

PRELIMINARY OFFICIAL STATEMENT DATED JUNE 27, 2024

**NEW ISSUE – SERIAL BONDS
BOND ANTICIPATION NOTES**

In the opinion of Hawkins Delafield & Wood LLP, Bond Counsel to the Town, under existing statutes and court decisions and assuming continuing compliance with certain tax certifications described herein, (i) interest on the Bonds and the Notes is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and (ii) interest on the Bonds and the Notes is not treated as a preference item in calculating the alternative minimum tax under the Code, however, interest on the Bonds and the Notes is included in the "adjusted financial statement income" of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code. In addition, in the opinion of Bond Counsel to the Town, under existing statutes, interest on the Bonds and the Notes is exempt from personal income taxes of New York State and its political subdivisions, including The City of New York. See "Tax Matters" herein.

The Town will NOT designate the Bonds or the Notes as "qualified tax-exempt obligations" pursuant to the provision of Section 265 of the Code.

DESCRIPTION OF BOOK-ENTRY SYSTEM

If the Bonds are issued in book-entry form, DTC will act as securities depository for the Bonds and for any Notes issued in book-entry form. Any book-entry Bonds or Notes will be issued as fully-registered securities, in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered bond certificate will be issued for each maturity of the Bonds and deposited with DTC. One fully-registered note certificate will be issued for each Note bearing the same rate of interest and CUSIP number and will be deposited with DTC.

DTC is limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of certificates.

Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of the Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants") and together with Direct Participant, the ("Participants"). The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Bonds and the Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds and the Notes on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase, Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds and the Notes are to be accomplished by entries made on the books of Direct or Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interest in the Bonds and the Notes, except in the event that use of the book-entry system for the Bonds and the Notes is discontinued.

To facilitate subsequent transfers, all Bonds and the Notes deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Bonds and the Notes with DTC and their registration in the name of Cede & Co., or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds and the Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds and the Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping accounts of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Beneficial Owners of the Bonds and the Notes may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds and the Notes, such as redemptions, tenders, defaults, and proposed amendments to the Bond and the Note documents. For example, Beneficial Owners of the Bonds and Notes may wish to ascertain that the nominee holding the Bonds and the Notes for their benefit has agreed to obtain and transmit notices to the Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds and the Notes unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the issuer as soon as possible after the record date. The omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds and the Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Bonds and the Notes will be made to Cede & Co. or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct

Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Town on the payable date, in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC (nor its nominee) or the Town, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Town, disbursement of such payments to Direct Participants will be the responsibility of DTC), and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

Source: The Depository Trust Company, New York, New York.

The information contained in the above section concerning DTC and DTC's book-entry system has been obtained from sample offering document language supplied by DTC, but the Town takes no responsibility for the accuracy thereof.

THE TOWN WILL NOT HAVE ANY RESPONSIBILITY OR OBLIGATION TO PARTICIPANTS, TO INDIRECT PARTICIPANTS OR ANY BENEFICIAL OWNER WITH RESPECT TO (I) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC, ANY PARTICIPANTS, OR ANY INDIRECT PARTICIPANT; (II) THE PAYMENT BY DTC OR ANY PARTICIPANT OR INDIRECT PARTICIPANT OF ANY AMOUNT WITH RESPECT TO THE PRINCIPAL OF OR INTEREST ON THE BONDS AND THE NOTES; (III) ANY NOTICE WHICH IS PERMITTED OR REQUIRED TO BE GIVEN TO HOLDERS; (IV) THE SELECTION OF THE BENEFICIAL OWNERS TO RECEIVE PAYMENT IN THE EVENT OF ANY PARTIAL REDEMPTION OF THE BONDS AND THE NOTES; OR (V) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS HOLDER.

THE TOWN CANNOT AND DOES NOT GIVE ANY ASSURANCES THAT DTC WILL DISTRIBUTE TO DIRECT PARTICIPANTS OR THAT DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS WILL DISTRIBUTE TO THE BENEFICIAL OWNERS OF THE BONDS AND THE NOTES (I) PAYMENTS OF THE PRINCIPAL OF OR INTEREST ON THE BONDS AND THE NOTES; (II) CONFIRMATION OF THEIR OWNERSHIP INTEREST IN THE BONDS; OR (III) REDEMPTION OR OTHER NOTICES SENT TO DTC OR CEDE & CO. AS NOMINEE, AS REGISTERED OWNER OF THE BONDS AND THE NOTES, OR THAT THEY WILL DO SO ON A TIMELY BASIS, OR THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS WILL SO SERVE AND ACT IN THE MANNER DESCRIBED IN THE OFFICIAL STATEMENT.

Certificated Bonds and the Notes

DTC may discontinue providing its services with respect to the Bonds and the Notes at any time by giving notice to the Town and discharging its responsibilities with respect thereto under applicable law, or the Town may terminate its participation in the system of book-entry-only transfers through DTC at any time. In the event that such book-entry-only system is discontinued, and a replacement book-entry securities depository is not appointed, the Bonds and the Notes will be issued in registered form in denominations of \$5,000, or integral multiples thereof except for one necessary odd denomination for the Notes. Principal of and interest on the Bonds and the Notes when due will be payable at the principal corporate trust office of a bank or trust company to be named by the Town as the fiscal agent; certificated Bonds and the Notes may be transferred or exchanged at no cost to the owner of such bonds and notes at any time prior to maturity at the corporate trust office of the fiscal agent for bonds and notes of the same or any other authorized denomination or denominations in the same aggregate principal amount upon the terms set forth in the certificate of the Town Supervisor of the Board authorizing the sale of the Bonds and the Notes and fixing the details thereof and in accordance with the Local Finance Law.

Nature of Obligation

Each Bond and Note when duly issued and paid for will constitute a contract between the Town and the holders thereof. The Bonds and Notes will be general obligations of the Town and will contain a pledge of the faith and credit of the Town for the payment of the principal thereof and the interest thereon. For the payment of such principal and interest, the Town has the power and statutory authorization to levy ad valorem taxes on all taxable real property in the Town, subject to certain statutory limitations imposed by Chapter 97 of the New York Laws of 2011, as amended. (See "*Tax Levy Limit Law*", herein).

Under the Constitution of the State, the Town is required to pledge its faith and credit for the payment of the principal of and interest on the Bonds and the Notes, and the State is specifically precluded from restricting the power of the Town to levy taxes on real estate therefor. However, Chapter 97 of the New York Laws of 2011, as amended (the "*Tax Levy Limit Law*"), imposes a limitation upon the Town's power to increase its annual tax levy. As a result, the power of the Town to levy real estate taxes on all the taxable real property within the Town is subject to statutory limitations set forth in the Tax Levy Limit Law, unless the Town complies with certain procedural requirements to permit the Town to levy certain year-to-year increases in real property taxes. (See "*Tax Levy Limit Law*," herein).

RISK FACTORS

The following description summarizes some of the risks associated with an investment in the Bonds and the Notes and does not purport to be complete. The factors affecting the Town's financial condition described throughout this Official Statement are complex and are not intended to be summarized in any one section. This Official Statement should be read in its entirety.

The Town's credit rating and financial and economic conditions, as well as the market for the Bonds and the Notes, could be affected by a variety of circumstances, some of which are beyond the Town's control. Economic conditions such as the rate of unemployment and inflation, termination of commercial operations by corporate taxpayers and employers, as well as natural catastrophes, could adversely affect the assessed valuation of Town property and its ability to maintain fund balances and other statistical indices commensurate with its current credit rating. As a consequence, a decline in the Town's credit rating could adversely affect the market value of the Bonds and the Notes.

If and when an owner of any of the Bonds or the Notes should elect to sell a Bond or Note prior to its maturity, there can be no assurance that a market will have been established, maintained and continue in existence for the purchase and sale of any of those Bonds and Notes. The market value of the Bonds and the Notes is dependent upon the ability of the holder to potentially incur a capital loss if such Bond or Note is sold prior to its maturity.

There can be no assurance that adverse events including, for example, the seeking by another municipality in the State or elsewhere of remedies pursuant to the Federal Bankruptcy Act or otherwise, will not occur which might affect the market price of and the market for the Bonds or the Notes. In particular, if a significant default or other financial crisis should occur in the affairs of the State or any of its municipalities, public authorities or other political subdivisions thereby possibly further impairing the acceptability of obligations issued by those entities, both the ability of the Town to arrange for additional borrowing(s) as well as the market for and market value of outstanding debt obligations, including the Bonds and the Notes, could be adversely affected.

The Town is dependent in part upon financial assistance from the State in the form of State aid as well as grants and loans expected to be received ("State Aid"). The availability of such monies and the timeliness of such payment may be affected by a delay in the adoption of the State budget, the impact to the State's economy and financial condition due to the COVID-19 outbreak and other circumstances, including State fiscal stress. State aid appropriated and apportioned to the Town can be paid only if the State has such monies available therefor. Should the Town fail to receive all or a portion of the amounts of State Aid expected to be received from the State in the amounts and at the times anticipated, occasioned by a delay in the payment of such moneys, the Town is authorized pursuant to the Local Finance Law ("LFL") to provide operating funds by borrowing in anticipation of the receipt of such uncollected State Aid, however, there can be no assurance that, in such event, the Town will have market access for any such borrowing on a cost effective basis. (See also "*State Aid*" herein.)

Future amendments to applicable statutes whether enacted by the State or the United States of America affecting the treatment of interest paid on municipal obligations, including the Bonds and the Notes, for income taxation purposes could have an adverse effect on the market value of the Bonds and the Notes (see "*Tax Matters*" herein).

