (the “Tax Certificate”), which will be delivered concurrently with the delivery of the Notes, will contain provisions and procedures relating to compliance with applicable requirements of the Code. In rendering its opinion, Bond Counsel has relied on certain representations, certifications of fact, and statements of reasonable expectations made by the District in connection with the Notes, and Bond Counsel has assumed compliance by the District with certain ongoing provisions and procedures set forth in the Tax Certificate relating to compliance with applicable requirements of the Code to assure the exclusion of interest on the Notes from gross income under Section 103 of the Code.

In addition, in the opinion of Bond Counsel to the District, under existing statutes, interest on the Notes is exempt from personal income taxes of New York State and its political subdivisions, including The City of New York.

Bond Counsel expresses no opinion as to any federal, state or local tax consequences arising with respect to the Notes, or the ownership or disposition thereof, except as stated above. Bond Counsel renders its opinion under existing statutes and court decisions as of the issue date, and assumes no obligation to update, revise or supplement this opinion to reflect any action thereafter taken or not taken, any fact or circumstance that may thereafter come to its attention, any change in law or interpretation thereof that may thereafter occur, or for any other reason. Bond Counsel expresses no opinion as to the consequence of any of the events described in the preceding sentence or the likelihood of their occurrence. In addition, Bond Counsel expresses no opinion on the effect of any action taken or not taken in reliance upon an opinion of other counsel regarding federal, state or local tax matters, including, without limitation, exclusion from gross income for federal income tax purposes of interest on the Notes.

Certain Ongoing Federal Tax Requirements and Certifications

The Code establishes certain ongoing requirements that must be met subsequent to the issuance and delivery of the Notes in order that interest on the Notes be and remain excluded from gross income under Section 103 of the Code. These requirements include, but are not limited to, requirements relating to use and expenditure of gross proceeds of the Notes, yield and other restrictions on investments of gross proceeds, and the arbitrage rebate requirement that certain excess earnings on gross proceeds be rebated to the federal government. Noncompliance with such requirements may cause interest on the Notes to become included in gross income for federal income tax purposes retroactive to their issue date, irrespective of the date on which such noncompliance occurs or is discovered. The District, in executing the Tax Certificate, will certify to the effect that the District will comply with the provisions and procedures set forth therein and that it will do and perform all acts and things necessary or desirable to assure the exclusion of interest on the Notes from gross income under Section 103 of the Code.

Certain Collateral Federal Tax Consequences

The following is a brief discussion of certain collateral federal income tax matters with respect to the Notes. It does not purport to address all aspects of federal taxation that may be relevant to a particular owner of a Note. Prospective investors, particularly those who may be subject to special rules, are advised to consult their own tax advisors regarding the federal tax consequences of owning and disposing of the Notes.

Prospective owners of the Notes should be aware that the ownership of such obligations may result in collateral federal income tax consequences to various categories of persons, such as corporations (including S corporations and foreign corporations), financial institutions, property and casualty and life insurance companies, individual recipients of Social Security and railroad retirement benefits, individuals otherwise eligible for the earned income tax credit, and taxpayers deemed to have incurred or continued indebtedness to purchase or carry obligations the interest on which is excluded from gross income for federal income tax purposes. Interest on the Notes may be taken into account in determining the tax liability of foreign corporations subject to the branch profits tax imposed by Section 884 of the Code.

Original Issue Discount

“Original issue discount” (“OID”) is the excess of the sum of all amounts payable at the stated maturity of a Note (excluding certain “qualified stated interest” that is unconditionally payable at least annually at prescribed rates) over the issue price of that maturity. In general, the “issue price” of a maturity (a note with the same maturity date, interest rate, and credit terms) means the first price at which at least 10 percent of such maturity was sold to the public, i.e., a purchaser who is not, directly or indirectly, a signatory to a written contract to participate in the initial sale of the Notes. In general, the issue price for each maturity of the Notes is expected to be the initial public offering price set forth in this Official Statement. Bond Counsel further is of the opinion that, for any Notes having OID (a “Discount Note”), OID that has accrued and is properly allocable to the owners of the Discount Notes under Section 1288 of the Code is excludable from gross income for federal income tax purposes to the same extent as other interest on the Notes.

In general, under Section 1288 of the Code, OID on a Discount Note accrues under a constant yield method, based on periodic compounding of interest over prescribed accrual periods using a compounding rate determined by reference to the yield on that Discount Note. An owner’s adjusted basis in a Discount Note is increased by accrued OID for purposes of determining gain or loss on sale, exchange, or other disposition of such Discount Note. Accrued OID may be taken into account as an increase in the amount of tax-exempt income received or deemed to have been received for purposes of determining various other tax consequences of owning a Discount Note even though there will not be a corresponding cash payment.

Owners of Discount Notes should consult their own tax advisors with respect to the treatment of original issue discount for federal income tax purposes, including various special rules relating thereto, and the state and local tax consequences of acquiring, holding, and disposing of Discount Notes.

Note Premium

In general, if an owner acquires a Note for a purchase price (excluding accrued interest) or otherwise at a tax basis that reflects a premium over the sum of all amounts payable on the Note after the acquisition date (excluding certain “qualified stated interest” that is unconditionally payable at least annually at prescribed rates), that premium constitutes “note premium” on that Note (a “Premium Note”). In general, under Section 171 of the Code, an owner of a Premium Note must amortize the note premium over the remaining term of the Premium Note, based on the owner’s yield over the remaining term of the Premium Note determined based on constant yield principles (in certain cases involving a Premium Note callable prior to its stated maturity date, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the lowest yield on such note). An owner of a Premium Note must amortize the note premium by offsetting the qualified stated interest allocable to each interest accrual period under the owner’s regular method of accounting against the note premium allocable to that period. In the case of a tax-exempt Premium Note, if the note premium allocable to an accrual period exceeds the qualified stated interest allocable to that accrual period, the excess is a nondeductible loss. Under certain circumstances, the owner of a Premium Note may realize a taxable gain upon disposition of the Premium Note even though it is sold or redeemed for an amount less than or equal to the owner’s original acquisition cost. Owners of any Premium Notes should consult their own tax advisors regarding the treatment of note premium for federal income tax purposes, including various special rules relating thereto, and state and local tax consequences, in connection with the acquisition, ownership, amortization of note premium on, sale, exchange, or other disposition of Premium Notes.

Information Reporting and Backup Withholding

Information reporting requirements apply to interest paid on tax-exempt obligations, including the Notes. In general, such requirements are satisfied if the interest recipient completes and provides the payor with, a Form W-9, "Request for Taxpayer Identification Number and Certification," or if the recipient is one of a limited class of exempt recipients. A recipient not otherwise exempt from information reporting who fails to satisfy the information reporting requirements will be subject to "backup withholding," which means that the payor is required to deduct and withhold a tax from the interest payment, calculated in the manner set forth in the Code. For the foregoing purpose, a "payor" generally refers to the person or entity from whom a recipient receives its payments of interest or who collects such payments on behalf of the recipient.

If an owner purchasing a Note through a brokerage account has executed a Form W-9 in connection with the establishment of such account, as generally can be expected, no backup withholding should occur. In any event, backup withholding does not affect the excludability of the interest on the Notes from gross income for federal income tax purposes. Any amounts withheld pursuant to backup withholding would be allowed as a refund or a credit against the owner's federal income tax once the required information is furnished to the Internal Revenue Service.

Miscellaneous

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the federal or state level, could adversely affect the tax-exempt status of interest on the Notes under federal or state law or otherwise prevent beneficial owners of the Notes from realizing the full current benefit of the tax status of such interest. In addition, such legislation or actions (whether currently proposed, proposed in the future, or enacted) or such decisions could affect the market price or marketability of the Notes.

Prospective purchasers of the Notes should consult their own tax advisors regarding the foregoing matters.

LEGAL MATTERS

Legal matters incident to the authorization, issuance and sale of the Notes will be subject to the final approving opinion of Hawkins Delafield & Wood LLP, Bond Counsel, substantially as set forth in Appendix D hereto.

DISCLOSURE UNDERTAKING

In order to assist the purchasers of the Notes in complying with Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended ("Rule 15c2-12"), the District will execute an "Undertaking to Provide Notices of Events", substantially in the form of which is attached hereto as Appendix E.

RATING

The Notes are not rated. S&P Global Ratings ("S&P") 55 Water Street, New York, NY 10041, Telephone: (877) 299-2569 and Fax: (212) 438-5153, has assigned a rating of "AA-/Stable" to the outstanding bonds of the District. Generally, a rating agency bases its ratings on the information and materials furnished to it and on investigation, studies and assumptions by the rating agency. There is no assurance that a particular rating will apply for any given period of time or that it will not be lowered or withdrawn entirely if, in the judgment of the agency originally establishing the rating, circumstances so warrant.

MUNICIPAL ADVISOR

Munistat Services, Inc. (the "Municipal Advisor"), is a Municipal Advisor, registered with the Securities and Exchange Commission and the Municipal Securities Rulemaking Board. The Municipal Advisor serves as independent financial advisor to the District on matters relating to debt management. The Municipal Advisor is a financial advisory and consulting organization and is not engaged in the business of underwriting, marketing, or trading municipal securities or any other negotiated instruments. The municipal Advisor has provided advice as to the plan of financing and the structuring of the Notes and has reviewed and commented on certain legal documents, including this Official Statement. The advice on the plan of financing and the structuring of the Notes was based on materials provided by the District and other sources of information believed to be reliable. The Municipal Advisor has not audited, authenticated, or otherwise verified the information provided by the District or the information set forth in this Official Statement or any other information available to the District with respect to the appropriateness, accuracy, or completeness of disclosure of such information and no guarantee, warranty, or other representation is made by the Municipal Advisor respecting the accuracy and completeness of or any other matter related to such information and this Official Statement.

INDEPENDENT AUDITOR'S REPORT

To the Board of Education
Rocky Point Union Free School District

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the fiduciary funds of the Rocky Point Union Free School District, as of and for the fiscal year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the fiduciary funds of the Rocky Point Union Free School District, as of June 30, 2020, and the respective changes in financial position for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of District's proportionate share of the net pension liability, schedule of District's contributions, and schedule of changes in District's total OPEB liability, on pages 1 through 13 and 55 through 59, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Rocky Point Union Free School District's basic financial statements. The other supplementary financial information as listed in the table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements.

The other supplementary financial information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary financial information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 9, 2020 on our consideration of the Rocky Point Union Free School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Rocky Point Union Free School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Rocky Point Union Free School District's internal control over financial reporting and compliance.

**ROCKY POINT UNION FREE SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

The following is a discussion and analysis of the Rocky Point Union Free School District's (the District's) financial performance for the fiscal year ended June 30, 2020. This section is a summary of the District's financial activities based on currently known facts, decisions, or conditions. It is also based on both the District-Wide and Fund Financial Statements. The results of the current year are discussed in comparison with the prior year, with an emphasis placed on the current year. This section is only an introduction and should be read in conjunction with the District's financial statements, which immediately follow this section.