The enactment of the Tax Levy Limit Law, which imposes a tax levy limitation upon municipalities, school districts and fire districts in the State, including the Town, without providing an exclusion for debt service on obligations issued by municipalities and fire districts, including the Town, may affect the market price and/or marketability for the Bonds and the Notes. (See "*Tax Levy Limit Law*" herein.)

Federal or State legislation imposing new or increased mandatory expenditures by municipalities, school districts and fire districts in the State, including the Town, could impair the financial condition of such entities, including the Town, and the ability of such entities, including the Town, to pay debt service on the Bonds and the Notes.

REMEDIES UPON DEFAULT

Neither the Bonds and the Notes, nor the proceedings with respect thereto, specifically provide any remedies which would be available to owners of the Bonds and the Notes should the Town default in the payment of principal of or interest on the Bonds or the Notes, nor do they contain any provisions for the appointment of a trustee to enforce the interests of the owners of the Bonds or the Notes upon the occurrence of any such default. Each Bond and Note is a general obligation contract between the Town and the owners for which the faith and credit of the Town are pledged and while remedies for enforcement of payment are not expressly included in the Town's contract with such owners, any permanent repeal by statute or constitutional amendment of a bond or note holder's remedial right to judicial enforcement of the contract should, in the opinion of Bond Counsel, be held unconstitutional.

Upon default in the payment of principal of or interest on the Bonds or the Notes, at the suit of the owner, a Court has the power, in proper and appropriate proceedings, to render judgment against the Town. The present statute limits interest on the amount adjudged due to contract creditors to nine per centum per annum from the date due to the date of payment. As a general rule, property and funds of a municipal corporation serving the public welfare and interest have not been judicially subjected to execution or attachment to satisfy a judgment. A Court also has the power, in proper and appropriate proceedings, to order payment of a judgment on such Bonds or Notes from funds lawfully available therefor or, in the absence thereof, to order the Town to take all lawful action to obtain the same, including the raising of the required amount in the next annual tax levy. In exercising its discretion as to whether to issue such an order, the Court may take into account all relevant factors, including the current operating needs of the Town and the availability and adequacy of other remedies. Upon any default in the payment of the principal of or interest on a Bond and Note, the owner of such Bond and Note could, among other remedies, seek to obtain a writ of mandamus from a Court ordering the governing body of the Town to assess, levy and collect an *ad valorem* tax, upon all taxable property of the Town subject to taxation by the Town, sufficient to pay the principal of and interest on the Bonds and the Notes as the same shall come due and payable (and interest from the due date to date of payment) and otherwise to observe the covenants contained in the Bonds and the Notes and the proceedings with respect thereto all of which are included in the contract with the owners of the Bonds and the Notes. The mandamus remedy, however, may be impracticable and difficult to enforce. Further, the right to enforce payment of the principal of or interest on the Bonds and the Notes may be limited by bankruptcy, insolvency, reorganization, moratorium and similar laws and equitable principles, which may limit the specific enforcement of certain remedies.

In 1976, the New York Court of Appeals, the State's highest court, held in *Flushing National Bank v. Municipal Assistance Corporation for the City of New York*, 40 N.Y.2d 731 (1976), that the New York State legislation purporting to postpone the payment of debt service on New York City obligations was an unconstitutional moratorium in violation of the New York State constitutional faith and credit mandate included in all municipal debt obligations. While that case can be viewed as a precedent for protecting the remedies of holders of bonds or notes of the Town, there can be no assurance as to what a Court may determine with respect to future events, including financial crises as they may occur in the State and in municipalities of the State, that require the exercise by the State of its emergency and police powers to assure the continuation of essential public services. (See also, *Flushing National Bank v. Municipal Assistance Corporation for the City of New York*, 40 N.Y.2d 1088 (1977), where the Court of Appeals described the pledge as a direct Constitutional mandate.)

As a result of the Court of Appeals decision, the constitutionality of that portion of Title 6-A of Article 2 of the Local Finance Law enacted at the 1975 Extraordinary Session of the State legislature authorizing any county, city, town or village with respect to which the State has declared a financial emergency to petition the State Supreme Court to stay the enforcement against such municipality of any claim for payment relating to any contract, debt or obligation of the municipality during the emergency period, is subject to doubt. In any event, no such emergency has been declared with respect to the Town.

Pursuant to Article VIII, Section 2 of the State Constitution, the Town is required to provide an annual appropriation of monies for the payment of due and payable principal of and interest on indebtedness. Specifically, this constitutional provision states: "If at any time the respective appropriating authorities shall fail to make such appropriations, a sufficient sum shall be set apart from the first revenues thereafter received and shall be applied to such purposes. The fiscal officer of any county, city, town, village or school district may be required to set aside and apply such revenues as aforesaid at the suit of any holder of obligations issued for any such indebtedness." This constitutes a specific non-exclusive constitutional remedy against a defaulting municipality or school district; however, it does not apply in a context in which monies have been appropriated for debt service but the appropriating authorities decline to use such monies to pay debt service. However, Article VIII, Section 2 of the Constitution of the State also provides that the fiscal officer of any county, city, town, village or school district may be required to set apart and apply such revenues at the suit of any holder of any obligations of indebtedness issued with the pledge of the faith of the credit of such political subdivision. In *Quirk v. Municipal Assistance Corp.*, 41 N.Y.2d 644 (1977), the Court of Appeals described this as a "first lien" on revenues, but one that does not give holders a right to any particular revenues. It should thus be noted that the pledge of the faith and credit of a political subdivision in the State is a pledge of an issuer of a general obligation bond or note to use its general revenue powers, including, but not limited to, its property tax levy, to pay debt service on such obligations, but that such pledge may or may not be interpreted by a court of competent jurisdiction to include a constitutional or statutory lien upon any particular revenues. The Constitutional provision providing for first revenue set asides does not apply to tax anticipation notes, revenue anticipation notes or bond anticipation notes.

While the courts in the State have historically been protective of the rights of holders of general obligation debt of political subdivisions, it is not possible to predict what a future court might hold.

In prior years, certain events and legislation affecting a holder's remedies upon default have resulted in litigation. While courts of final jurisdiction have generally upheld and sustained the rights of holders of bonds or notes, such courts might hold that future events, including a financial crisis as such may occur in the State or in political subdivisions of the State, may require the exercise by the State or its political subdivisions of emergency and police powers to assure the continuation of essential public services prior to the payment of debt service.

MUNICIPAL BANKRUPTCY

The undertakings of the Town should be considered with reference, specifically, to Chapter IX of the Bankruptcy Act, 11 U.S.C. §401, et seq., as amended (“Chapter IX”) and, in general, to other bankruptcy laws affecting creditors’ rights and municipalities. Chapter IX permits any political subdivision, public agency or instrumentality that is insolvent or unable to meet its debts (i) to file a petition in a Court of Bankruptcy for the purpose of effecting a plan to adjust its debts provided such entity is authorized to do so by applicable state law; (ii) directs such a petitioner to file with the court a list of a petitioner’s creditors; (iii) provides that a petition filed under such chapter shall operate as a stay of the commencement or continuation of any judicial or other proceeding against the petitioner; (iv) grants priority to debt owed for services or material actually provided within three (3) months of the filing of the petition; (v) directs a petitioner to file a plan for the adjustment of its debts; and (vi) provides that the plan must be accepted in writing by or on behalf of creditors holding at least two-thirds (2/3) in amount or more than one-half (1/2) in number of the listed creditors.

Bankruptcy proceedings by the Town could have adverse effects on holders of bonds or notes including (a) delay in the enforcement of their remedies, (b) subordination of their claims to those supplying goods and services to the Town after the initiation of bankruptcy proceedings and to the administrative expenses of bankruptcy proceedings and (c) imposition without their consent of a reorganization plan reducing or delaying payment of the Bonds and the Notes. The Bankruptcy Code contains provisions intended to ensure that, in any reorganization plan not accepted by at least a majority of a class of creditors such as the holders of general obligation bonds, such creditors will have the benefit of their original claim or the “indubitable equivalent”. The effect of these and other provisions of the Bankruptcy Code cannot be predicted and may be significantly affected by judicial interpretation.

Accordingly, enforceability of the rights and remedies of the owners of the Bonds and the Notes, and the obligations incurred by the Town, may become subject to Chapter IX and applicable bankruptcy, insolvency, reorganization, moratorium, or similar laws relating to or affecting the enforcement of creditor’s rights generally, now or hereafter in effect, equity principles which may limit the specific enforcement under State law of certain remedies, the exercise by the United States of America of the powers delegated to it by the Constitution, the reasonable and necessary exercise, in certain exceptional situations, of the police powers inherent in the sovereignty of the State and its governmental bodies in the interest of serving a significant and legitimate public purpose and the limitations on remedies against public agencies in the State. Bankruptcy proceedings, or the exercise of powers by the federal or State government, if initiated, could subject the owners of the Bonds and the Notes to judicial discretion, interpretation and of their rights in bankruptcy or otherwise, and consequently may entail risks of delay, limitation, or modification of their rights.

The State has consented (see Title 6-A of the Local Finance Law) that any municipality in the State may file a petition with any United States district court or court of bankruptcy under any provision of the laws of the United States, now or hereafter in effect for the composition or adjustment of municipal indebtedness. However, it is noted that there is no record of any recent filings by a New York municipality. Since the New York City fiscal crisis in 1975, the State has legislated a financial control or review board and assistance corporations to monitor and restructure finance matters in addition to New York City, for the Cities of Yonkers, Troy and Buffalo and for the Counties of Nassau and Erie. Similar active intervention pursuant to State legislation to relieve fiscal stress for the Town in the future cannot be assured.

No current state law purports to create any priority for holders of the Bonds and the Notes should the Town be under the jurisdiction of any court, pursuant to the laws of the United States, now or hereafter in effect, for the composition or adjustment of municipal indebtedness.