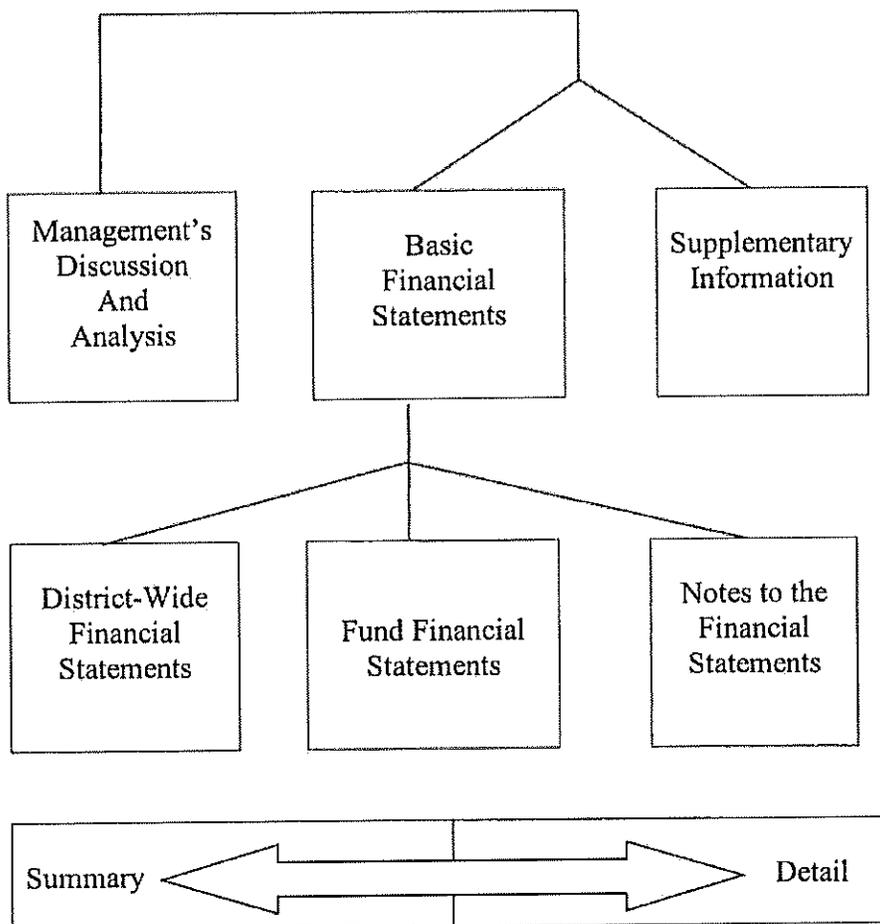

1. FINANCIAL HIGHLIGHTS

- The District's total net position, as reflected in the District-Wide Financial Statements, decreased by \$16,900,245. This was due to an excess of expenditures over revenues based on the accrual basis of accounting.
- The District's fund balance in the general fund, as reflected in the Fund Financial Statements increased \$925,799 based on the modified accrual basis of accounting.
- State and federal revenue in the general fund decreased by \$585,125 to \$28,700,259 in 2019-2020 from \$29,285,384 in 2018-2019.
- The District appropriated \$2,577,971 of fund balance toward the 2020-2021 budget to limit the tax levy increase, and reduce the burden on District taxpayers.
- The District's 2020-2021 budget includes funding for additional staffing, improvements to the District's extracurricular and occupational education programs, building renovations, and investment in capital assets.
- On December 12, 2019 the District refunded \$2,975,000 of the outstanding bonds from the 2009 serial bonds. The present value of savings from the refunding due to lower interest rates on the outstanding issues was \$156,864.
- On March 11, 2020, the World Health Organization declared coronavirus (COVID-19) disease as a global pandemic. Schools, along with all but essential businesses, were ordered closed by the State of New York, and remote learning was conducted for the remainder of the school year. The closure of schools resulted in some areas of savings primarily in the area of transportation, but also included unforeseen expenses such as personal protective equipment and cleaning of buildings.

2. OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of four parts: management's discussion and analysis (this section), the basic financial statements, required supplementary information and other supplementary information. The basic financial statements consist of district-wide financial statements, fund financial statement, and notes to the financial statements. A graphic display of the relationship of these statements follows:

**ROCKY POINT UNION FREE SCHOOL DISTRICT
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

A. District-Wide Statements

The district-wide financial statements present the governmental activities of the District and are organized to provide an understanding of the fiscal performance of the District as a whole in a manner similar to a private sector business. There are two district-wide financial statements – the Statement of Net Position and the Statement of Activities. These statements provide both an aggregate and long term view of the District’s finances.

These statements utilize the economic resources measurement focus and the accrual basis of accounting. This basis of accounting recognizes the financial effects of events when they occur, without regard to the timing of cash flow related to the events.

The Statement of Net Position

The Statement of Net Position presents information on all of the District’s assets and deferred outflows of resources, and liabilities and deferred inflows of resources, with the difference reported

**ROCKY POINT UNION FREE SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

as net position. Increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The Statement of Activities

The Statement of Activities presents information showing the change in net position during the fiscal year. All changes in net position are recorded at the time the underlying financial event occurs. Revenues are recognized in the period when they are earned and expenses are recognized in the period when the liability is incurred. Therefore, revenues and expenses are reported in the statement for some items that will result in cash flow in future fiscal periods.

B. Fund Financial Statements

The Fund Financial Statements provide more detailed information about the District's funds, not the District as a whole. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District also uses fund accounting to ensure compliance with finance-related legal requirements. The funds of the District are reported in the governmental funds and the fiduciary funds.

Governmental funds: These statements utilize the current financial resources measurement focus and the modified accrual basis of accounting. This basis of accounting recognizes revenues in the period that they become measurable and available. It recognizes expenditures in the period in which the District incurs the liability, except for certain expenditures such as debt service on general long term indebtedness, claims and judgements, compensated absences, pension costs and other post employment benefits, which are recognized as expenditures to the extent the related liabilities mature each period.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the district-wide financial statements. However, the governmental fund financial statements focus on shorter term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year for spending in future years. Consequently, the governmental fund statements provide a detailed short term view of the District's operations and the services it provides.

Because of the focus of governmental funds is narrower than that of district-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the district-wide financial statements. By doing so, the reader may better understand the long term impact of the District's near term financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains five individual governmental funds: general fund, special aid fund, school food service fund, debt service fund and capital projects fund, each of which is considered to be a major fund and is presented separately in the fund financial statements.

**ROCKY POINT UNION FREE SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

Fiduciary funds: The District is the trustee or *fiduciary* for assets that belong to others, such as scholarship funds and student activities funds. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. The District excludes these activities from the district-wide financial statements because it cannot use these assets to finance its operations. Fiduciary fund reporting focuses on net position and changes in net position.

3. FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

A. Net Position

The District's total net position decreased by \$16,900,245 in the fiscal year ended June 30, 2020 as detailed below:

	Fiscal Year 2020	Fiscal Year 2019	Increase/ (Decrease)	Total Percentage Change
Current and other assets	\$29,009,689	\$32,128,539	(\$3,118,850)	-9.71%
Capital assets, net	59,951,126	57,823,434	2,127,692	3.68%
Net pension asset, proportionate share	5,005,152	3,464,167	1,540,985	44.48%
Total Assets	93,965,967	93,416,140	549,827	0.59%
Deferred outflows of resources	87,810,745	55,160,754	32,649,991	59.19%
Total Assets and Deferred Outflows of Resources	181,776,712	148,576,894	33,199,818	22.35%
Other liabilities	5,811,434	7,309,577	(1,498,143)	-20.50%
Long-term liabilities	231,388,926	202,939,915	28,449,011	14.02%
Total Liabilities	237,200,360	210,249,492	26,950,868	12.82%
Deferred inflows of resources	33,021,076	9,871,881	23,149,195	234.50%
Net Position (Deficit)				
Net investment in capital assets	44,568,633	42,668,888	1,899,745	4.45%
Restricted	14,056,364	13,326,347	730,017	5.48%
Unrestricted (Deficit)	(147,069,721)	(127,539,714)	(19,530,007)	15.31%
Total Net Position (Deficit)	(\$88,444,724)	(\$71,544,479)	(\$16,900,245)	23.62%

Current and other assets decreased by \$3,118,850 or 9.71% as compared to the prior year as a result of a decrease in cash, offset by increases in due from state and federal and due from other governments. Capital assets (net of depreciation) increased by \$2,127,692 or 3.68% due to current

**ROCKY POINT UNION FREE SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

year additions, offset by current year depreciation. The net pension asset – proportionate share for the teachers' retirement system increased \$1,540,985, or 44.48%, as a result of the actuarial valuation provided by the State. See Note 12 for additional information.

Deferred outflows of resources represents contributions to the retirement plans subsequent to the measurement dates and actuarial adjustments of the retirement and OPEB plans that will be amortized in future years.

Current and other liabilities decreased by \$1,498,143 or 20.50% primarily due to decreases in accounts payable and due to teachers' retirement system. Long-term liabilities increased by \$28,449,011 or 14.02% primarily due to increases in other post-employment benefits obligation and net position liability-proportionate share, offset by a decrease in bonds payable.

The changes in deferred inflows of resources represent actuarial adjustments of the pension and OPEB plans that will be amortized in future years.

The net investment in capital assets relates to the investment in capital assets at cost such as land, construction in progress, buildings & improvements, and furniture & equipment, net of depreciation, related debt (net of any unspent proceeds), and any unamortized items (discounts, premiums, gains on refunding).

The restricted net position refers to the District's reserves: workers' compensation, unemployment insurance, retirement contribution (ERS and TRS), property loss, liability, employee benefit accrued liability, and capital, as well as the net position of the debt service fund.

The unrestricted net deficit in the amount of \$147,069,721 relates to the balance of the District's net position. This number does not include the District's reserves, which are classified as restricted net position. Additionally, in accordance with state guidelines, the District is only permitted to fund other postemployment benefits (OPEB) on a "pay as you go" basis, and is not permitted to accumulate funds for the total OPEB obligation. This deficit increased by \$19,530,007 or 15.31% from the prior year.

The overall net deficit increased by \$16,900,245.

B. Changes in Net Position

The results of operations as a whole are reported in the Statement of Activities in a programmatic format. In the accompanying financial statements STAR (school tax relief) revenue is included in the other tax items line. However, in this MD&A, STAR revenue has been combined with real property taxes. A summary of this statement for the years ended June 30, 2020 and 2019 are as follows:

The District's fiscal year 2020 revenues totaled \$85,577,273. Real property taxes and other tax items and state sources accounted for most of the District's revenue by contributing 61.28% and 33.79%, respectively of total revenue. The remainder came from charges for services, operating grants, capital grants, and other miscellaneous sources.