The above references to the Bankruptcy Act are not to be construed as an indication that the Town is currently considering or expects to resort to the provisions of the Bankruptcy Act.

Financial Control Boards

Pursuant to Article IX Section 2(b)(2) of the State Constitution, any municipality in the State may request the intervention of the State in its “property, affairs and government” by a two-thirds vote of the total membership of its legislative body or on request of its chief executive officer concurred in by a majority of such membership. This has resulted in the adoption of special acts for the establishment of public benefit corporations with varying degrees of authority to control the finances (including debt issuance) of the Cities of Buffalo, Troy and Yonkers and the County of Nassau. The specific authority, powers and composition of the financial control boards established by these acts varies based upon circumstances and needs. Generally, the State legislature has granted such boards the power to approve or disapprove budget and financial plans and to issue debt on behalf of the municipality, as well as to impose wage and/or hiring freezes and in certain cases approve or disapprove collective bargaining agreements. Implementation is generally left to the discretion of the board of the public benefit corporation. Such a State financial control board was first established for New York City in 1975. In addition, upon the issuance of a certificate of necessity by the Governor reciting facts which in the judgment of the Governor constitute an emergency requiring enactment of such laws, with the concurrences of two-thirds of the members elected in each house of the State legislature, the State is authorized to intervene in the “property, affairs and governments” of local government units. This occurred in the case of the County of Erie in 2005. The authority of the State to intervene in the financial affairs of a local government is further supported by Article VIII, Section 12

of the Constitution which declares it to be the duty of the State legislature to restrict, subject to other provisions of the Constitution, the power of taxation, assessment, borrowing money and contracting indebtedness and loaning the credit of counties, cities, towns and villages so as to prevent abuses in taxation and assessment and in contracting indebtedness by them.

In 2013, the State established a new state advisory board to assist counties, cities, towns and villages in financial distress. The Financial Restructuring Board for Local Governments (the "FRB"), is authorized to conduct a comprehensive review of the finances and operations of any such municipality deemed by the FRB to be fiscally eligible for its services upon request by resolution of the municipal legislative body and concurrence of its chief executive. The FRB is authorized to make recommendations for, but cannot compel improvement of fiscal stability, management and delivery of municipal services, including shared services opportunities, and is authorized to offer grants and/or loans of up to \$5,000,000 through a Local Government Performance and Efficiency Program to undertake certain recommendations. If a municipality agrees to undertake the FRB recommendations, it will be automatically bound to fulfill the terms in order to receive the aid.

The FRB is also authorized to serve as an alternative arbitration panel for binding arbitration.

Although from time to time there have been proposals for the creation of a statewide financial control board with broad authority over local governments in the State, the FRB does not have emergency financial control board powers to intervene in the finances and operations of entities such as the public benefit corporations established by special acts as described above.

Several municipalities in the State are presently working with the FRB. The Town has not applied to the FRB and does not reasonably anticipate submission of a request to the FRB for a comprehensive review of its finances and operations. School districts and fire districts are not eligible for FRB assistance.

No Past Due Debt

No principal or interest payment on Town indebtedness is past due. The Town has never defaulted in the payment of the principal of and/or interest on any indebtedness.

THE TOWN

There follows in this Statement a brief description of the Town, together with certain information concerning its economy and governmental organization, its indebtedness, current major revenue sources and expenditures and general and specific funds.

General Information

The Town, with a land area of over 25 square miles and a currently estimated population of 12,818 according to the 2022 U.S. Census estimates, is located in east central Orange County, south of the Town of New Windsor on the west bank of the Hudson River about 60 miles north of New York City. The Town is primarily a suburban residential area with some commercial and industrial operations and some agriculture, the latter principally in the western portion.

Current residential development, in addition to garden apartment complexes, consists mainly of single family dwellings. Residents find employment opportunities in the in-Town industries; in Newburgh; at the United States Military Academy at West Point; in Beacon; in Fishkill; in Poughkeepsie (site of I.B.M. installations); in Middletown; and in Goshen (The County Seat) and Port Jervis.

The former Stewart Air Force Base (now Stewart International Airport) has grown into a major passenger airport for the mid-Hudson region and continues to serve as a military airfield as well. In the late 1990's it became the first US commercial airport to be privatized when National Express Group was awarded a 99 year lease on the airport. On January 25, 2007, the Port Authority of New York and New Jersey voted to acquire the lease and is responsible for updating its ten-year capital improvement plan to upgrade and enhance the airport. Some of the major airlines with terminals in the airport include Delta, US Airways, Express, Jet Blue and Allegiant Air.

St. Luke's Cornwall Hospital ("SLCH") is a not-for-profit hospital serving the health care needs of those in the Hudson Valley. In January 2002, St. Luke's Hospital and the Cornwall Hospital merged to create an integrated health care delivery system, providing quality comprehensive health care services. SLCH has nearly 300 physicians on staff, representing dozens of medical specialties. Additionally, more than 1,500 clinical and support personnel work at the hospital, making it one of the largest employers in Orange County.

Rail transportation is provided by the Conrail and Metro North railroads. The New York State Thruway traverses the Town, with access via the Newburgh exits, just north of New Windsor and Exit 16 in Woodbury. Other highways are U.S. Highway 9W, New York State Highways Nos. 32, 94 and 218.

Utilities and Other Services

Electricity and natural gas are supplied to the Town by the Central Hudson Gas and Electric Corporation. Water supply and distribution is primarily provided by the Village of Cornwall-on-Hudson. Sanitary sewer services are provided to about 75% of the Town residents through special assessment sewer districts. The Town is responsible for the financing, construction and maintenance of the facilities located within them. The balance of the Town utilizes septic systems. Police protection is provided by the Town Police Department, and fire protection is provided by Fire Districts which serve the entire Town.

Government

The Town was established in 1764. Two independently governed school districts are located within the Town, which relies on its own taxing powers granted by the State to raise revenues. The school districts use the Town's assessment roll as its basis for taxation of property located within the Town.

Subject to the provisions of the State Constitution, the Town operates pursuant to the Town Law, the Local Finance Law, other laws generally applicable to the Town, and any special laws generally applicable to the Town. Under such laws, there is no authority for the Town to have a charter, but pursuant to the Town Law and other laws generally applicable to home rule, the Town may from time to time adopt local laws.

The legislative power of the Town is vested in the Town Board, which consists of five members, including the Supervisor, who is the chief fiscal officer of the Town, elected for a term of two years. The four other members of the Town Board are elected to four-year terms, and such terms are staggered such that two councilmen are elected every two years. All the Town Board members are elected at large and there is no limitation to the number of terms each may serve.

The Town Clerk is elected to a two-year term. The Receiver of Taxes is elected to a four year term. The Town Board appoints the Assessor, the Attorney for the Town, the Town Engineer and Highway Superintendent.

Financial Organization

The Supervisor is the chief fiscal officer of the Town as well as the accounting officer, and his duties include administration, direction and control of budget and insurance, accounts payable and receivable and payroll. The Supervisor is also responsible for drafting and preparing the budget and securing and administering State and Federal grants.

Employees

The Town provides services through approximately 50 full-time employees and 76 part-time employees, some of which are represented by organized labor:

INDEBTEDNESS OF THE TOWN

Constitutional Requirements

The State Constitution limits the power of the Town (as well as other municipalities and school districts of the State) to issue obligations and contract indebtedness. Such constitutional limitations include the following, in summary form, and are generally applicable to the Town and the Bonds and the Notes:

Purpose and Pledge. The Town shall not give or loan any money or property to or in aid of any individual or private corporation or private undertaking or give or loan its credit to or in aid of any of the foregoing or any public corporation.

The Town may contract indebtedness only for a Town purpose and shall pledge its faith and credit for the payment of principal of and interest thereon.

Payment and Maturity. Except for certain short-term indebtedness contracted in anticipation of taxes, or to be paid in one of the two fiscal years immediately succeeding the fiscal year in which such indebtedness was contracted, indebtedness shall be paid in annual installments commencing no later than two years after the date such indebtedness shall have been contracted and ending no later than the expiration of the periods of probable usefulness of the objects or purposes as determined by statute or in the alternative, the weighted average period of probable usefulness of the several objects or purposes for which such indebtedness is to be contracted; no installment may be more than fifty per centum in excess of the smallest prior installment, unless the Town has authorized the issuance of indebtedness having substantially level or declining annual debt service. The Town is required to provide an annual appropriation for the payment of interest due during the fiscal year on its indebtedness and for the amounts required in such year for amortization and redemption of its serial bonds, bond anticipation notes and capital notes.

General. The Town is further subject to constitutional limitation by the general constitutionally imposed duty on the State Legislature to restrict the power of taxation, assessment, borrowing money, contracting indebtedness and loaning the credit of the Town so as to prevent abuses in the exercise of such powers; however, as has been noted under "*Nature of Obligation*", the State Legislature is prohibited by a specific constitutional provision from restricting the power of the Town to levy taxes on real estate for the payment of interest on or principal of indebtedness theretofore contracted. However, the Tax Levy Limit Law imposes a statutory limitation on the Town's power to increase its annual tax levy. The amount of such increase is limited by the formulas set forth in the Tax Levy Limit Law. (See "*Tax Levy Limit Law*" herein).

Statutory Procedure

In general, the State Legislature has authorized the power and procedure for the Town to borrow and incur indebtedness subject, of course, to the constitutional provisions set forth above. The power to spend money, however, generally derives from other law, including the Town Law and the General Municipal Law.

Pursuant to the Local Finance Law, the Town authorizes the incurrence of indebtedness by the adoption of a bond and note resolution approved by at least two-thirds of the members of the Town Board, except in the event that the Town determines to subject the bond and note resolution to voter approval by mandatory referendum, in which case only a three-fifths vote is required.

The Local Finance Law also provides a twenty-day statute of limitations after publication of a bond and note resolution which, in effect, estops thereafter legal challenges to the validity of obligations authorized by such bond and note resolution except for alleged constitutional violations. The Town has complied with such requirement with respect to the bond resolutions authorizing the issuance of the Bonds and the Notes.

Each bond and note resolution usually authorizes the construction, acquisition or installation of the object or purpose to be financed, sets forth the plan of financing and specifies the maximum maturity of the bonds and notes subject to the legal (Constitution, Local Finance Law and case law) restrictions relating to the period of probable usefulness with respect thereto.

Each bond resolution also authorizes the issuance of bond anticipation notes prior to the issuance of serial bonds. Statutory law in New York permits notes to be renewed each year provided that principal is amortized and provided that such renewals do not (with certain exceptions) extend more than five years beyond the original date of borrowing. However, bonds and notes issued in anticipation of the sale of serial bonds for assessable improvements are not subject to such five-year limit and may be renewed subject to annual reductions of principal for the entire period of probable usefulness of the purpose for which such bonds and notes were originally issued. (See "*Payment and Maturity*" under "*Constitutional Requirements*" herein).

In addition, under each bond resolution, the Town Board may delegate, and has delegated, power to issue and sell bonds and notes, to the Town Supervisor, the chief fiscal officer of the Town.

In general, the Local Finance Law contains similar provisions providing the Town with power to issue general obligation revenue anticipation notes, tax anticipation notes, deficiency notes and budget notes.

Debt Limit. The Town has the power to contract indebtedness for any Town purpose so long as the aggregate outstanding principal amount thereof shall not exceed seven per centum of the average full valuation of taxable real estate of the Town and subject to certain enumerated exclusions and deductions such as water and certain sewer facilities and cash or appropriations for current debt service. The constitutional and statutory method for determining the full valuation is by dividing the assessed valuation of taxable real estate by the respective equalization rates assigned to each assessment roll. Such equalization rates are the ratios which each of such assessed valuations bear to the respective full valuation of such year, as assigned by the Office of Real Property Tax Services. The State Legislature is required to prescribe the manner by which such ratios shall be determined. Average full valuation is determined by adding the full valuations for the most recently completed assessment roll and the four immediately preceding assessments rolls and dividing the resulting sum of such addition by five.

There is no constitutional limitation on the amount that may be raised by the Town by tax on real estate in any fiscal year to pay principal and interest on all indebtedness. However, the Tax Levy Limit Law imposes a statutory limitation on the power of the Town to increase its annual tax levy. The amount of such increases is limited by the formulas set forth in the Tax Levy Limit Law. (See "*Tax Levy Limit Law*," herein).

Details of Short-Term Indebtedness Outstanding
(As of June 27, 2024)

The Town has outstanding bond anticipation notes in the amount of \$4,335,000 for various purposes and for road improvements, which mature on July 19, 2024 and will be redeemed by the Bonds, a portion of the Notes and available funds in the amount of \$460,000. The Town also has bond anticipation notes outstanding in the amount of \$2,475,000 for various Town improvements that mature on May 1, 2025.

New York State Environmental Facilities Corporation

The Town is in the process of completing improvements to Sewer District #1. The estimated cost for such projects is \$13.5 million, \$3.4 million of which is to be paid from a grant from New York State. The Town has applied to the New York State Environmental Facilities Corporation (“EFC”) for financial assistance, grants and subsidized loans. In May of 2016, the Town entered into a Project Financing Agreement with the NYSEFC to finance such project and closed on short-term financing through EFC in February of 2019. The Town has requested disbursements for approximately \$6.6 million to date and converted such amount to long term financing in the third quarter of 2023.

As of December 31, 2023 the Town has \$8,746,007 outstanding bonds for EFC.

Capital Project Plans

The Town is generally responsible for providing services as required to the Town residents outside of the Village of Cornwall-on-Hudson. The Town maintains a Town road system necessitating road resurfacing and improvements and the acquisition of machinery and from time to time equipment. Additionally, although not a capital expense, such road system requires annual expenditures for snow removal as well as regular general operating maintenance expenses. In addition, the Town is regularly acquiring and improving recreation facilities. Except as noted below, needs for capital funding for the above described projects for which the Town has responsibility are anticipated to continue and to be in approximately the same amounts as have generally prevailed in the past.

FINANCES OF THE TOWN

Financial Statements and Accounting Procedures

The Town maintains its financial records in accordance with the Uniform System of Accounts for Towns prescribed by the State Comptroller. The financial records of the Town are audited by independent accountants. The last such audit made available for public inspection covers the fiscal year ended December 31, 2023, such report is attached as Appendix B. In addition, the financial affairs of the Town are subject to periodic compliance review by the Office of the State Comptroller to ascertain whether the Town has complied with the requirements of various State and Federal statutes.

Fund Structure and Accounts

The Town utilizes fund accounting to record and report its various service activities. A fund represents both a legal and an accounting entity which segregates the transactions of specific programs in accordance with special regulations, restrictions or limitations.

There are two basic fund types: (1) governmental funds that are used to account for basic services and capital projects; and (2) fiduciary funds that account for assets held in a trustee capacity. Account groups, which do not represent funds, are used to record fixed assets and long-term obligations that are not accounted for in a specific fund.

The Town presently maintains the following governmental funds: General Fund, Highway Fund, Sanitation Fund, Sewer Funds, and the Water Fund. Fiduciary funds consist of a Trust and Agency Fund. There are no proprietary funds. Account groups are maintained for fixed assets and long-term debt.

Basis of Accounting

The governmental fund statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The Town considers all revenues reported in the governmental funds to be available if the revenues are collected within 365 days after the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, sanitary landfill post closure costs, installment purchases, judgments and claims, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Investment Policy

Pursuant to the statutes of the State of New York and its adopted Investment Policy, the Town is permitted to temporarily invest moneys which are not required for immediate expenditures, with the exception of moneys the investment of which is otherwise provided for by law, in the following investments: (1) special time deposit accounts in, or certificates of deposit issued by a bank or trust company located and authorized to do business in the State, provided however, that such time deposit account or certificate of deposit is payable within such time as the proceeds shall be needed to meet the expenditures for which such moneys were obtained and provided further that such time deposit account or certificate of deposit, in excess of the amount insured under the Federal Deposit Insurance Act, be secured by either a pledge of eligible securities, an eligible surety bond or an eligible letter of credit, as those terms are defined in the law; (2) obligations of the United States of America; (3) obligations guaranteed by agencies of the United States of America where the payment of principal and interest are guaranteed by the United States of America; (4) obligations of the State of New York; (5) with the approval of the New York State Comptroller in tax anticipation notes or revenue anticipation notes issued by any municipalities, school district, or district corporation, other than those notes issued by the Town; (6) certificates of participation issued by political subdivisions of the State, as those terms are defined in the law; (7) obligations of a New York public corporation which are made lawful investments for the Town pursuant to the enabling laws of such public corporation; or (8) in the case of moneys held in certain reserve funds established by the Town pursuant to law, in obligations of the Town. Any investments made by the Town pursuant to law are required to be payable or redeemable at the option of the Town within such times as the proceeds will be needed to meet expenditures for purposes for which the moneys were provided and, in the case of obligations purchased with the proceeds of bonds or notes, shall be payable or redeemable in any event, at the option of the owner, within two years of the date of purchase. These statutes also require that the Town's investments, unless registered or inscribed in the name of the Town, must be purchased through, delivered to and held in custody of a bank or trust company in the State. All such investments held in the custody of a bank or trust company must be held pursuant to a written custodial agreement as that term is defined in the law.

Collateral is required for demand deposit, money market accounts and certificates of deposit not covered by Federal deposit insurance and the eligible securities utilized for such collateral must be held by a third party financial institution, pursuant to security and custodial agreements. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of New York State and its municipalities and school districts.

The Town maintains a list of financial institutions and dealers approved for investment purposes and establishes appropriate limits to the amount of investments which can be made with each financial institution or dealer. All financial institutions with which the Town conducts business must be credit worthy. Banks are required to provide their most recent Consolidated Report of Condition (Call Report) at the request of the Town. Security dealers not affiliated with a bank are required to be classified as reporting dealers affiliated with the New York Federal Reserve Bank, as primary dealers. The chief fiscal officer is responsible for evaluating the financial position and maintaining a listing of proposed depositories, trading partners and custodians. Such listing shall be evaluated at least annually.

The Town Supervisor is authorized to contract for the purpose of investments: (1) directly, including through a repurchase agreement, from an authorized trading partner, (2) by participation in a cooperative investment program with another authorized governmental entity pursuant to Article 5G of the General Municipal Law where such program meets all the requirements set forth in the Office of the State Comptroller Opinion No. 88-46, and the specific program has been authorized by the governing board; and (3) by utilizing an ongoing investment program with an authorized trading partner pursuant to a contract authorized by the governing board.

All purchased obligations, unless registered or inscribed in the name of the Town, shall be purchased through, delivered to and held in the custody of a bank or trust company. Such obligations shall be purchased, sold or presented for redemption or payment by such bank or trust company only in accordance with prior written authorization from the officer authorized to make the investment. All such transactions shall be confirmed in writing to the Town by the bank or trust company. Any obligation held in the custody of a bank or trust company shall be held pursuant to a written custodial agreement as described in General Municipal Law, §10.

The custodial agreement shall provide that securities held by the bank or trust company, as agent of and custodian for, the Town, will be kept separate and apart from the general assets of the custodial bank or trust company and will not, in any circumstances, be commingled with or become part of the backing for any other deposit or other liabilities. The agreement shall describe how the custodian shall confirm the receipt and release of the securities. Such agreement shall include all provisions necessary to provide the Town a perfected interest in the securities.