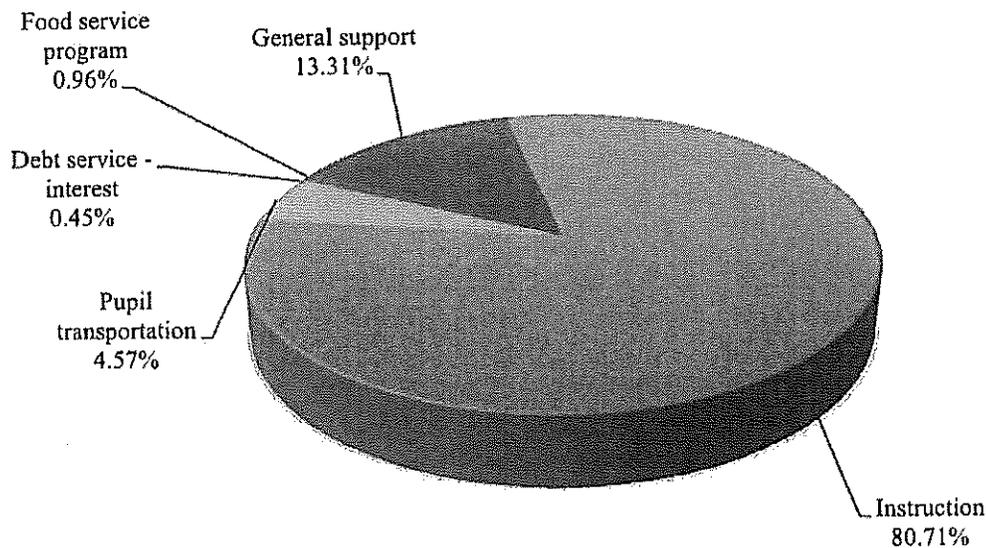

The total cost of all programs and services totaled \$102,477,468 for fiscal year 2020. These expenses are predominantly related to general instruction and caring for (pupil services) and transporting students, which account for 85.28% of District expenses. The District's general support activities accounted for 13.31% of total costs. Total expenses increased by \$6,741,484 or 7.04%, primarily due to an increase in instruction, offset by a decrease in transportation.

4. FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As of June 30, 2020, the District's governmental funds reported a total fund balance of \$21,679,849, which is a decrease of \$2,528,722 from the prior year. This decrease is primarily due to a decrease in fund balance in the capital projects fund, offset by an increase in fund balance in the general fund.

A summary of the change in fund balance for all funds is as follows:

	Fiscal Year 2020	Fiscal Year 2019	Increase (Decrease)	Total Percentage Change

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

A. General Fund

The net change in fund balance in the general fund is an increase of \$925,799. This increase is due to actual revenues and other financing sources exceeding actual expenditures and other financing uses in the current year.

B. School Food Service Fund

There was no change in fund balance in the school food service fund from the prior year. This is due to a transfer of \$265,923 from the general fund to cover negative student balances and losses due to the school closures relating to the pandemic.

C. Debt Service Fund

The net change in fund balance in the debt service fund is a decrease of \$476 due to a transfer to the general fund which was offset by interest income.

D. Capital Projects Fund

The net change in fund balance in the capital projects fund is a decrease of \$3,454,045 due to expenditures on capital projects.

GENERAL FUND BUDGETARY HIGHLIGHTS

A. 2019-2020 BUDGET

The District's general fund original budget for the year ended June 30, 2020 was \$86,743,446. This amount was increased by encumbrances carried forward from the prior year in the amount of \$758,586 and budget revisions of \$3,216, which resulted in a final budget of \$87,505,248. The majority of the funding came from real property taxes and other tax items including STAR revenue of \$52,440,256.

B. Change in General Fund's Unassigned Fund Balance (Budget to Actual)

The general fund's unassigned fund balance is a component to total fund balance that is the residual of prior years' excess revenues over expenditures, net of transfers to reserves and designations to fund subsequent years' budgets. It is this balance that is commonly referred to as "fund balance". The change in this balance demonstrated through a comparison of the actual revenues and expenditures for the year compared to budget are as follows:

**ROCKY POINT UNION FREE SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

Opening, unassigned fund balance	\$ 3,469,737
Revenues under budget	(53,946)
Expenditures and encumbrances under budget	5,499,262
Unused appropriated reserves	(368,170)
Interest allocated to reserves	(55,032)
Allocation to reserves	(1,851,599)
Assigned - appropriated for June 30, 2021 budget	<u>(2,577,971)</u>
Closing, unassigned fund balance	<u>\$ 4,062,281</u>

The \$3,469,737 represents the portion of the District's June 30, 2019 fund balance that was retained as unassigned fund balance.

The revenues under budget of \$53,946 were primarily the result of lower than anticipated revenue collection during the year due to state sources under budget offset by other miscellaneous sources over budget. (See Supplemental Schedule #1 for detail).

The expenditures and encumbrances under budget of \$5,499,262 were primarily the result of instruction, general support, and employee benefits coming in under budget. (See Supplemental Schedule #1 for detail).

In the 2019-20 budget, \$1,985,724 of reserves were appropriated to reduce the tax levy. Due to lower than anticipated expenditures, \$368,170 of this funding was not needed and was returned to the reserves for future use.

Interest in the amount of \$55,032 was allocated to the reserves as follows: \$6,509 to the workers compensation reserve, \$2,450 to the unemployment insurance reserve, \$14,215 to the retirement contribution reserve – ERS, \$3,077 to the retirement contribution reserve – TRS, \$275 to the property loss reserve, \$275 to the liability loss reserve, \$20,128 to the employee benefit accrued liability reserve, and \$8,103 to the capital reserve.

Transfers to reserves in the amount of \$1,851,599 were as follows: \$651,599 to the retirement contribution reserve for the teachers' retirement system and \$1,200,000 to the capital reserve.

The assigned, appropriated fund balance of \$2,577,971 is the amount the District has chosen to use to partially fund its operating budget for 2020-2021.

The closing, unassigned fund balance represents the fund balance retained by the District that is not restricted or assigned for the subsequent year's budget. This amount is limited to 4% of the 2020-2021 budget. At June 30, 2020, the District's unassigned fund balance exceeds the statutory limit.

5. CAPITAL ASSET AND DEBT ADMINISTRATION

A. Capital Assets

At June 30 2020, the District had invested in a broad range of capital assets, as indicated in the table below. The net increase in capital assets is due to capital additions of \$3,886,338 in excess of depreciation of \$1,748,156 and a loss on the disposition of assets of \$10,490. The District paid for equipment and various building additions and renovations during the fiscal year 2020. A summary of the District's capital assets net of depreciation is as follows:

Category	Fiscal Year 2020	Fiscal Year 2019	Increase (Decrease)
Land	\$737,304	\$737,304	\$-
Construction in progress	9,673,946	14,929,369	(5,255,423)

Total capital assets, net	<u>\$59,951,126</u>	<u>\$57,823,434</u>	<u>\$2,127,692</u>

B. Debt Administration

At June 30, 2020, the District had total bonds payable of \$16,460,000. The bonds were issued for school building improvements and the refunding of bonds originally issued for school building improvements. The decrease in outstanding debt is due to current year principal payments. A summary of outstanding bonds payable at June 30, 2020 and 2019 is as follows:

	Issue Date	Interest Rate	2020	2019	Increase (Decrease)
Serial Bonds	6/15/2009	3.125%-4.00%		\$ 2,975,000	(\$2,975,000)

C. Other Long Term Liabilities

Included in the District's long term liabilities are the estimated amounts due for compensated absences, workers' compensation liability, termination benefits, total other post-employment benefits and net pension liability – proportionate share. The compensated absences liability and termination benefits are based on employment contracts. The workers' compensation liability is based on loss runs provided by the third party administrator. The total other post-employment benefits obligation and net pension liability – proportionate share are based on actuarial valuations.

	2020	2019	Increase (Decrease)
Compensated absences	\$5,436,366	\$5,127,023	\$309,343
Workers' compensation	608,559	970,360	(361,801)
Termination benefits	539,100	591,900	(52,800)
Total OPEB obligation	202,352,855	174,747,187	27,605,668
Net pension liability - proportionate share	5,919,962	1,559,277	4,360,685
	<u>\$214,856,842</u>	<u>\$182,995,747</u>	<u>\$31,861,095</u>

6. ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

A. Subsequent Year's Budget

The general fund budget, the only fund with a legally adopted budget, as approved by the voters on June 15, 2020 for the year ending June 30, 2021 is \$84,586,600. This is a decrease of \$2,156,846 or 2.49% from the previous year's budget. A property tax increase of \$42,803, levy to levy, was applied.

B. Future Budgets

Significant increases in costs of health insurance, the property tax cap, and uncertainty in state aid and federal funds will greatly influence the District's future budgets.

C. Tax Cap

New York State law limits the increase in the property tax levy of school districts to the lesser of 2% or the rate of inflation. There are additional statutory adjustments in the law. School districts may override the tax levy limit by presenting to the voters a budget that requires a tax levy that exceeds the statutory limit. However, that budget must be approved by 60% of the votes cast. Based on the law, the District's 2020-2021 property tax increase did not require an override vote.

D. State Aid Payments

On August 13, 2020, the New York State Division of the Budget (DOB) issued their "FY 2021 First Quarterly State Budget Financial Plan Update" which notes that the DOB approved payment of 80% for accrued General Aid, Excess Cost Aid and BOCES Aid payments. These financial statements reflect revenue at 80% of the accrued amounts for these aids in the general fund. The remaining 20% is included in deferred inflows of resources and will be recognized as revenue upon such time as this deferred aid is received.

RECONCILIATION OF GOVERNMENTAL FUND REVENUES, EXPENDITURES AND
CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

Net Change in Fund Balances (all Funds) (\$2,528,722)

Amounts reported for governmental activities in the Statement of Activities are different because:

Long-Term Revenue and Expense Differences

In the Statement of Activities, certain operating expenses are measured by amounts earned or incurred during the year. In the governmental funds, expenditures for these items are measured by the amount of financial resources used.

Change in compensated absences payable	(309,343)	
Change in termination benefits payable	52,800	
Change in claims payable	<u>361,801</u>	105,258

Changes in the proportionate share of net pension asset/liability, and total other post-employment benefits obligation and related deferred inflows and outflows reported in the Statement of Activities do not provide for or require use of current financial resources and therefore are not reported as revenues or expenditures in the governmental funds.

Other post-employment benefits	(16,526,863)	
Teachers' retirement system	(3,282,981)	
Employees' retirement system	<u>(1,114,728)</u>	(20,924,572)

Deferred inflows of resources - The Statement of Net Position recognizes revenues received under the full accrual method. Governmental funds recognize revenue under the modified accrual method. The difference in state aid revenues recognized under the full accrual method for the fiscal year ended June 30, 2020 is 899,892

Capital Related Differences

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities, those costs are capitalized and shown in the Statement of Net Position and allocated over their useful lives as annual depreciation expense in the Statement of Activities.

Capital outlays	\$3,886,338	
Loss on disposal	(10,490)	
Depreciation expense	<u>(1,748,156)</u>	2,127,692

Long-Term Debt Differences

Repayment of bond principal is an expenditure in the governmental funds, but it reduces long-term liabilities in the Statement of Net Position and does not affect the Statement of Activities. 3,185,000

Governmental funds report the premiums, discounts and similar items on the refunded debt when the debt is first refunded. These amounts are deferred and amortized in the Statement of Activities. 227,084

Interest on long-term debt in the Statement of Activities differs from the amounts reported in the governmental funds because interest is recorded as an expenditure in the funds when it is due, and this requires the use of current financial resources. In the Statement of Activities, however, interest expense is recognized as the interest accrues, regardless of when it is due. Accrued interest from June 30, 2019 to June 30, 2020 changed by: 8,123

NOTE 1 – SUMMARY OF CERTAIN SIGNIFICANT ACCOUNTING POLICIES:

The financial statements of Rocky Point Union Free School District (the “District”) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. Those principles are prescribed by the Governmental Accounting Standards Board (GASB), which is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

Certain significant accounting principles and policies utilized by the District are described below:

A) Reporting entity:

The District is governed by the laws of New York State. The District is an independent entity governed by an elected Board of Education consisting of five members. The President of the Board serves as the chief fiscal officer and the Superintendent is the chief executive officer. The Board is responsible for, and controls all activities related to, public school education within the District. Board members have authority to make decisions, power to appoint management, and primary accountability for all fiscal matters.

The reporting entity of the District is based upon criteria set forth by GASB Statement No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units* and GASB Statement No. 61, *The Financial Reporting Entity: Omnibus –An Amendment of GASB Statements No. 14 and No.34*. The financial reporting entity consists of the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete.

The accompanying financial statements present the activities of the District and its component unit and other organizational entities determined to be includable in the District’s financial reporting entity. The District is not a component unit of another reporting entity. The decision to include a potential component unit in the District’s reporting entity is based on several criteria including legal standing, fiscal dependency, and financial accountability. Based on the application of these criteria, the following is a brief description of certain entities included in the District’s reporting entity.

Extraclassroom Activity Funds

The Extraclassroom Activity Funds of the District represent funds of the students of the District. The Board of Education exercises general oversight of these funds. The Extraclassroom Activity Funds are independent of the District with respect to its financial transactions and the designation of student management. The District reports these assets held as an agent for the Extraclassroom organizations in the Statement of Fiduciary Net Position – Fiduciary Fund. Separate audited financial statements (cash basis) of the Extraclassroom Activity Funds can be found at the District’s business office.

FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

B) Joint venture:

The District is a component district in the Eastern Suffolk Board of Cooperative Educational Services (BOCES). A BOCES is a voluntary, cooperative association of school districts in a geographic area that shares planning, services, and programs, which provide educational and support activities. There is no authority or process by which a school district can terminate its status as a BOCES component.

BOCES are organized under §1950 of the New York State Education Law. A BOCES Board is considered a corporate body. Members of a BOCES Board are nominated and elected by their component member boards in accordance with provisions of §1950 of the New York State Education Law. All BOCES property is held by the BOCES Board as a corporation (§1950(6)). In addition, BOCES Boards also are considered municipal corporations to permit them to contract with other municipalities on a cooperative basis under §119-n(a) of the New York State General Municipal Law.

A BOCES' budget is comprised of separate budgets for administrative, program and capital costs. Each component district's share of administrative and capital cost is determined by resident public school district enrollment, as defined in the New York State Education Law, §1950(4)(b)(7). In addition, component districts pay tuition or a service fee for programs in which its students participate.

C) Basis of presentation:

i) District-Wide Financial Statements:

The Statement of Net Position and the Statement of Activities present financial information about the District's governmental activities. These statements include the financial activities of the overall government in its entirety, except those that are fiduciary. Eliminations have been made to minimize the double counting of internal transactions. Governmental activities generally are financed through taxes, state aid, intergovernmental revenues, and other exchange and non-exchange transactions. Operating grants include operating-specific and discretionary (either operating or capital) grants, while the capital grants column reflects capital-specific grants, if applicable.

The Statement of Activities presents a comparison between program expenses and revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with and are clearly identifiable to a particular function. Indirect expenses, principally employee benefits, are allocated to functional areas in proportion to the payroll expended for those areas. Program revenues include charges paid by the recipients of goods or services offered by the programs, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

**ROCKY POINT UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

ii) Fund Financial Statements:

The Fund Financial Statements provide information about the District's funds, including fiduciary funds. Separate statements for each fund category (governmental and fiduciary) are presented. The emphasis of Fund Financial Statements is on major governmental funds, each displayed in a separate column.

The District reports the following major governmental funds:

General Fund: This fund is the District's primary operating fund. It accounts for all financial transactions that are not required to be accounted for in another fund.

Special Aid Fund: This fund accounts for the proceeds of specific revenue sources, such as federal and state grants, that are legally restricted to expenditures for specified purposes. These legal restrictions may be imposed either by governments that provide the funds, or by outside parties.

School Food Service Fund: This fund is used to account for the activities of the District's food service operations.

Debt Service Fund: This fund accounts for the accumulation of resources and the payment of principal and interest on long-term general obligation debt of governmental activities.

Capital Projects Fund: This fund is used to account for the financial resources used for acquisition, construction, or major repair of capital facilities.

The District reports the following fiduciary funds:

Fiduciary Fund: These funds are used to account for fiduciary activities. Fiduciary activities are those in which the District acts as trustee or agent for resources that belong to others. These activities are not included in the District-Wide Financial Statements, because their resources do not belong to the District, and are not available to be used.

Private purpose trust funds: These funds are used to account for trust arrangements in which principal and income benefits annual third-party awards and scholarships for students. Established criteria govern the use of the funds and members of the District or representatives of the donors may serve on committees to determine who benefits.

Agency funds: These funds are strictly custodial in nature and do not involve the measurement of results of operations. Assets are held by the District as agent for various student groups or extraclassroom activity funds and for payroll or employee withholding.

FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

D) Measurement focus and basis of accounting:

The District-Wide Financial Statements and Fiduciary Fund Financial Statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Non-exchange transactions, in which the District gives or receives value without directly receiving or giving equal value in exchange, include property taxes, grants and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

The Fund Financial Statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within six months after the end of the fiscal year, except for real property taxes, which are considered to be available if they are collected within sixty days after the end of the fiscal year.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, compensated absences, net pension liabilities, and other post-employment benefits obligations which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

E) Real property taxes:

i) Calendar

Real property taxes are levied annually by the Board of Education no later than November 1st, and become a lien on December 1st. Taxes are collected by the Town of Brookhaven and remitted to the District from December to June.

ii) Enforcement

Uncollected real property taxes are subsequently enforced by Suffolk County (the "County"). The County pays an amount representing uncollected real property taxes transmitted to the County for enforcement to the District no later than the following July 1.

F) Restricted resources:

When an expense is incurred for purposes for which both restricted and unrestricted net position is available, the District's policy concerning which to apply first varies with the intended use, and with associated legal requirements, many of which are described elsewhere in these Notes.

**ROCKY POINT UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

G) Interfund transactions:

The operations of the District include transactions between funds. These transactions may be temporary in nature, such as with interfund borrowings. The District typically loans resources between funds for the purpose of providing cash flow. These interfund receivables and payables are expected to be repaid within one year. Permanent transfers of funds include the transfer of expenditure and revenues to provide financing or other services.

In the District-Wide Financial Statements, the amounts reported on the Statement of Net Position for interfund receivables and payables represent amounts due between different fund types (governmental activities and fiduciary funds). Eliminations have been made for all interfund receivables and payables between the funds, with the exception of those due from or to the fiduciary funds.

The governmental funds report all interfund transactions as originally recorded. Interfund receivables and payables may be netted on the accompanying governmental funds balance sheet when it is the District's practice to settle these amounts at a net balance based upon the right of legal offset.

Refer to Note 9 for a detailed disclosure by individual fund for interfund receivables, payables, expenditures and revenues activity.

H) Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets, deferred outflows of resources, liabilities and deferred inflows of resources, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported revenues and expenses during the reporting period. Actual results could differ from those estimates. Estimates and assumptions are made in a variety of areas, including computation of encumbrances, compensated absences, termination benefits, other post-employment benefits, workers compensation claims, potential contingent liabilities, net pension liabilities and useful lives of capital assets.

I) Cash and cash equivalents:

The District's cash and cash equivalents consist of cash on hand and demand deposits, and short-term investments with original maturities of three months or less from date of acquisition. Certain cash balances are restricted by various legal and contractual obligations, such as legal reserves and debt agreements.

**ROCKY POINT UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

J) Receivables:

Receivables are shown gross, with uncollectible amounts recognized under the direct write-off method. No allowance for uncollectible accounts has been provided since it is believed that such allowance would not be material.

K) Inventories and prepaid items:

Inventories of food in the school food service fund are recorded at cost on a first-in, first-out basis, or in the case of surplus foods donated by the U.S. Department of Agriculture, at the Government's assigned value, which approximates market. Purchases of inventory items in other funds are recorded as expenditures at the time of purchase, and are considered immaterial in amount. Non-spendable fund balance for these non-liquid assets (inventories) has been recognized in the school food service fund to signify that a portion of fund balance is not available for other subsequent expenditures.

Prepaid items represent payments made by the District for which benefits extend beyond year-end. These payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the District-Wide and Fund Financial Statements. These items are reported as assets on the Statement of Net Position or Balance Sheet using the consumption method. A current asset and non-spendable fund balance for the prepaid amounts is recorded at the time of purchase and an expense/expenditure is reported in the year the goods or services are consumed. The District had prepaid expenditures of \$60,000 for workers' compensation claims as of June 30, 2020.

L) Capital assets:

Capital assets are reported at actual cost for acquisitions subsequent to 20 years. For assets acquired prior to 20 years, estimated historical costs, based on appraisals conducted by independent third-party professionals are used. Donated assets are reported at acquisition value at the time received.

Capitalization thresholds (the dollar value above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the District-Wide Financial Statements are as follows:

	<u>Capitalization Threshold</u>	<u>Estimated Useful Life</u>
Buildings & improvements	\$1,000	20-50 years
Improvements other than buildings	\$1,000	20-50 years
Furniture, equipment & vehicles	\$1,000	5-20 years

**ROCKY POINT UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

M) Deferred outflows and inflows of resources:

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District reported deferred outflows of resources related to pensions and the other post-employment benefits reported in the District-Wide Statement of Net Position, and are detailed further in Notes 12 and 14.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District reported deferred inflows of resources related to pensions and the other post-employment benefits liability reported in the District-Wide Statement of Net Position, and are detailed further in Notes 12 and 14.