Repurchase agreements are authorized subject to the following restrictions: (1) all repurchase agreements must be entered into subject to a Master Repurchase Agreement; (2) trading partners are limited to banks or trust companies authorized to do business in New York State and primary reporting dealers; (3) obligations shall be limited to obligations of the United States of America and obligations guaranteed by agencies of the United States of America; (4) no substitution of securities will be allowed; and (5) the custodian shall be a party other than the trading partner.

Budgetary Procedures

The head of each administrative unit of the Town is required to file detailed estimates of revenues (other than real property taxes) and expenditures for the next fiscal year with the budget officer on or before August 15th. After reviewing these estimates, the budget officer prepares a tentative budget which includes his recommendations. A budget message explaining the main features of the budget is also prepared at this time. The tentative budget is filed with the Town Clerk not later than the 30th of September. Subsequently, the Town Clerk presents the tentative budget to the Town Board at the regular or special hearing which must be held on or before October 5th. The Town Board reviews the tentative budget and makes such changes as it deems necessary and that are not inconsistent with the provisions of the law. Following this review process, the tentative budget and such modifications, if any, as approved by the Board become the preliminary budget. A public hearing, notice of which must be duly published in the Town's official newspaper, on the preliminary budget is generally required to be held on the Thursday immediately following the general election. At such hearing, any person may express his opinion concerning the preliminary budget; however, there is no requirement or provision that the preliminary budget or any portion thereof be voted on by members of the public. After the public hearing, the Town Board may further change and revise the preliminary budget. The Town Board, by resolution, adopts the preliminary budget as submitted or amended no later than November 20th, at which time, the preliminary budget becomes the annual budget of the Town for the ensuing fiscal year. Budgetary control during the year is the responsibility of the Supervisor who is assisted in this area by the Town Comptroller. However, any changes or modifications to the annual budget including the transfer of appropriations among line items must be approved by resolution of the Town Board.

Budget Summaries for the 2023 and 2024 fiscal years may be found in Appendix A.

Financial Operations

The Supervisor functions as the chief fiscal officer as provided in Section 2 of the Local Finance Law; in this role, the Supervisor is responsible for the Town's accounting and financial reporting activities. Pursuant to Section 30 of the Local Finance Law, the Supervisor has been authorized to issue or renew certain specific types of notes. As required by law, the Supervisor must execute an authorizing certificate which then becomes a matter of public record.

The Town Board, as a whole, serves as the finance board of the Town and is responsible for authorizing, by resolution, all material financial transactions such as operating and capital budgets and bonded debt.

Town finances are operated primarily through the General and Special Revenue Funds. The General Fund receives most of its revenue from real property tax and State aid. Current operating expenditures are paid from these funds subject to available appropriations. The Special Revenue Funds are made up of the Town outside Village, Highway, Sewer, Sanitation, Lighting, Ambulance and Water Funds. The primary source of income for these districts comes from special assessments levied against district properties at the same time real estate taxes are levied. Capital projects and equipment purchases are accounted for in special capital projects funds. The Town observes a calendar year (January 1 through December 31) for operating and reporting purposes.

The State Comptroller's Fiscal Stress Monitoring System

The New York State Comptroller has reported that New York State's school districts and municipalities are facing significant fiscal challenges. As a result, the Office of the State Comptroller has developed a Fiscal Stress Monitoring System ("FSMS") to provide independent, objectively measured and quantifiable information to school district and municipal officials, taxpayers and policy makers regarding the various levels of fiscal stress under which the State's school districts and municipalities are operating.

The fiscal stress scores are based on financial information submitted as part of each school district's ST-3 report filed with the State Education Department annually, and each municipality's annual report filed with the State Comptroller. Using financial indicators that include year-end fund balance, cash position and patterns of operating deficits, the system creates an overall fiscal stress score which classifies whether a school district or municipality is in "significant fiscal stress", in "moderate fiscal stress," as "susceptible to fiscal stress" or "no designation". Entities that do not accumulate the number of points that would place them in a stress category will receive a financial score but will be classified in a category of "no designation." This classification should not be interpreted to imply that the entity is completely free of fiscal stress conditions. Rather, the entity's financial information, when objectively scored according to the FSMS criteria, did not generate sufficient points to place them in one of the three established stress categories.

The most current applicable report of the State Comptroller designates the Town as "No Designation". (Fiscal Score: 0.0%; Environmental Score: 13.3%).

See the State Comptroller's official website for more information on FSMS. Reference to this website implies no warranty of accuracy of information therein.

In addition, the Office of the State Comptroller helps local government officials manage government resources efficiently and effectively. The Comptroller oversees the fiscal affairs of local governments statewide, as well as compliance with relevant statutes and observance of good business practices. This fiscal oversight is accomplished, in part, through its audits, which identify opportunities for improving operations and governance. The most recent audit performed was released in August, 2014. The purpose of such audit was to review the Town's financial condition for the period January 1, 2011 through December 31, 2013. The complete report may be found on the State Comptroller's official website. Reference to this website implies no warranty of accuracy of information therein.

Revenues

The Town receives most of its revenues from a real property tax on all non-exempt property situated within the Town and from State Aid. A summary of such revenues for the five most recently completed fiscal years may be found in Appendix A. See "Real Property Tax Information", herein.

State Aid

Based on the audited financial statements of the Town, the Town received approximately 18.16% of its total General Fund operating revenue from State aid in 2022. There is no assurance, however, that State appropriations for aid to municipalities will continue, either pursuant to existing formulas or in any form whatsoever. The State is not constitutionally obligated to maintain or continue such aid and has the ability to reduce funding to municipalities and school districts in order to balance its own budget.

If the State should not adopt its budget in a timely manner, municipalities and school districts in the State, including the Town, may be affected by a delay in the payment of State aid. Additionally, if the State should experience difficulty in borrowing funds in anticipation of the receipt of State taxes in order to pay State aid to municipalities and school districts in the State, including the Town, in this year or future years, the Town may be affected by a delay in the receipt of State aid until sufficient State taxes have been received by the State to make State aid payments.

The following table sets forth the percentage of the Town's General Fund revenue (including transfers) comprised of State aid for each of the fiscal years 2019 through 2023.

<u>Fiscal Year Ending</u> <u>December 31:</u>	<u>General Fund</u> <u>Total Revenue</u>	<u>State Aid</u>	<u>State Aid to</u> <u>Revenues (%)</u>

Expenditures

The major categories of expenditures for the Town are General Government Support, Public Safety, Transportation, Economic Assistance and Opportunity, Home and Community Services, Culture and Recreation, Employee Benefits and Debt Service. A summary of the expenditures for the five most recently completed fiscal years may be found in Appendix A.

Pension Systems

Substantially all employees of the Town are members of the New York State and Local Employees' Retirement System (the "Retirement System" or "ERS") and the New York State and Local Police and Fire Retirement System (PFRS). The Retirement Systems are a cost-sharing multiple public employer retirement system. The obligation of employers and employees to contribute and the benefits to employees are governed by the New York State Retirement System and Social Security Law (the "Retirement System Law"). The Systems offers a wide range of plans and benefits which are related to years of service and final average salary, vesting of retirement benefits, death and disability benefits and optional methods of benefit payments. All benefits generally vest after five years of credited service. The Retirement System Law generally provides that all participating employers in the Retirement Systems are jointly and severally liable for any unfunded amounts. Such amounts are collected through annual billings to all participating employers. Generally, all employees, except certain part-time employees, participate in the Retirement Systems. The Retirement Systems are non-contributory with respect to members hired prior to July 27, 1976. All members hired on or after July 27, 1976 must contribute three percent of their gross annual salary towards the costs of retirement programs until they attain ten years in the Retirement System, at such time contributions become voluntary. On December 10, 2009, the Governor signed into law the creation of a new Tier 5, which is effective for new ERS employees hired after January 1, 2010. New ERS employees in Tier 5 will now contribute 3% of their salaries. There is no provision for these contributions to cease for Tier 5 employees after a certain period of service. Additionally, on March 16, 2012, the Governor signed into law the new Tier 6 pension program, effective for new ERS and TRS employees hired after April 1, 2012. The Tier 6 legislation provides for increased employee contribution rates of between 3% and 6%, an increase in the retirement age from 62 years to 63 years, a readjustment of the pension multiplier, and a change in the time period for final average salary calculation from 3 years to 5 years. Tier 6 employees will vest in the system after five years of employment and will continue to make employee contributions throughout employment.

As a result of significant capital market declines in the recent past, in certain years the State's Retirement System portfolio has experienced negative investment performance and severe downward trends in market earnings. As a result of the foregoing, it is anticipated that the employer contribution rate for the State's Retirement System in future years may be higher than the minimum contribution rate established under applicable law. Since 2010, various forms of legislation have been enacted to allow local governments and school districts the option of amortizing required contributions to the Retirement System. However, although these options reduce near term payments, it will require higher than normal contributions in later years. The Town has decided not to amortize any payments to the Retirement System.

Required Contributions to the Retirement Systems

<u>Fiscal Year Ending December 31:</u>	<u>ERS</u>	<u>PFRS</u>
2020	\$334,400	\$228,975

Other Post Employment Benefits

The Town provides post-retirement healthcare benefits to various categories of former employees. These costs may be expected to rise substantially in the future. Accounting rules now require governmental entities, such as the Town, to account for post-retirement health care benefits as its accounts for vested pension benefits. GASB Statement No. 75 ("GASB 75") described below requires such accounting.