In addition to liabilities, the Governmental Funds Balance Sheet will sometimes report deferred inflows of resources when potential revenues do not meet the availability criterion for recognition in the current period. These amounts are recorded as deferred inflows of resources. In subsequent periods, when the availability criterion is met, deferred inflows of resources are classified as revenues. The District-Wide Financial Statements, however, report these deferred inflows of resources as revenues in accordance with the accrual basis of accounting and economic resources measurement focus. Due to the COVID-19 pandemic and revenue losses suffered by the State of New York, New York mandated a 20% withholding of certain state aid allocations due to the District at June 30, 2020. In the Governmental Funds Balance Sheet, the general fund reported \$500,294 of this state aid due as unavailable revenue.

Also included in the governmental fund financial statements as deferred inflows of resources at June 30, 2020, is the amount due from New York State for improvements to educational technology and infrastructure to improve learning and opportunities for students throughout the state (Smart Schools Bond Act). Unavailable revenues in the capital projects fund at June 30, 2020 total \$1,039,680.

N) Collections in advance:

Collections in advance arise when the District receives resources before it has legal claim to them, as when grant monies are received prior to the incidence of qualifying expenditures. In subsequent periods, when both recognition criteria are met, or when the District has legal claim to the resources, the liability for collections in advance is removed and revenues are recorded. Collections in advance consisted of amounts received in advance for meals that have not yet been purchased in the school food service fund, and drivers' education fees in the general fund.

**ROCKY POINT UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

O) Vested employee benefits:

Compensated absences

Compensated absences consist of unpaid accumulated annual sick leave, vacation, and sabbatical time.

Sick leave eligibility and accumulation is specified in negotiated labor contracts, and in individual employment contracts. Upon retirement, resignation or death, employees may contractually receive a payment based on unused accumulated sick leave. Certain collectively bargained agreements require these termination payments to be paid in the form of non-elective contributions into the employees' 403(b) plan.

District employees are granted vacation in varying amounts, based primarily on length of service and service position. Some earned benefits may be forfeited if not taken within varying time periods.

Consistent with GASB Statement No. 16, *Accounting for Compensated Absences*, the liability has been calculated using the vesting/termination method and an accrual for that liability is included in the District-Wide Financial Statements. The compensated absences liability is calculated based on the pay rates in effect at year-end.

In the Fund Financial Statements only the amount of matured liabilities is accrued within the general fund based upon expendable and available financial resources. These amounts are expensed on a pay-as-you go basis.

Termination benefits

Termination benefits consists of first year eligible retirement incentive payments as specified in collective bargaining agreements or individual employment contracts. The liability is calculated in accordance with GASB Statement No. 47, *Accounting for Termination Benefits*. The liability is calculated on years of service plus rates in effect at year end.

P) Other benefits:

District employees participate in the New York State Employees' Retirement System and the New York State Teachers' Retirement System.

District employees may choose to participate in the District's elective deferred compensation plan established under the Internal Revenue Service Code sections 403(b) and 457(b).

In addition to providing pension benefits, the District provides post-employment health insurance coverage and survivor benefits for retired employees and their survivors in accordance with the provision of various employment contracts in effect at the time of retirement. Substantially all of the District's employees may become eligible for these

**ROCKY POINT UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

benefits if they reach normal retirement age while working for the District. Health care benefits are provided through plans whose premiums are based on the benefits paid during the year. The District recognizes the cost of providing health insurance by recording its share of insurance premiums as an expenditure in the governmental funds as the liabilities for premiums mature (come due for payments). In the District-Wide Financial Statements, the cost of post-employment health insurance coverage is recognized on the accrual basis of accounting in accordance with GASB Statement No. 75.

Q) Short-term debt:

The District may issue Revenue Anticipation Notes (RAN) and Tax Anticipation Notes (TAN), in anticipation of the receipt of revenues. These notes are recorded as a liability of the fund that will actually receive the proceeds from the issuance of the notes. The RANs and TANs represent a liability that will be extinguished by the use of expendable, available resources of the fund.

The District may issue budget notes up to an amount not to exceed 5% of the amount of the annual budget during any fiscal year for expenditures for which there is an insufficient or no provision made in the annual budget. The budget note must be repaid no later than the close of second fiscal year succeeding the year in which the note was issued.

The District may issue Bond Anticipation Notes (BAN), in anticipation of proceeds from the subsequent sale of bonds. These notes are recorded as current liabilities of the funds that will actually receive the proceeds from the issuance of bonds. State law requires that BANs issued for capital purposes be converted to long-term financing within five years after the original issue date.

R) Accrued liabilities and long-term obligations:

Payables, accrued liabilities and long-term obligations are reported in the District-Wide Financial Statements. In the governmental funds, payables and accrued liabilities are paid in a timely manner and in full from current financial resources. Claims and judgments, compensated absences, net pension liabilities, and other post-employment benefits obligations that will be paid from governmental funds, are reported as a liability in the Funds Financial Statements only to the extent that they are due for payment in the current year. Bonds and other long-term obligations that will be paid from governmental funds are recognized as a liability in the Fund Financial Statements when due.

Long-term obligations represent the District's future obligations or future economic outflows. The liabilities are reported as due in one year or due within more than one year in the Statement of Net Position.

**ROCKY POINT UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

S) Equity classifications:

i) District-Wide Financial Statements:

In the District-Wide Financial Statements, there are three classes of net position:

Net investment in capital assets consists of net capital assets (cost less accumulated depreciation) reduced by outstanding balances of related debt obligations from the acquisition, construction or improvements of those assets, net of any unexpended proceeds, and including any unamortized items (discounts, premiums, deferred charges).

Restricted net position – reports net position when constraints placed on the assets are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position – reports all other net position that do not meet the definition of the above two classifications and are deemed to be available for general use by the District.

ii) Fund Financial Statements:

There are five classifications of fund balance as detailed below; however, in the Fund Financial Statements there are four classifications of fund balance presented:

- 1) **Non-spendable** fund balance - includes amounts that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact. Non-spendable fund balance includes the prepaid expenditures recorded in the general fund of \$60,000, and inventory recorded in the school food service fund of \$61,634.
- 2) **Restricted** fund balance - includes amounts with constraints placed on the use of resources either externally imposed by creditors, grantors, contributors or laws or regulations of other governments; or imposed by law through constitutional provisions or enabling legislation.

The District has established the following as restricted:

Workers' Compensation Reserve

Workers' compensation reserve (GML §6-j), is used to pay for compensation benefits and other expenses authorized by Article 2 of the Workers' Compensation Law, and for payment of expenses of administering this self-insurance program. The reserve may be established by Board action, and is funded by budgetary appropriations and such other funds as may be legally appropriated. Within sixty days after the end of any fiscal year, excess amounts may either be transferred to

**ROCKY POINT UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

another reserve or the excess applied to the appropriations of the next succeeding fiscal year's budget. This reserve is accounted for in the general fund under restricted fund balance.

Unemployment Insurance Reserve

Unemployment insurance reserve (GML §6-m), is used to pay the cost of reimbursement to the State Unemployment Insurance Fund for payments made to claimants where the employer has elected to use the benefit reimbursement method. The reserve may be established by Board action and is funded by budgetary appropriations and such other funds as may be legally appropriated. Within sixty days after the end of any fiscal year, excess amounts may either be transferred to another reserve or the excess applied to the appropriations of the next succeeding fiscal year's budget. If the District elects to convert to tax (contribution) basis, excess resources in the fund over the sum sufficient to pay pending claims may be transferred to any other reserve fund. This reserve is accounted for in the general fund under restricted fund balance.

Retirement Contribution Reserve

Retirement Contribution Reserve (GML§6-r), must be used for financing retirement contributions to the New York State and Local Employees' Retirement System. In addition, a subfund of this reserve may also be created to allow for financing retirement contributions to the New York State Teachers' Retirement System. The reserve must be accounted for separate and apart from all other funds, and a detailed report of the operation and condition of the fund must be provided to the Board. The reserve may be established by Board action and is funded by budgetary appropriations and such other funds as may be legally appropriated. The Teachers' Retirement System subfund is subject to contribution limits. This reserve is accounted for in the general fund under restricted fund balance.

Property Loss Reserve and Liability Reserve

According to Education Law §1709 (8) (c), must be used to pay for liability claims incurred. Separate funds for liability claims are required, and these reserves may not in total exceed 3% of the annual budget or \$15,000, whichever is greater. This type of reserve fund may be utilized only by school districts, except city school districts with a population greater than 125,000. These reserves are accounted for in the general fund under restricted fund.

Employee Benefit Accrued Liability Reserve

Reserve for employee benefit accrued liability (GML §6-p), is used to reserve funds for the payment of accrued employee benefits due to an employee upon termination of the employee's service. This reserve may be established by a majority vote of the Board, and is funded by budgetary appropriations and such other reserves and

**ROCKY POINT UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

funds that may be legally appropriated. This reserve is accounted for in the general fund under restricted fund balance.

Capital

Capital reserve (EL§3651), must be used to pay the cost of any object or purpose for which bonds may be issued. The creation of a capital reserve fund requires authorization by a majority of the voters establishing the purpose of the reserve; the ultimate amount, its probable term and the source of the funds. Expenditures may be made from the reserve only for a specific purpose further authorized by the voters. The form for the required legal notice for the vote on establishing and funding the reserve and the form of the proposition to be placed on the ballot are set forth in §3651 of the Education Law. This reserve is accounted for in the general fund under restricted fund balance.

Restricted for capital in the capital projects fund includes the fund balance for projects that are funded by the capital reserve.

Debt service

The unexpended balances of proceeds of borrowing for capital projects, interest and earnings from investing proceeds of borrowing, and borrowing premiums can be recorded as amounts restricted for debt service. These restricted funds are accounted for in the debt service fund.

Unspent Bond Proceeds

Unspent, long-term bond proceeds are recorded as restricted fund balance because they are subject to external constraints contained in the debt agreement. These restricted funds are accounted for in the capital projects fund.

Scholarships

Amounts restricted for scholarships are used to account for monies donated for scholarship purposes, net of earnings and awards. These restricted funds are accounted for in the private purpose trust fund.

- 3) **Committed fund balance** - Includes amounts that can only be used for the specific purposes pursuant to constraints imposed by formal action of the school districts highest level of decision making authority, (i.e., the Board of Education). The District has no committed fund balances as of June 30, 2020.
- 4) **Assigned fund balance** - Includes amounts that are constrained by the District's intent to be used for specific purposes, but are neither restricted nor committed. This intent can be expressed by the Board or through the Board delegating this responsibility to the District management through Board policies.

**ROCKY POINT UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

This classification also includes the remaining positive fund balance for all governmental funds except for the general fund.

- 5) **Unassigned fund balance** - Includes the residual fund balance for the general fund and includes residual fund balance deficits of any other governmental fund that cannot be eliminated by offsetting of assigned fund balance amounts. Assignments of fund balance cannot cause a negative unassigned fund balance.

Unassigned fund balance includes \$4,062,281 in the general fund, and a deficit of \$1,039,680 in the capital projects fund. The deficit in the capital projects fund is the result of the District not receiving grant funding from the State yet for the smart schools bond project.

NYS Real Property Tax Law 1318 limits the amount of unexpended surplus funds a school district can retain to no more than 4% of the District's budget for the general fund for the ensuing fiscal year. Non-spendable and restricted fund balance of the general fund are excluded from the 4% limitation. Amounts appropriated for the subsequent year and encumbrances included in the assigned fund balance are also excluded from the 4% limitation.

The District's general fund unassigned fund balance was in excess of the New York State Real Property Tax Law 1318 limit. The District plans to utilize the excess towards covering the additional operating costs attributable to the COVID-19 pandemic that are not provided for in the 2020-21 adopted budget.

Order of Use of Fund Balance:

In circumstances where an expenditure is incurred for a purpose for which amounts are available in multiple fund balance classifications (restricted, assigned or unassigned) the Board will assess the current financial condition of the District and then determine the order of application of expenditures to which fund balance classification will be charged.

T) Future changes in accounting standards:

GASB has issued Statement No. 84, *Fiduciary Activities*, effective for the fiscal year ended June 30, 2021. It provides guidance for identifying fiduciary activities, primarily based on whether the government is controlling the assets, and the beneficiaries with whom the fiduciary relationship exists, and on how different fiduciary activities should be reported.

GASB has issued Statement No. 87, *Leases*, effective for fiscal year ended June 30, 2022. This Statement establishes a single model for lease accounting based on the idea that leases are financings of the right-to-use an underlying asset. As such, under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and the lessor is required to recognize a lease receivable and a deferred inflow of resources.

These are the statements that the District feels may have an impact on these financial statements and are not an all-inclusive list of GASB statements issued. The District will

**ROCKY POINT UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

evaluate the impact each of these pronouncements may have on its financial statements and will implement them as applicable and when material.

**NOTE 2 – EXPLANATION OF CERTAIN DIFFERENCES BETWEEN FUND
STATEMENTS AND DISTRICT-WIDE STATEMENTS:**

Due to the differences in the measurement focus and basis of accounting used in the Fund Financial Statements and the District-Wide Financial Statements, certain financial transactions are treated differently. The basic financial statements contain a full reconciliation of these items. The differences result primarily from the economic focus of the Statement of Activities, compared with the current financial resources focus of the governmental funds.

A) Total fund balances of governmental funds vs. net position of governmental activities:

Total fund balances of the District's governmental funds differ from "net position" of governmental activities reported in the Statement of Net Position. The difference primarily results from additional long-term economic focus of the Statement of Net Position versus the solely current financial resources focus of the governmental fund Balance Sheets.

B) Statement of Revenues, Expenditures and Changes in Fund Balances vs. Statement of Activities:

Differences between the governmental funds Statement of Revenues, Expenditures and Changes in Fund Balances vs. Statement of Activities fall into one of three broad categories. The amounts shown below represent:

i) Long-term revenue and expense differences:

Long-term revenue differences arise because governmental funds report revenues only when they are considered "available", whereas the Statement of Activities reports revenues when earned. Differences in long-term expenses arise because governmental funds report on a modified accruals basis, whereas the accrual basis of accounting is used on the Statement of Activities.

ii) Capital related differences:

Capital related differences include the difference between proceeds for the sale of capital assets reported on governmental fund statements and the gain or loss on the sale of assets reported on the Statement of Activities, and the difference between recording an expenditure for the purchase of capital items in the Fund Financial Statements and depreciation expense on those items as recorded in the Statement of Activities.

iii) Long-term debt differences:

Long-term debt differences occur because both interest and principal payments are recorded as expenditures in the Fund Financial Statements, whereas interest payments are recorded in the Statement of Activities as incurred, and principal payments are recorded as a reduction of liabilities in the Statement of Net Position.

NOTE 3 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY:

A) Budgets:

The District administration prepares a proposed budget for approval by the Board of Education for the following governmental funds for which legal (appropriated) budgets are adopted. The voters of the District approved the proposed appropriation budget for the general fund. Appropriations are adopted at the program line item level.

Appropriations established by the adoption of the budget constitute a limitation on expenditures (and encumbrances), which may be incurred. Appropriations lapse at the end of the fiscal year unless expended or encumbered. Encumbrances will lapse if not expended in the subsequent year. Appropriations authorized for the current year are increased by the planned use of specific reserves, and budget amendments approved by the Board of Education as a result of selected new revenue sources not included in the original budget (when permitted by law). These supplemental appropriations may occur subject to legal restrictions, if the Board approves them because of a need that exists which was not determined at the time the budget was adopted. Supplemental appropriations are listed on Schedule of Change from Adopted Budget to Final Budget.

Budgets are adopted annually on a basis consistent with GAAP. Appropriations authorized for the year are increased by the amount of encumbrances carried forward.

Budgets are established and used for individual capital project funds expenditures as approved by a special referendum of the District's voters. The maximum project amount authorized is based primarily upon the cost of the project, plus any requirements for external borrowings, not annual appropriations. These budgets do not lapse and are carried over to subsequent fiscal years until the completion of the projects.

B) Encumbrances:

Encumbrance accounting is used for budget control and monitoring purposes and is reported as a part of the governmental funds. Under this method, purchase orders, contracts and other commitments for the expenditure of monies are recorded to reserve applicable appropriations. Outstanding encumbrances as of year-end are presented as assigned, restricted or unassigned fund balance and do not represent expenditures or liabilities. These commitments will be honored in the subsequent period. Related expenditures are recognized at that time, as the liability is incurred or the commitment is paid.

NOTE 4 – DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS:

A) Cash:

New York State law governs the District's investment policies. Resources must be deposited in FDIC-insured commercial banks or trust companies located within the State. Permissible investments include obligations of the United States Treasury, United States Agencies, repurchase agreements and obligations of New York State or its localities.

**ROCKY POINT UNION FREE SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

Collateral is required for demand and time deposits and certificates of deposit not covered by FDIC insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its municipalities and Districts.

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. GASB Statement No. 40, *Deposits and Investment Risk Disclosures* directs that deposits be disclosed as exposed to custodial credit risk if they are not covered by depository insurance and the deposits are as follows:

- A) Uncollateralized;
- B) Collateralized with securities held by the pledging financial institution in the District's name; or
- C) Collateralized with securities held by the pledging financial institution's trust department or agent, but not in the District's name.

The District had \$1,686 in deposits which were not covered by depository insurance or collateralized with securities held by the pledging financial institution in the District's name at year end.

Restricted cash

Restricted cash represents cash and cash equivalents where use is limited by legal requirements. These assets represent amounts required by statute to be reserved for various purposes. Restricted cash at June 30, 2020 included \$14,238,051 within the governmental funds for general reserve purposes, capital projects, and debt service, and \$760,276 within the fiduciary funds.

B) Investments:

The District does not typically purchase investments for long enough duration to cause it to believe that it is exposed to any material interest rate risk. The District also does not typically purchase investments denominated in a foreign currency, and is not exposed to foreign currency risk.

NOTE 5 – PARTICIPATION IN BOCES:

During the fiscal year ended June 30, 2020, the District was billed \$7,937,543 for BOCES administrative and program costs. The District's share of BOCES aid amounted to \$1,896,526. Financial statements for the BOCES are available from the BOCES administrative office at Eastern Suffolk Board of Cooperative Educational Services James Hines Administration Center 201 Sunrise Highway Patchogue, NY 11772.

Totals	<u>\$ 2,747,127</u>	<u>\$ 2,747,127</u>	<u>\$ 4,205,799</u>	<u>\$ 4,205,799</u>

The District typically transfers from the general fund to the special aid fund and debt service fund. The transfer to the special aid fund was for the District's share of the costs for the summer program for students with disabilities and the state-supported Section 4201 schools. The transfer to the debt service fund was for the payment of principal and interest on long term outstanding indebtedness.

The transfer from the debt service fund to the general fund was for a budgeted use of the debt service fund to offset debt service expense in the general fund. The District transferred from the general fund to the school food service fund to eliminate negative student account balances, and to subsidize the operating loss.

NOTE 10 - SHORT-TERM DEBT:

Transactions in short-term debt for the year are summarized below:

	Maturity	Effective Interest Rate	Beginning		Ending

Total long-term liabilities	<u>\$202,939,915</u>	<u>\$39,512,958</u>	<u>(\$11,063,947)</u>	<u>\$231,388,926</u>	<u>\$2,177,084</u>

The general fund has typically been used to liquidate long-term liabilities such as serial bonds, claims payable, compensated absences payable, termination benefits payable, other post-employment benefits obligation and net pension liability.

A) Bonds Payable:

Bonds payable is comprised of the following:

Description	Issue Date	Final Maturity	Interest Rate	Outstanding at Year End
Serial Bonds - Refunding	1/27/2010	6/1/2021	2.00% - 5.00%	\$425,000
Serial Bonds	6/27/2017	6/15/2032	2.00% - 3.00%	7,820,000
Serial Bonds	7/26/2018	6/15/2033	3.00%	5,975,000
Serial Bonds - Refunding	12/12/2019	6/15/2024	5.00%	2,240,000
			Total	<u>\$16,460,000</u>

On December 12, 2019 the District issued \$2,820,000 in serial bonds with an interest rate of 5.00% to refund \$2,975,000 of outstanding 2009 serial bonds with an interest rate of 3.125% - 4.000%. The net proceeds of \$3,098,095 (including a premium of \$278,095 and after payment of \$57,557 in underwriting fees, insurance and other issuance costs) were used to purchase United States government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the 2009 serial bonds. As a result, the 2009 refunded serial bonds are considered to be defeased and the liability for those bonds have been removed from the government wide Statement of Net Position. The District refunded the 2009 serial bonds to reduce its total debt service payments over the

next four years by approximately \$161,088 and to obtain an economic gain on the transaction (the difference between the present values of the debt service payments on the old and new debt) of \$156,864.

The following is a summary of debt service requirements for bonds payable:

Fiscal Year Ended June 30,	Principal	Interest	Total
2021	\$1,905,000	\$496,381	\$2,401,381
2022	1,525,000	426,031	1,951,031
2023	1,575,000	375,281	1,950,281
2024	1,630,000	322,681	1,952,681
2025	1,055,000	267,931	1,322,931
2026-2030	5,700,000	936,375	6,636,375
2031-2033	3,070,000	163,651	3,233,651
	<u>\$16,460,000</u>	<u>\$2,988,331</u>	<u>\$19,448,331</u>

Upon default of the payment of principal or interest on the serial bonds of the District, the bond holders have the right to litigate and the New York State Comptroller is required, under the conditions and to the extent prescribed by Section 99-b of the New York State Finance Law, to withhold state aid and assistance of the District and apply the amount so withheld to the payment of the defaulted principal or interest with respect to the serial bonds.

Unissued Debt

On May 17, 2016 the voters approved a bond issue not to exceed \$16,439,513 for district wide capital improvements. As of June 30, 2020, debt in the amount of \$16,215,000 has been issued, leaving \$224,513 in authorized but unissued debt.