GASB Statement No. 75 (“GASB 75”) of the Governmental Accounting Standards Board (“GASB”), requires state and local governments to account for and report their costs associated with post-retirement healthcare benefits and other non-pension benefits (“OPEB”). GASB 75 generally requires that employers account for and report the annual cost of the OPEB and the outstanding obligations and commitments related to OPEB in essentially the same manner as they currently do for pensions. Under previous rules, these benefits have generally been administered on a pay-as-you-go basis and have not been reported as a liability on governmental financial statements. Only current payments to existing retirees were recorded as an expense.

GASB 75 requires that state and local governments adopt the actuarial methodologies to determine annual OPEB costs. Annual OPEB cost for most employers will be based on actuarially determined amounts that, if paid on an ongoing basis, generally would provide sufficient resources to pay benefits as they come due.

During the year ended December 31, 2018, the Town adopted GASB 75, which supersedes and eliminates GASB 45. Under GASB 75, based on actuarial valuation, an annual required contribution (“ARC”) will be determined for each state or local government. The ARC is the sum of (a) the normal cost for the year (the present value of future benefits being earned by current employees) plus (b) amortization of the unfunded accrued liability (benefits already earned by current and former employees but not yet provided for), using an amortization period of not more than 30 years. If a municipality contributes an amount less than the ARC, a net OPEB obligation will result, which is required to be recorded as a liability on its financial statements.

GASB 75 establishes new standards for recognizing and measuring OPEB liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures to provide more transparent reporting and useful information about the liability and cost of benefits. Municipalities and school districts are required to account for OPEB within the financial statements rather than only noted in the footnotes as previously required by GASB 45. It is measured as of a date no earlier than the end of the employer’s prior fiscal year and no later than the employer’s current fiscal year. The discount rate is based on 20-year, tax exempt general obligation municipal bonds. There is no amortization of prior service cost.

The following table shows the components of the Town’s annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the Town’s net OPEB obligation:

<u>Changes in the Total OPEB Liability</u>	<u>Fiscal Year Ending December 31, 2023:</u>
Balance as of December 31, 2022	\$18,106,078
Changes for the year:	
Service Cost	847,709
Interest	386,485
Changes of benefit terms	0
Differences between actual and expected experience	0
Changes in assumptions or other outputs	(3,882,190)
Benefit payments	<u>(384,726)</u>
Total Changes	<u>(\$3,032,722)</u>
Total OPEB liability as of December 31, 2023	<u><u>\$15,073,356</u></u>

The Office of the New York State Comptroller has recently proposed legislation to provide the State and certain local governments with the authority to establish trusts in which to accumulate assets for OPEB and to establish an OPEB investment fund in the sole custody of the State Comptroller for the investment of OPEB assets of the State and participating eligible local governments. The Town cannot predict at this time whether such proposed legislation will be enacted into law. At this time, New York State has not developed guidelines for the creation and use of irrevocable trusts for the funding of OPEB. As a result, the Town has decided to continue funding the expenditure on a pay-as-you-go basis.

Should the Town be required to fund its unfunded actuarial accrued OPEB liability, it could have a material adverse impact upon the Town’s finances and could force the Town to reduce services, raise taxes or both.

REAL PROPERTY TAX INFORMATION

Real Property Taxes

The Town derives a major portion of its revenues from a tax on real property (see “Statement of Revenues, Expenditures and Changes in Fund Balance” in Appendix A, herein.) Property taxes accounted for approximately 47.96% of total general fund revenues, for the fiscal year ended 2022. On June 24, 2011, the Tax Levy Limit Law was enacted, which imposes a tax levy limitation upon the municipalities, school districts and fire districts in the State, including the Town, without providing an exclusion for debt service on obligations issued by municipalities and fire districts, including the Town. See “Tax Levy Limit Law,” herein.

Tax Collection Procedure

The Town levies and collects all ad valorem and special assessment taxes and charges for general Town, highway, special district, and fire district purposes. The Town also collects County and School District property taxes.

Town tax bills, which include the County levy, are mailed on or about January 1 of each year, and may be paid without penalty or interest charge on or before January 31. Penalties for delinquent payment are imposed at the rate of 1% for bills paid in February, 1-1/2% for bills paid in March, and 2% for bills paid in April. Thereafter, all unpaid taxes and the penalties thereon must be paid to the County Treasurer, and an additional penalty of 5% is added thereto.

The Town permits the payment of its taxes on an installment basis, with equal installments due on or before January 15 and July 15, respectively. A 3% service charge is added to the tax bills of those taxpayers selecting the installment plan. In addition, a 1% interest charge is imposed for the first installment if paid after January 15 and on or before January 20; the installment option may not be exercised thereafter. After January 20, the tax bill is payable in full without interest or penalty if paid on or before January 31.

Pursuant to the Real Property Tax Law, the Town retains from the first tax collections an amount sufficient to satisfy the amounts levied for all Town purposes. The balance is then paid to the County Commissioner of Finance. In April, the Town files a report of uncollected taxes with the County Commissioner of Finance. In the event the Town does not collect sufficient amounts to satisfy all Town purposes, the County is permitted under the Local Finance Law to issue tax anticipation notes to provide funds to pay delinquent Town items to the Town.

School District taxes are billed in September and payable without penalty to September 30th. If paid during October a penalty of 3% is imposed thereon. After October 31st, unpaid School District taxes are returned to the County Treasurer and relevied on the County Tax Roll with a 7% penalty added.

The full amount of the Town tax levies are guaranteed by the County.

Tax Levy Limit Law

Prior to the enactment of Chapter 97 of the Laws of 2011 (the "Tax Levy Limit Law") on June 24, 2011, all the taxable real property within the Town had been subject to the levy of ad valorem taxes to pay the bonds and notes of the Town and interest thereon without limitation as to rate or amount. However, the Tax Levy Limit Law imposes a tax levy limitation upon the Town for any fiscal year commencing after May 31, 2012, without providing an exclusion for debt service on obligations issued by the Town. As a result, the power of the Town to levy real estate taxes on all the taxable real property within the Town is subject to statutory limitations, according to the formulas set forth in Tax Levy Limit Law.

The following is a brief summary of certain relevant provisions of the Tax Levy Limit Law. The summary is not complete and the full text of the Tax Levy Limit Law should be read in order to understand the details and implications thereof.

The Tax Levy Limit Law imposes a limitation on increases in the real property tax levy of the Town, subject to certain exceptions. The Tax Levy Limit Law permits the Town to increase its overall real property tax levy over the tax levy of the prior year by no more than the "Allowable Levy Growth Factor", which is the lesser of one and two one-hundredths or the sum of one plus the Inflation Factor; provided, however that in no case shall the levy growth factor be less than one. The "Inflation Factor" is the quotient of: (i) the average of the 20 National Consumer Price Indexes determined by the United States Department of Labor for the twelve-month period ending six months prior to the start of the coming fiscal year minus the average of the National Consumer Price Indexes determined by the United States Department of Labor for the twelve-month period ending six months prior to the start of the prior fiscal year, divided by: (ii) the average of the National Consumer Price Indexes determined by the United States Department of Labor for the twelve-month period ending six months prior to the start of the prior fiscal year, with the result expressed as a decimal to four places. The Tax Levy Limit Law also provides for adjustments to be made to the Town's tax levy based upon changes in the assessed value of the taxable real property in the Town. Additionally, the Town will be permitted to carry forward a certain portion of its unused tax levy capacity from the prior year. The Town is required to calculate its tax levy limit for the upcoming year in accordance with the provision described above and provide all relevant information to the New York State Comptroller prior to adopting its budget. The Tax Levy Limit Law sets forth certain exclusions to the real property tax levy limitation of the Town, including exclusions for tort judgments payable by the Town. The governing board of the Town may adopt a budget that exceeds the tax levy limit for the coming fiscal year, only if the governing board of the Town first enacts, by a vote of at least sixty percent of the total voting power of the Town Board, a local law to override such limit for such coming fiscal year.

The Tax Levy Limit Law does not contain an exception from the levy limitation for the payment of debt service on either outstanding general obligation bonds or notes of the Town or such indebtedness incurred after the effective date of the Tax Levy Limit Law. As such, there can be no assurances that the Tax Levy Limit Law will not come under legal challenge for violating (i) Article VIII, Section 12 of the State Constitution for not providing an exception for debt service on obligations issued prior to the enactment of the Tax Levy Limit Law, (ii) Article VIII, Section 10 of the State Constitution by effectively eliminating the exception for debt service to general real estate tax limitations, and (iii) Article VIII, Section 2 of the State Constitution by limiting the pledge of its faith and credit by a municipality or school district for the payment of debt service on obligations issued by such municipality or school district.

The 2016 through 2024 Budgets did not exceed the tax levy limitation.

LITIGATION

In common with other municipalities, the Town from time to time receives notices of claim and is party to litigation. In the opinion of the Town, after consultation with the Attorney for the Town, unless otherwise set forth herein and apart from matters provided for by applicable insurance coverage, there are no significant claims or actions pending in which the Town has not asserted a substantial and adequate defense, nor which, if determined against the Town, would have an adverse material effect on the financial condition of the Town.

The Town is being sued based on allegations that the Town caused water damage to a plaintiff's property by failing to maintain a roadside storm drainage system. The Town is vigorously contesting the claim.

CYBERSECURITY

The Town, like many other public and private entities, relies on technology to conduct its operations. As a recipient and provider of personal, private, or sensitive information, the Town faces multiple cyber threats including, but not limited to, hacking, viruses, malware and other attacks on computer and other sensitive digital networks and systems. To mitigate the risk of business operations impact and/or damage from cyber incidents or cyber-attacks, the Town invests in various forms of cybersecurity and operational controls; however, no assurances can be given that such security and operational control measures will be completely successful to guard against cyber threats and attacks. The results of any such attack could impact business operations and/or damage Town digital networks and systems and the costs of remedying any such damage could be substantial.

TAX MATTERS

Opinion of Bond Counsel

In the opinion of Hawkins Delafield & Wood LLP, Bond Counsel to the Town, under existing statutes and court decisions and assuming continuing compliance with certain tax certifications described herein, (i) interest on the Bonds and the Notes is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and (ii) interest on the Bonds and the Notes is not treated as a preference item in calculating the alternative minimum tax under the Code, interest on the Bonds and the Notes is included in the "adjusted financial statement income" of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code. The Tax Certificate of the Town (the "Tax Certificate"), which will be delivered concurrently with the delivery of the Bonds and the Notes will contain provisions and procedures relating to compliance with applicable requirements of the Code. In rendering its opinion, Bond Counsel has relied on certain representations, certifications of fact, and statements of reasonable expectations made by the Town in connection with the Bonds and the Notes, and Bond Counsel has assumed compliance by the Town with certain ongoing provisions and procedures set forth in the Tax Certificate relating to compliance with applicable requirements of the Code to assure the exclusion of interest on the Bonds and the Notes from gross income under Section 103 of the Code.

In addition, in the opinion of Bond Counsel to the Town, under existing statutes, interest on the Bonds and the Notes is exempt from personal income taxes of New York State and its political subdivisions, including The City of New York.

Bond Counsel expresses no opinion as to any federal, state or local tax consequences arising with respect to the Bonds and the Notes, or the ownership or disposition thereof, except as stated above. Bond Counsel renders its opinion under existing statutes and court decisions as of the issue date, and assumes no obligation to update, revise or supplement this opinion to reflect any action thereafter taken or not taken, any fact or circumstance that may thereafter come to its attention, any change in law or interpretation thereof that may thereafter occur, or for any other reason. Bond Counsel expresses no opinion as to the consequence of any of the events described in the preceding sentence or the likelihood of their occurrence. In addition, Bond Counsel expresses no opinion on the effect of any action taken or not taken in reliance upon an opinion of other counsel regarding federal, state or local tax matters, including, without limitation, exclusion from gross income for federal income tax purposes of interest on the Bonds and the Notes.

Certain Ongoing Federal Tax Requirements and Certifications

The Code establishes certain ongoing requirements that must be met subsequent to the issuance and delivery of the Bonds and the Notes in order that interest on the Bonds and the Notes be and remain excluded from gross income under Section 103 of the Code. These requirements include, but are not limited to, requirements relating to use and expenditure of gross proceeds of the Bonds and the Notes, yield and other restrictions on investments of gross proceeds, and the arbitrage rebate requirement that certain excess earnings on gross proceeds be rebated to the federal government. Noncompliance with such requirements may cause interest on the Bonds and the Notes to become included in gross income for federal income tax purposes retroactive to their issue date, irrespective of the date on which such noncompliance occurs or is discovered. The Town, in executing the Tax Certificate, will certify to the effect that the Town will comply with the provisions and procedures set forth therein and that it will do and perform all acts and things necessary or desirable to assure the exclusion of interest on the Bonds and the Notes from gross income under Section 103 of the Code.

Certain Collateral Federal Tax Consequences

The following is a brief discussion of certain collateral federal income tax matters with respect to the Bonds and the Notes. It does not purport to address all aspects of federal taxation that may be relevant to a particular owner of a Bond or a Note. Prospective investors, particularly those who may be subject to special rules, are advised to consult their own tax advisors regarding the federal tax consequences of owning and disposing of the Bonds and the Notes.

Prospective owners of the Bonds and the Notes should be aware that the ownership of such obligations may result in collateral federal income tax consequences to various categories of persons, such as corporations (including S corporations and foreign corporations), financial institutions, property and casualty and life insurance companies, individual recipients of Social Security and railroad retirement benefits, individuals otherwise eligible for the earned income tax credit, and taxpayers deemed to have incurred or continued indebtedness to purchase or carry obligations the interest on which is excluded from gross income for federal income tax purposes. Interest on the Bonds and the Notes may be taken into account in determining the tax liability of foreign corporations subject to the branch profits tax imposed by Section 884 of the Code.

Original Issue Discount

“Original issue discount” (“OID”) is the excess of the sum of all amounts payable at the stated maturity of a Bond or Note (excluding certain “qualified stated interest” that is unconditionally payable at least annually at prescribed rates) over the issue price of that maturity. In general, the “issue price” of a maturity (a bond or note with the same maturity date, interest rate, and credit terms) means the first price at which at least 10 percent of such maturity was sold to the public, i.e., a purchaser who is not, directly or indirectly, a signatory to a written contract to participate in the initial sale of the Bonds or Notes. In general, the issue price for each maturity of Bonds and the Notes is expected to be the initial public offering price set forth in this Official Statement. Bond Counsel further is of the opinion that, for any Bonds and Notes having OID (a “Discount Obligation”), OID that has accrued and is properly allocable to the owners of the Discount Obligation under Section 1288 of the Code is excludable from gross income for federal income tax purposes to the same extent as other interest on the Bonds and the Notes. In general, under Section 1288 of the Code, OID on a Discount Obligation accrues under a constant yield method, based on periodic compounding of interest over prescribed accrual periods using a compounding rate determined by reference to the yield on that Discount Obligation. An owner’s adjusted basis in a Discount Obligation is increased by accrued OID for purposes of determining gain or loss on sale, exchange, or other disposition of such Discount Obligation. Accrued OID may be taken into account as an increase in the amount of tax-exempt income received or deemed to have been received for purposes of determining various other tax consequences of owning a Discount Obligation even though there will not be a corresponding cash payment.

Owners of Discount Obligation should consult their own tax advisors with respect to the treatment of original issue discount for federal income tax purposes, including various special rules relating thereto, and the state and local tax consequences of acquiring, holding, and disposing of Discount Obligation.

Bond and Note Premium

In general, if an owner acquires a bond for a purchase price (excluding accrued interest) or otherwise at a tax basis that reflects a premium over the sum of all amounts payable on the bond or the note after the acquisition date (excluding certain “qualified stated interest” that is unconditionally payable at least annually at prescribed rates), that premium constitutes “bond premium” on that bond (a “Premium Obligation”). In general, under Section 171 of the Code, an owner of a Premium Obligation must amortize the bond and note premium over the remaining term of the Premium Bond and Note, based on the owner’s yield over the remaining term of the Premium Obligation, determined based on constant yield principles (in certain cases involving a Premium Bond and Note callable prior to its stated maturity date, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the lowest yield on such bond and note). An owner of Premium Obligation must amortize the bond and note premium by offsetting the qualified stated interest allocable to each interest accrual period under the owner’s regular method of accounting against the bond and note premium allocable to that period. In the case of a tax-exempt Premium Obligation, if the bond and note premium allocable to an accrual period exceeds the qualified stated interest allocable to that accrual period, the excess is a nondeductible loss. Under certain circumstances, the owner of a Premium Bond and Note may realize a taxable gain upon disposition of the Premium Obligation even though it is sold or redeemed for an amount less than or equal to the owner’s original acquisition cost. Owners of any Premium Obligations should consult their own tax advisors regarding the treatment of bond and note premium for federal income tax purposes, including various special rules relating thereto, and state and local tax consequences, in connection with the acquisition, ownership, amortization of bond and note premium on, sale, exchange, or other disposition of Premium Obligations.

Information Reporting and Backup Withholding

Information reporting requirements apply to interest on tax-exempt obligations, including the Bonds and the Notes. In general, such requirements are satisfied if the interest recipient completes, and provides the payor with, a Form W-9, “Request for Taxpayer Identification Number and Certification,” or if the recipient is one of a limited class of exempt recipients. A recipient not otherwise exempt from information reporting who fails to satisfy the information reporting requirements will be subject to “backup withholding,” which means that the payor is required to deduct and withhold a tax from the interest payment, calculated in the manner set forth in the Code. For the foregoing purpose, a “payor” generally refers to the person or entity from whom a recipient receives its payments of interest or who collects such payments on behalf of the recipient.

If an owner purchasing Bond and Note through a brokerage account has executed a Form W-9 in connection with the establishment of such account, as generally can be expected, no backup withholding should occur. In any event, backup withholding does not affect the excludability of the interest on the Obligation from gross income for federal income tax purposes. Any amounts withheld pursuant to backup withholding would be allowed as a refund or a credit against the owner’s federal income tax once the required information is furnished to the Internal Revenue Service.

Miscellaneous

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the federal or state level, may adversely affect the tax-exempt status of interest on the Bonds and the Notes under federal or state law or otherwise prevent beneficial owners of the Bonds and the Notes from realizing the full current benefit of the tax status of such interest. In addition, such legislation or actions (whether currently proposed, proposed in the future, or enacted) and such decisions could affect the market price or marketability of the Bonds and the Notes.

Prospective purchasers of the Bonds and the Notes should consult their own tax advisors regarding the foregoing matters.

LEGAL MATTERS

Legal matters incident to the authorization, issuance and sale of the Bonds and the Notes will be subject to the final approving opinion of the law firm of Hawkins Delafield & Wood LLP, Bond Counsel to the Town. Said opinion will be available at the time of delivery of the Bonds and the Notes, and will be substantially in the form set forth in Appendix C.

DISCLOSURE UNDERTAKING

At the time of the delivery of the Bonds and the Notes, the Town will provide an executed copy of its Undertaking to Provide Notice of Events and Undertaking to Provide Continuing Disclosure substantially in the form set forth in Appendix D.

The Town reserves the right to amend or modify the Undertaking under certain circumstances set forth therein; provided that, any such amendment or modification will be done in a manner consistent with Rule 15c2-12 as then in effect.