Unamortized Premiums on Bonds

The District received premiums on the advanced refunding of serial bonds. These premiums are being amortized over the lives of the refunding bonds. Amortization is included as a component of interest expense on the District-Wide Financial Statement.

B) Interest Expense:

Interest on long-term debt for the year was composed of:

Interest paid	<u>\$620,713</u>
Less interest accrued in the prior year	(29,691)
Less amortization of bond premiums	(227,084)
Plus interest accrued in the current year	21,568
Total expense	<u>\$385,506</u>

NOTE 12 -- PENSION PLANS:

A) Plan Description and Benefits Provided:

i) Teachers' Retirement System

The District participates in the New York State Teachers' Retirement System (TRS) (the System). This is a cost-sharing multiple-employer retirement system. The System provides retirement benefits as well as death and disability benefits to plan members and beneficiaries as authorized by the Education Law and the Retirement and Social Security Law of the State of New York. The System is governed by a 10 member Board of Trustees. System benefits are established under New York State Law. Membership is mandatory and automatic for all full-time teachers, teaching assistants, guidance counselors, and administrators employed in New York Public Schools and BOCES who elected to participate in TRS. Once a public employer elects to participate in the System, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. Additional information regarding the System may be obtained by writing to the New York State Teachers' Retirement System, 10 Corporate Woods Drive, Albany NY 12211-2395 or by referring to the NYSSTR Comprehensive Annual Financial report which can be found on the System's website at www.nystrs.org.

ii) Employees' Retirement System

The District participates in the New York State and Local Employees' Retirement System (ERS) (the System). This is a cost-sharing multiple-employer retirement system. The System provides retirement benefits as well as death and disability benefits. The net position of the System is held in the New York State Common Retirement Fund (the Fund), which was established to hold all new assets and record changes in plan net position allocated to the System. The Comptroller of the State of New York serves as the trustee of the Fund and is the administrative head of the System. System benefits are established under the provisions of the New York State Retirement and Social Security Law (RSSL). Once a public employer elects to participate in the System, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. The District also participates in the Public Employees' Group Life Insurance Plan (GLIP) which provides death benefits in the form of life insurance. The System is included in the State's financial report as a pension trust fund. That report, including information with regard to benefits provided, may be found at www.osc.state.ny.us/retire/publications/index.php or obtained by writing to the New York State and Local Retirement System, 110 State Street, Albany NY 12244.

 - i. Employees contribute 3% of their salary, except that employees in the system more than ten years are no longer required to contribute.
 - b. Employees who joined the system on or after January 1, 2010 before April 1, 2012
 - i. Employees contribute 3.5% of their salary throughout active membership.
 - c. Employees who joined the system on or after April 1, 2012
 - i. Employees contribute between 3% and 6% dependent upon their salary throughout active membership.

2. New York State Employees' Retirement System
 - a. Employees who joined the system after July 27, 1976
 - i. Employees contribute 3% of their salary, except that employees in the system more than ten years are no longer required to contribute.
 - b. Employees who joined the system on or after January 1, 2010 before April 1, 2012
 - i. Employees contribute 3% of their salary throughout active membership.
 - c. Employees who joined the system on or after April 1, 2012
 - i. Employees contribute between 3% and 6% dependent upon their salary throughout active membership.

For ERS, the Comptroller annually certifies the rates expressed as proportions of members' payroll annually, which are used in computing the contributions required to be made by employers to the pension accumulation fund, for the ERS' fiscal year ended March 31st. The District's contribution rates for ERS' fiscal year ended March 31, 2020 for covered payroll was 15.9% for Tiers 3 &4, 13.3% for Tier 5, and 9.4% for Tier 6.

Pursuant to Article 11 of the Education Law, the New York State Teachers' Retirement Board establishes rates annually for TRS. The District's contribution rate for the TRS' fiscal year ended June 30, 2020 was 8.86% of covered payroll.

The District contributions made to the Systems were equal to 100% of the contributions required for each year. The required contributions for the current year and two preceding years based on covered payroll for the District's year end were:

C) Pension Assets, Liabilities, Pension Expense, and Deferred Outflows and Inflows of Resources Related to Pensions:

At June 30, 2020, the District reported the following liability for its proportionate share of the net pension liability for each of the Systems. The net pension liability was measured as of March 31, 2020 for ERS and June 30, 2019 for TRS. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation, with update procedures used to roll forward the total pension liability. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the Systems relative to the projected contributions of all participating members, actuarially determined. This information was provided by the ERS and TRS Systems in reports provided to the District.

For the fiscal year ended June 30, 2020 the District recognized pension expense of \$6,172,792 for TRS and \$2,118,243 for ERS. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Actuarial Assumptions

The total pension liability as of the measurement date was determined by using an actuarial valuation as noted in the table below, with update procedures used to roll forward the total pension liability to the measurement date. The actuarial valuations used the following actuarial assumptions:

	<u>ERS</u>	<u>TRS</u>	
Measurement date	March 31, 2020	June 30, 2019	
Actuarial valuation date	April 1, 2019	June 30, 2018	
Interest rate	6.80%	7.10%

	System's Experience	System's Experience	
Inflation rate	2.50%	2.20%	

For ERS, annuitant mortality rates are based on April 1, 2010 – March 31, 2015 System's experience with adjustments for mortality improvements based on MP-2018. For TRS, annuitant mortality rates are based on plan member experience with adjustments for mortality improvements based on Society of Actuaries Scale MP-2018, applied on a generational basis.

For ERS, the actuarial assumptions used in the April 1, 2019 valuation are based on the results of an actuarial experience study for the period April 1, 2010 – March 31, 2015. For TRS, the actuarial assumptions used in the June 30, 2018 valuation are based on the results of an actuarial experience study for the period July 1, 2009 – June 30, 2014.

The long term rate of return on pension plan investments was determined in accordance with Actuarial Standard of Practice (ASOP) No. 27, *Selections of Economic Assumptions for Measuring Pension Obligations*. ASOP No. 27 provides guidance on the selection of an appropriate assumed investment rate of return. Consideration was given to expected future real rates of return (expected returns, net of investment expense and inflation) for each major asset class, as well as historical investment data and plan performance. Best estimates of the arithmetic real rates of return for each major asset class included in the target asset allocation as of the valuation date are summarized below:

Short-term			1%	0.3%
	<u>100%</u>		<u>100%</u>	

The expected real rate of return is net of the long-term inflation assumptions of 2.5% for ERS, and 2.2% for TRS.

Discount Rate

The discount rate used to calculate the total pension liability was 6.8% for ERS and 7.10% for TRS. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially. Based upon the assumptions, the Systems' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Payables to the Pension Plan

For ERS, employer contributions are paid annually based on the System's fiscal year which ends on March 31st. Accrued retirement contributions as of June 30, 2020 represent the projected employer contribution for the period of April 1, 2020 through June 30, 2020 based on paid ERS wages multiplied by the employer's contribution rate, by tier. Accrued retirement contributions as of June 30, 2020 amounted to \$319,946

For TRS, employer and employee contributions for the fiscal year ended June 30, 2020 are paid to the System in September, October and November 2020 through a state aid intercept, with a balance to be paid by the District, if necessary. Accrued retirement contributions as of June 30, 2020 represent employee and employer contributions for the fiscal year ended June 30, 2020 based on paid TRS covered wages multiplied by the employer's contribution rate, and employee contributions for the fiscal year as reported to the TRS System. Accrued retirement contributions as of June 30, 2020 amounted to \$3,005,341.

NOTE 13 – RETIREMENT PLANS - OTHER:

A) Tax Sheltered Annuities:

The District has adopted a 403(b) plan covering all eligible employees. Employees may defer up to 100% of their compensation subject to Internal Revenue Code elective deferral limitations. The District may also make non-elective contributions of certain compensated absence payments based on collectively bargained agreements. Contributions made by the District and the employees for the year ended June 30, 2020, totaled \$91,339 and \$1,769,354, respectively.

B) Deferred Compensation Plan:

The District has established a deferred compensation plan in accordance with Internal Revenue Code §457 for some employees. The District makes no contributions into this Plan. The amount deferred by eligible employees for the year ended June 30, 2020 totaled \$144,712.

NOTE 14 – OTHER POST-EMPLOYMENT (HEALTH INSURANCE) BENEFITS (OPEB):

A) General Information about the OPEB Plan

Plan Description:

The District's OPEB Plan (the "Plan"), defined as a single employer defined benefit plan, primarily provides post-employment health insurance coverage to retired employees and their eligible dependents in accordance with the provisions of various employment contracts. Benefits are provided through the New York State Health Insurance Program (NYSHIP), and a small number of retirees also receive dental insurance benefits. Article 37 of the Statutes of the State assigns the authority to establish and amend benefit

provisions to the District. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

Benefits Provided

The Plan provides medical and Medicare Part B benefits for retired employees and their eligible dependents. Benefit terms provide for the District to contribute between 85% and 100% of premiums for retirees, between 85% and 100% of the excess premiums for family coverage, and 0% of the premiums for surviving spouses. The District recognizes the cost of the Plan annually as expenditures in the fund financial statements as payments are accrued. For fiscal year 2020, the District contributed an estimated \$3,255,671 to the Plan, including \$3,255,671 for current premiums and \$0 to prefund benefits. Currently, there is no provision in the law to permit the District to fund OPEB by any other means than the “pay as you go” method.

Employees Covered by Benefit Terms

At June 30, 2018, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	233
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	447
	680
	680

B) Total OPEB Liability:

The District’s total OPEB liability of \$202,352,855 was measured as of June 30, 2020 and was determined by an actuarial valuation as of June 30, 2018. Update procedures were used to roll forward the total OPEB liability to the measurement date.

Actuarial Assumptions and Other Inputs

The total OPEB liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.20%	
Salary increases	Varied by years of service and retirement system	
Discount rate	2.21%	
Healthcare cost trend rates	Actual premium increases in 2018 and 2019 followed by 5.30% for 2020, decreasing to an ultimate rate of 3.84% by 2075 for medical. 4.25% for 2019 decreasing to an ultimate rate of 3.00% by 2025 for dental, and 6.49% for 2019

NOTE 15 – RISK MANAGEMENT:

A) General:

The District is exposed to various risks of loss related to torts, theft, damage, injuries, errors and omissions, natural disasters, and other risks. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years.

B) Risk Retention:

The District has established a self-insured plan for risks associated with workers' compensation claims. Liabilities of the plan are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Claims activity is summarized below:

	2020	2019
Unpaid claims, beginning of year	\$970,360	\$478,526
Incurred claims and claim adjustment expenses	66,876	756,847
Claim payments	(428,677)	(265,013)
Unpaid claims, end of year	\$608,559	\$970,360

C) Public Entity Risk Pool:

The District participates in New York Schools Insurance Reciprocal (NYSIR), a non-risk-retained public entity risk pool for its property and liability insurance coverage. The pool is operated for the benefit of individual governmental units located within the pool's geographic area, and is considered a self-sustaining risk pool that will provide coverage for its members. The pool obtains independent coverage for insured events in excess of certain defined limits, and the District has essentially transferred all related risk to the pool.