FORM OF BOND COUNSEL OPINION

Hawkins Delafield & Wood LLP
7 World Trade Center
250 Greenwich Street
New York, New York 10007

July __, 2024

The Town Board of the
Town of Cornwall, in the
County of Orange, New York

Ladies and Gentlemen:

We have acted as Bond Counsel to the Town of Cornwall (the “Town”), in the County of Orange, New York, a municipal corporation of the State of New York, and have examined a record of proceedings relating to the authorization, sale and issuance of the \$325,000 Public Improvement Serial Bonds-2024 (the “Bonds”), dated and delivered on the date hereof.

In such examination, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals and the conformity with originals of all documents submitted to us as copies thereof.

Concurrently with the issuance of the Bonds, the Town is issuing its \$6,732,500 Bond Anticipation Notes-2024 (the “Notes”). The Bonds are treated together with the Notes, as a single issue for federal tax purposes. We have served as Bond Counsel with respect to the issuance of the Notes and, on the date hereof, we have rendered our opinion with respect to the exclusion of interest on the Notes from gross income for federal income tax purposes in substantially the form of paragraph 2 below and subject to the same conditions and limitations set forth herein. Noncompliance with such conditions and limitations may cause interest on the Bonds and the Notes to become subject to federal income taxation retroactive to the date of issue, irrespective of the date on which such noncompliance occurs or is ascertained.

Based on and subject to the foregoing, and in reliance thereon, as of the date hereof, we are of the following opinions:

1. The Bonds are valid and legally binding general obligations of the Town for which the Town has validly pledged its faith and credit and, unless paid from other sources, all the taxable real property within the Town is subject to the levy of ad valorem real estate taxes to pay the Bonds and interest thereon, subject to certain statutory limitations imposed by Chapter 97 of the New York Laws of 2011, as amended. The enforceability of rights or remedies with respect to such Bonds may be limited by bankruptcy, insolvency or other laws affecting creditors’ rights or remedies heretofore or hereafter enacted.

2. Under existing statutes and court decisions and assuming continuing compliance with certain tax certifications described herein, (i) interest on the Bonds is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”), and (ii) interest on the Bonds is not treated as a preference item in calculating the alternative minimum tax under the Code, however, interest on the Bonds is

included in the “adjusted financial statement income” of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code.

The Code establishes certain requirements which must be met subsequent to the issuance of the Bonds in order that the interest on the Bonds be and remain excluded from gross income for federal income tax purposes under Section 103 of the Code. These requirements include, but are not limited to, requirements relating to the use and expenditure of proceeds of the Bonds, restrictions on the investment of proceeds of the Bonds prior to expenditure and the requirement that certain earnings be rebated to the federal government. Noncompliance with such requirements may cause the interest on the Bonds to become subject to federal income taxation retroactive to the date of issuance thereof, irrespective of the date on which such noncompliance occurs or is ascertained.

On the date of issuance of the Bonds, the Town will execute a Tax Certificate relating to the Bonds containing provisions and procedures pursuant to which such requirements can be satisfied. In executing the Tax Certificate, the Town represents that it will comply with the provisions and procedures set forth therein and that it will do and perform all acts and things necessary or desirable to assure that the interest on the Bonds will, for federal income tax purposes, be excluded from gross income.

In rendering the opinion in this paragraph 2, we have relied upon and assumed (i) the material accuracy of the Town’s representations, statements of intention and reasonable expectations, and certifications of fact contained in the Tax Certificate with respect to matters affecting the status of the interest on the Bonds, and (ii) compliance by the Town with the procedures and representations set forth in the Tax Certificate as to such tax matters.

3. Under existing statutes, interest on the Bonds is exempt from personal income taxes of New York State and its political subdivisions, including The City of New York.

We express no opinion as to any other federal, state or local tax consequences arising with respect to the Bonds, or the ownership or disposition thereof, except as stated in paragraphs 2 and 3 above. We render our opinion under existing statutes and court decisions as of the date hereof, and assume no obligation to update, revise or supplement our opinion to reflect any action hereafter taken or not taken, any fact or circumstance that may hereafter come to our attention, any change in law or interpretation thereof that may hereafter occur, or for any other reason. We express no opinion as to the consequence of any of the events described in the preceding sentence or the likelihood of their occurrence. In addition, we express no opinion on the effect of any action taken or not taken in reliance upon an opinion of other counsel regarding federal, state or local tax matters, including, without limitation, exclusion from gross income for federal income tax purposes of interest on the Bonds

We give no assurances as to the adequacy, sufficiency or completeness of the Preliminary Official Statement and/or Official Statement relating to the Bonds or any proceedings, reports, correspondence, financial statements or other documents, containing financial or other information relative to the Town, which have been or may hereafter be furnished or disclosed to purchasers of ownership interests in the Bonds.

Very truly yours,

The Town Board
Town of Cornwall, in the
County of Orange, New York

Ladies and Gentlemen:

We have acted as Bond Counsel to the Town of Cornwall (the “Town”), in the County of Orange, a municipal corporation of the State of New York, and have examined a record of proceedings relating to the authorization, sale and issuance of the \$6,732,500 Bond Anticipation Notes – 2024 Series B (the “Notes”) of the Town dated and delivered on the date hereof.

In such examination, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals and the conformity with originals of all documents submitted to us as copies thereof.

Concurrently with the issuance of the Note, the Town is issuing its \$325,000 Public Improvement Serial Bonds-2024 (the “Bonds”). The Notes are treated, together with the Bonds, as a single issue for federal tax purposes. We have served as Bond Counsel with respect to the issuance of the Bonds. On the date hereof we rendered our opinion with respect to the exclusion of interest on the Bonds from gross income for federal income tax purposes subject to the same conditions and limitations set forth herein. Noncompliance with such conditions and limitations may cause interest on the Bonds and the Notes to become subject to federal income taxation retroactive to the date of issue thereof, irrespective of the date on which such noncompliance occurs or is ascertained.

Based upon and subject to the foregoing, and in reliance thereon, as of the date hereof, we are of the following opinions:

1. The Notes are valid and legally binding general obligation of the Town for which the Town has validly pledged its faith and credit and, unless paid from other sources, all the taxable real property within the Town is subject to the levy of ad valorem real estate taxes to pay the Notes and interest thereon, subject to certain statutory limitations imposed under Chapter 97 of the New York Laws of 2011, as amended. The enforceability of rights or remedies with respect to such Notes may be limited by bankruptcy, insolvency, or other laws affecting creditors’ rights or remedies heretofore or hereafter enacted.

2. Under existing statutes and court decisions and assuming continuing compliance with certain tax certifications described herein, (i) interest on the Notes is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”), and (ii) interest on the Notes is not treated as a preference item in calculating the alternative minimum tax under the Code, however, interest on the Notes is included in the “adjusted financial statement income” of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code.

The Code establishes certain requirements that must be met subsequent to the issuance of the Notes in order that the interest on the Notes be and remain excludable from gross income under Section 103 of the Code. These requirements include, but are not limited to, requirements relating to the use and expenditure of proceeds of the Notes, restrictions on the investment of proceeds of the Notes prior to expenditure and the requirement that certain earnings be rebated to the federal government. Noncompliance with such requirements may cause the interest on the Notes to become subject to federal income taxation retroactive to its date of issuance, irrespective of the date on which such noncompliance occurs or is ascertained.

On the date of issuance of the Notes, the Town will execute a Tax Certificate relating to the Notes containing provisions and procedures pursuant to which such requirements can be satisfied. In executing the Tax Certificate, the Town represents that it will comply with the provisions and procedures set forth therein and that it will do and perform all acts and things necessary or desirable to assure that the interest on the Notes will, for federal income tax purposes, be excluded from gross income.

In rendering the opinion in this paragraph 2, we have relied upon and assumed (i) the material accuracy of the Town's certifications, statements of intention and reasonable expectations, and certifications of fact contained in the Tax Certificate with respect to matters affecting the status of the interest on the Notes, and (ii) compliance by the Town with the procedures and certifications set forth in the Tax Certificate as to such tax matters.

3. Under existing statutes, interest on the Notes is exempt from personal income taxes of New York State and its political subdivisions, including The City of New York.

We express no opinion as to any other federal, state or local tax consequences arising with respect to the Notes, or the ownership or disposition thereof, except as stated in paragraphs 2 and 3 above. We render our opinion under existing statutes and court decisions as of the date hereof, and assume no obligation to update, revise or supplement our opinion to reflect any action hereafter taken or not taken, any fact or circumstance that may hereafter come to our attention, any change in law or interpretation thereof that may hereafter occur, or for any other reason. We express no opinion as to the consequence of any of the events described in the preceding sentence or the likelihood of their occurrence. In addition, we express no opinion on the effect of any action taken or not taken in reliance upon an opinion of other counsel regarding federal, state or local tax matters, including, without limitation, exclusion from gross income for federal income tax purposes of interest on the Notes.

We give no assurances as to the accuracy, sufficiency or completeness of the Preliminary and/or Final Official Statement related to the Notes or any proceedings, reports, correspondence, financial statements or other documents, containing financial or other information relative to the Town which have been or may hereafter be furnished or disclosed to purchasers of said Notes.

Failure to comply with any provision of this Undertaking shall not constitute an event of default on the Securities.

Section 6. Parties in Interest. This Undertaking is executed to assist the Purchaser to comply with paragraph (b)(5) of the Rule and is delivered for the benefit of the Holders. No other person shall have any right to enforce the provisions hereof or any other rights hereunder.

Upon any such legal defeasance, the Issuer shall provide notice of such defeasance to the EMMA System. Such notice shall state whether the Securities have been defeased to maturity or to redemption and the timing of such maturity or redemption.