NOTE 16– COMMITMENTS AND CONTINGENCIES:

A) Encumbrances:

All encumbrances are classified as assigned fund balance. At June 30, 2020 the District encumbered the following amounts:

B) Grants:

The District has received grants, which are subject to audit by agencies of the State and federal governments. Such audits may result in disallowances and a request for a return of funds. Based on prior audits, the District's administration believes disallowances, if any, will be immaterial.

B) Litigation:

The District is not aware of any material pending or threatened litigation claims against the District. The District is also unaware of any unasserted claims or assessments that would require financial statement disclosure.

NOTE 21 – SUBSEQUENT EVENTS:

The District has evaluated subsequent events through October 9, 2020 which is the date the financial statements were available to be issued. The following significant events were identified:

- A) On July 1, 2020, the District issued a tax anticipation note in the amount of \$5,000,000, which is due June 25, 2021, and bears an interest rate of 1.50%, and a premium of \$42,652.

- B) On August 13, 2020 the Division of the Budget (DOB) issued their "FY 2021 First Quarterly State Budget Financial Plan Update" which notes that the DOB approved payment at 80% for accrued General Aid, Excess Cost Aid and BOCES Aid payments. These financial statements reflect revenue at 80% of the accrued amounts for these aids in the general fund. The remaining 20% is included in deferred inflows of resources and will be recognized as revenue upon such time this deferred aid is received.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Education
Rocky Point Union Free School District

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the fiduciary funds of the Rocky Point Union Free School District, as of and for the fiscal year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Rocky Point Union Free School District's basic financial statements, and have issued our report thereon dated October 9, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Rocky Point Union Free School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Rocky Point Union Free School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Rocky Point Union Free School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Rocky Point Union Free School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

APPENDIX D

FORM OF APPROVING LEGAL OPINION OF BOND COUNSEL

FORM OF OPINION OF BOND COUNSEL

Hawkins Delafield & Wood LLP
7 World Trade Center
250 Greenwich Street
New York, New York 10007

September 9, 2021

The Board of Education of
Rocky Point Union Free School District,
in the County of Suffolk, New York

Ladies and Gentlemen:

We have acted as Bond Counsel to Rocky Point Union Free School District (the “School District”), in the County of Suffolk, a school district of the State of New York, and have examined a record of proceedings relating to the authorization, sale and issuance of the \$3,500,000 Tax Anticipation Notes for 2021-2022 Taxes (the “Note”), dated and delivered the date hereof.

In such examination, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals and the conformity with originals of all documents submitted to us as copies thereof.

Based upon and subject to the foregoing, and in reliance thereon, as of the date hereof, we are of the following opinions:

1. The Note is a valid and legally binding general obligation of the School District for which the School District has validly pledged its faith and credit and, unless paid from other sources, all the taxable real property within the School District is subject to the levy of ad valorem real estate taxes to pay the Note and interest thereon subject to certain statutory limitations. The enforceability of rights or remedies with respect to such Note may be limited by bankruptcy, insolvency, or other laws affecting creditors’ rights or remedies heretofore or hereafter enacted.

2. Under existing statutes and court decisions and assuming continuing compliance with certain tax certifications described herein, (i) interest on the Note is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”), and (ii) interest on the Note is not treated as a preference item in calculating the alternative minimum tax under the Code.

The Code establishes certain requirements that must be met subsequent to the issuance of the Note in order that the interest on the Note be and remain excludable from gross income for federal income tax purposes under Section 103 of the Code. These requirements include, but are not limited to, requirements relating to the use and expenditure of proceeds of

the Note, restrictions on the investment of proceeds of the Note prior to expenditure and the requirement that certain earnings be rebated to the federal government. Noncompliance with such requirements may cause the interest on the Note to become subject to federal income taxation retroactive to the date of issuance thereof, irrespective of the date on which such noncompliance occurs or is ascertained.

On the date of issuance of the Note, the School District will execute a Tax Certificate relating to the Note containing provisions and procedures pursuant to which such requirements can be satisfied. In executing the Tax Certificate, the School District represents that it will comply with the provisions and procedures set forth therein and that it will do and perform all acts and things necessary or desirable to assure that the interest on the Note will, for federal income tax purposes, be excluded from gross income.

In rendering the opinion in this paragraph 2, we have relied upon and assumed (i) the material accuracy of the School District's representations, statements of intention and reasonable expectations, and certifications of fact contained in the Tax Certificate with respect to matters affecting the status of the interest on the Note, and (ii) compliance by the School District with the procedures and representations set forth in the Tax Certificate as to such tax matters.

3. Under existing statutes, interest on the Note is exempt from personal income taxes of New York State and its political subdivisions, including The City of New York.

We express no opinion as to any other federal, state or local tax consequences arising with respect to the Note, or the ownership or disposition thereof, except as stated in paragraphs 2 and 3 above. We render our opinion under existing statutes and court decisions as of the date hereof, and assume no obligation to update, revise or supplement our opinion to reflect any action hereafter taken or not taken, any fact or circumstance that may hereafter come to our attention, any change in law or interpretation thereof that may hereafter occur, or for any other reason. We express no opinion as to the consequence of any of the events described in the preceding sentence or the likelihood of their occurrence. In addition, we express no opinion on the effect of any action taken or not taken in reliance upon an opinion of other counsel regarding federal, state or local tax matters, including, without limitation, exclusion from gross income for federal income tax purposes of interest on the Note.

We give no assurances as to the adequacy, sufficiency or completeness of the Preliminary Official Statement and/or Official Statement relating to the Note or any proceedings, reports, correspondence, financial statements or other documents, containing financial or other information relative to the School District, which have been or may hereafter be furnished or disclosed to purchasers of ownership interests in the Note.

Very truly yours,

Section 2. Obligation to Provide Notices of Events. (a) The Issuer hereby undertakes, for the benefit of Holders of the Securities, to provide or cause to be provided either directly or through to the Electronic Municipal Market Access (“EMMA”) System implemented by the Municipal Securities Rulemaking Board established pursuant to Section 15B(b)(1) of the Securities Exchange Act of 1934, or any successor thereto or to the functions of such Board contemplated by the Undertaking, in a timely manner, not in excess of ten (10) business days after the occurrence of any such event, notice of any of the following events with respect to the Securities:

- (1) principal and interest payment delinquencies;
- (2) non-payment related defaults, if material;

- (3) unscheduled draws on debt service reserves reflecting financial difficulties;
- (4) unscheduled draws on credit enhancements reflecting financial difficulties;
- (5) substitution of credit or liquidity providers, or their failure to perform;
- (6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices of determinations with respect to the tax status of the Securities, or other material events affecting the tax status of the Securities;
- (7) modifications to rights of Securities holders, if material;
- (8) Bond calls, if material, and tender offers;
- (9) defeasances;
- (10) release, substitution, or sale of property securing repayment of the Securities, if material;
- (11) rating changes;
- (12) bankruptcy, insolvency, receivership or similar event of the Issuer;

Note to clause (12): For the purposes of the event identified in clause (12) above, the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the Issuer in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or government authority has assumed jurisdiction over substantially all of the assets or business of the Issuer, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the Issuer;

- (13) the consummation of a merger, consolidation, or acquisition involving the Issuer or the sale of all or substantially all of the assets of the Issuer, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;

- (14) appointment of a successor or additional trustee or the change of name of a trustee, if material;
- (15) incurrence of a Financial Obligation of the Issuer, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the Issuer, any of which affect security holders, if material; and
- (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the Issuer, any of which reflect financial difficulties.

(b) Nothing herein shall be deemed to prevent the Issuer from disseminating any other information in addition to that required hereby in the manner set forth herein or in any other manner. If the Issuer disseminates any such additional information, the Issuer shall have no obligation to update such information or include it in any future materials disseminated hereunder.

(c) Nothing herein shall be deemed to prevent the Issuer from providing notice of the occurrence of certain other events, in addition to those listed above, if the Issuer determines that any such other event is material with respect to the Securities; but the Issuer does not undertake to commit to provide any such notice of the occurrence of any event except those events listed above.

Section 3. Remedies. If the Issuer shall fail to comply with any provision of this Undertaking, then any Holder of Securities may enforce, for the equal benefit and protection of all Holders similarly situated, by mandamus or other suit or proceeding at law or in equity, this Undertaking against the Issuer and any of the officers, agents and employees of the Issuer, and may compel the Issuer or any such officers, agents or employees to perform and carry out their duties under this Undertaking; provided that the sole and exclusive remedy for breach of this Undertaking shall be an action to compel specific performance of the obligations of the Issuer hereunder and no person or entity shall be entitled to recover monetary damages hereunder under any circumstances. Failure to comply with any provision of this Undertaking shall not constitute an event of default on the Securities.

Section 4. Parties in Interest. This Undertaking is executed to assist the Purchaser to comply with (b)(5) of the Rule and is delivered for the benefit of the Holders. No other person shall have any right to enforce the provisions hereof or any other rights hereunder.

Section 5. Amendments. Without the consent of any holders of Securities, the Issuer at any time and from time to time may enter into any amendments or changes to this Undertaking for any of the following purposes:

- (a) to comply with or conform to any changes in Rule 15c2-12 (whether required or optional);

- (b) to add a dissemination agent for the information required to be provided hereby and to make any necessary or desirable provisions with respect thereto;
- (c) to evidence the succession of another person to the Issuer and the assumption of any such successor of the duties of the Issuer hereunder;
- (d) to add to the duties of the Issuer for the benefit of the Holders, or to surrender any right or power herein conferred upon the Issuer;
- (e) to cure any ambiguity, to correct or supplement any provision hereof which may be inconsistent with any other provision hereof, or to make any other provisions with respect to matters or questions arising under this Undertaking which, in each case, comply with Rule 15c2-12 or Rule 15c2-12 as in effect at the time of such amendment or change;

provided that no such action pursuant to this Section 5 shall adversely affect the interests of the Holders in any material respect. In making such determination, the Issuer shall rely upon an opinion of nationally recognized bond counsel.

Section 6. Termination. This Undertaking shall remain in full force and effect until such time as all principal, redemption premiums, if any, and interest on the Securities shall have been paid in full or the Securities shall have otherwise been paid or legally defeased in accordance with their terms. Upon any such legal defeasance, the Issuer shall provide notice of such defeasance to the EMMA System. Such notice shall state whether the Securities have been defeased to maturity or to redemption and the timing of such maturity or redemption.

Section 7. Undertaking to Constitute Written Agreement or Contract. This Undertaking shall constitute the written agreement or contract for the benefit of Holders of Securities, as contemplated under Rule 15c2-12.

Section 8. Governing Law. This Undertaking shall be governed by the laws of the State of New York determined without regard to principles of conflict of law.

IN WITNESS WHEREOF, the undersigned has duly authorized, executed and delivered this Undertaking as of **September 9, 2021**.
